## Quiz Senator's Son

Above, Ernest Smoot, son of former Senator Reed Smoot of Utah, telling Senate subcommittee investigating committee that he was engaged as public relations representative for Western Air Express in Washington, D. C., back in 1928.

### —at Narbonne High School

Various classes at Narbonne have been busy working on interesting projects. The Pan-Pacific history class is studying Japan at present. Several books on modern Japan were brought by Hideo Takayama. He also depicted the class by bringing a number of beautiful pictures of Japan, including several of the royal family.

The Art food classes recently had a spelling contest, which consisted of 165 words used in their work. Those ranking highest were Kiyoko Masuda, Chiyoko Okawa, Yoshiye Katow, Marilyn Rootswort, Audrey Kastrup, Dorothy Whitting, Christine Ybarra, Betty McCaleb, Genevieve Haynes, Eiko Yuzaki, Yoshiko Shitani, Merv Esperanza, Marjorie McDonald, Victoria Leacraft, Koyoko Watanabe, Frances Frimrose, Mariko Izumi, Helen Bergen and Catherine Willis. As a reward, in each class, the others will serve breakfast to the best spellers.

The senior English classes are also busy with spelling. Narbonne will enter the annual radio spelling bee sponsored by radio station KPAC, and at present contests are being held to determine which five students will make up the team. Their radio match will not take place until near the end of April.

Lloyd Jones, because of his outstanding work in agriculture, was recently presented a certificate of merit, awarded by the Southern California Bankers' Association. This certificate is awarded the boy who shows the most interest in F. F. A. work and who has a high scholastic standing, especially in agriculture.

To the staccato beat of pistol shots, the members of the Narbonne student body sat breathless while Officers C. C. Ward and R. J. Nowka of the Los Angeles police department's crack pistol squad, shot cigars and cigarettes from the mouth of Sergeant J. D. Dirks. The demonstration took place at an assembly held Tuesday afternoon, March 13.

The officers broke sticks of chalk which Sergeant Dirks held in his fingers and placed in his ears. Besides many other difficult shots, the officers split a small square of cardboard held edgewise to them, and C. E. Ward, blindfolded, with the assistance of Nowka, who directed the shot, split the bull's eye.

Officer Ward, in addition to other honors, holds the national small arms championship. The squad recently completed a championship tour of Mexico, in which they defeated all opposing teams. The cigar, cardboard and a bulletin used in this demonstration are on display in the cabinet on the second floor at the high school.

An enjoyable time was had by all the students and teachers who attended the G. A. A.—Lettermen's dance, which was given Friday night, March 16, in the Narbonne gymnasium. The Gauchos danced to the tune of a snappy dance orchestra, made up of a number of high school boys, Otis Las-Grande, Leonard Vornis, Alton Bergstrom and Darrel Hanline. An additional entertainment, Alfred Thorsen and George Taylor told some jokes and the boys in the orchestra gave some solo numbers.

There were such games as horse-racing, ping-pong, and cards for those who didn't dance. Refreshments of punch, sandwiches, cake and ice cream were served.

The sponsors for the occasion were Miss Mason, Mr. Comrada and Mr. Sampson.

J. L. Snider, representing the Hemphill Diesel Engineering School of Los Angeles, presented a talking picture explanatory of the Diesel engine at an assembly held at Narbonne Wednesday, March 14. Mr. Snider explained the principles of the engine while the film was being shown. At the end of the assembly he passed out party complimentary tickets to the Diesel Engine show to be held in Los Angeles, March 21 to 31.

## HERE and THERE with the GIRL SCOUTS

By EVA MIZE

### TROOP 1

A few weeks ago the Girl Scouts went up to the snow at Big Pine. The girls were Eva Mize, Marian Spebege, Pauline Eby, Ada Briggs, Georgina Tiffany, accompanied by Capt. Miller.

At a recent business meeting the girls elected Eva Mize librarian to take the place of Jean Traver, who has moved to Ohio, and Marian Spebege was chosen president. During February, Marian Spe-

**CARELESS GRADING OF LAWNS MAY KILL TREES**  
Before doing any extensive grading over lawns or gardens occupied by trees, it is best to consult a landscape gardener as there are many varieties of trees that require a shallow-root system. These trees are apt to die by smothering of the roots if the ground around them is covered with additional soil to a depth greater than six inches.—Popular Mechanics.

berger won the award for passing the most tests and was given a new scout handbook. Last week was the 22nd anniversary of the founder of Girl Scouts of the United States. Troop 1 celebrated with a birthday cake and ice cream.

## Telephone Torrance 444 For "Ad" Service

Ooooh, my eye!

You're no pussy-cat—what we need is a night light by the bed!

● Just try to alibi that painful shiner when you get to the office in the morning, and count the grins on the faces of the 'boys'. It's better to be safe . . . than to be kidded!

*A bedside outlet costs very little*

There's really no excuse for such embarrassing moments when convenient electric outlets cost next to nothing, and enable you to reach a handy portable lamp without lifting your head from the pillow. Just give your nearest electrical dealer a ring on the phone.
