FOR HOMES, STORES, OFFICES

Here's a new method of keeping your home or business cool and comfortable on the hottest day. It is a method that appeals to everyone because it is simple, economical, and it actually does the work.

The attic in every home or business building is like a fire-liess cooker. All day long it is absorbing the scorching here to the sun ... forming a blanket of hot, stagnant, motionless air that makes the rooms below unbearable day and night.

air that makes the rooms below unbearable day and night.

This new method, by forced ventilation, keeps attic air in motion, draws it off to the outside of the building. By placin' a few inconspicuous vents in the ceitings or clothes closets, he hot air from the rooms below also is sucked up and exhausted to the outside by the silent, electrically driven fan. It works, it is not difficult to install and costs but a few cents a day to operate. It gives you cool comfort day and night. It is worth looking into. Full details at your nearest Edison Office.

Keeping Up With Torrance High

"Just an echo in the valley," and wither coach leaves Torrance. Yes, Coach Nelson was replaced last week by Coach Hottferich. Mr. Hottferich comes from Kansas City, Kansas, and Torrance high is his first position in the L. A. city system.

While Rev. M. F. Cameron's Packard automobile was parked near Pier A Saturday morning, an unknown party broke open the door of the car and stole his suitcase valued at \$12.50 and two suits valued at \$15.0. The Wilmington police were notified and an investigation is under way, says the Wilmington Journal.

IMMIGRATION OFFICER

INJURED IN AUTO CRASH
Raiph Grant, son-in-law of Mrs.
Myrs slightly injured in an automobile collision on Redondo-Wilmington boulevard Friday evening
when a car turned out of Belleporte avenue in front of him.
Mr. Grant, who is an immigration officer, was considerably
shaken up by the crash, and both
cars were badly damaged.
