Fullerton Downed 12-5 in Fast Errorless Contest

Fullerton's rejuvenated ball team failed to halt the Bluebirds last night, who unleashed a tremendous batting power against Sultenfus and drove him out of the box at

the close of the fourth inning with a total of nine hits, six of which were home runs. Eight runs were tallied in the first four frames and the Birds coasted for a couple of innings to get their breath. Final score, 12-5.

In contrast to their astounding upset of last Friday night against Huntington Beach, the Birds stepped to the tune of errorless ball and put over some of the finest plays yet seen in this series.

Watson, covered a lot of territory. He handled six chances, scored two runs and got two hits, a homer and a triple, and was on the starting end of a double play that got a big hand. The Moose scooped up Reno's fast drive through second, stepped on the bag to force Nelson and tossed to Wolfe in time to catch Reno at first.

Roy Robinson pitched for the Birds and although he was hit freely, Fullerton was able to turn only a few of the blows into runs. He issued only one pass and struck out eight men. He also turned in two homers.

Louis Neva, who handled the left field last night, lead by one base in batting. He connected with two homers and a triple, while Hal Forney turned in two homers and a double. Wolfe and Robinson also hit for extra bases. The only men who didn't get a hit were Fabregat and Alessio, who found the pill all right but unluckily hit into a fielder's hands.

Tomorrow night the Birds meet Olive here with Neva on the mound. This will be another royal battle, and the Birds are going out to win in order to cinch first place in the league.

Saturday night they travel to Bakersfield to play an exhibition game against an all-star team.

Sees Century

A century of life was behind Mrs. Samuel Barrell, Colusa, Cal., when on July 5 she celebrated her 100th birthday. Still bright-eyed and possessing an amazing memory, Mrs. Barrell attributes her longevity to faith in God and living a righteous life.

WATCH HEADLIGHTS, NEW "WAR" IS ON

SACRAMENTO, Calif., July 6.—(U.P.)—A new "war" has been declared on automobiles operating with illegal headlights. A series of "surprise" raids will be conducted throughout the state by members of the California highway patrol. All county squads are to take part in the raids.

Citations ordering offenders to appear in court in addition to requiring the adjustment of lights will be issued, it was announced.

Another Magic Note Course Begins July 11

There is still time for beginners to join the summer classes at the Magic Note Studio, 1346 Encarnacion avenue, it was announced today by Mrs. Kathryn F. Buffington, pianist and teacher. Another class will begin Tuesday, July 11, and parents are invited to enroll their children any time prior to that time.

Mrs. Buffington is a pupil of Richard Buhlig and last week completed a teachers' normal course under John M. Williams of New York City. Last year, the Magic Note course was taken by Mrs. Buffington from Bernard Wagness of Chicago, who originated and introduced the interesting and novel study of the piano for children.

Bicycle Races at State Fair

SACRAMENTO, Calif., July 6.—(U.P.)—The outbreak of bicycle riding will have its effect on the program of this year's state fair. In view of the return to popularity of cycling, Charles W. Paine, fair secretary, is arranging a program of bicycle races that will include contests between old-time high wheelers, tandems and more modern "bikes."

Harvel Says New Majestic Auto Radio Making Big Hit

Enthusiastic acceptance on the part of the public to the new Majestic Twin-Six automobile radio is reported by Harvel's, 1618 Cravens avenue, Torrance dealer. The Majestic Twin-Six auto radio gets its name from the fact that it is a six-tube superheterodyne and has a six-inch dynamic speaker. Two dual tubes give eight-tube performance, ample power, rich, colorful tone—reception such as you are accustomed to at home, yet brought to you as you roll along the road.

Other features of the Majestic auto radio, Harvel explains, include automatic volume control, illuminated airplane dial on the steering column, connection for extension speaker. A handsome metal case under the dash holds the complete set, except for remote control.

Elaborate Horse Racing Program

SACRAMENTO, July 6.—(U.P.)—Plans for a boom in horse racing began to take shape immediately after voters approved the pari-mutuel horse race betting bill. State fair directors got busy on an elaborate racing program for this year's exposition in September.

Another Phar Lap?
