

# Torrance Is With You Mr. President

Torrance pledges, not only a strict compliance with the letter of the National Recovery Act but also with the spirit of it!

In accordance with your personal request, Mr. President, Torrance agrees to put your plan in effect immediately!

We recognize that the richest field for results is among the thousands of comparatively smaller mercantile establishments throughout the land and we're proud indeed to take our place with your victorious army!

**WE DO OUR PART**

# WE WILL DO OUR PART!

We the undersigned Torrance firms pledge ourselves to comply with your request for shorter working hours for employees, and also for a fair and equitable scale of wages!

We will be proud, Mr. President to display your N. R. A. emblem — proud to play any part that you may assign to us in carrying out your splendid program for putting America back on its feet!
