MUSIC TO EASE DENTISTRY MILWAUKEE (U.P.)—Music will deaden the noise of a dentist's drill if an innovation demonstrated by Dr. Edward Drozen, Milwaukee, is adopted.

GIRLS PREDOMINATED PORTLAND, Me. (U.P.)—Out of 18 babies born at the Maine Eye and Ear Infirmary during April, only two were boys.

Keeping Up With Torrance High

The far-away lands of Australia and New Zealand were the topic of the last World Friendship meeting Thursday, May 10. Mr. Poole of Lomita, who went to Australia as a boy of 11 and lived there and in New Zealand for most of his life, was the guest speaker.

In a recent letter received by Mr. Waidelich he was informed that Torrance high had tied with Canoga Park in the preliminary spelling bee held recently, and Margaret Condon represented Torrance high at the finals last night.

The final contest was held Wednesday evening, May 16, at Howard auditorium, U. S. C. The contests have been broadcast over the radio.

Honoring five Torrance teams who were victorious during the past week, a special aid call was held Monday, May 14. The golf team, captained by Joe Disario, won their game last Monday, thus clinching the championship.

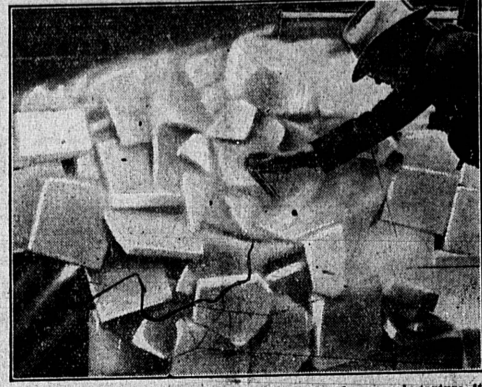

By a score of 8-7 the baseball team defeated Leuzinger, which was expected to capture the championship. Probably the most outstanding work was accomplished by the basketball team.

The Edison company always has been a strong believer in regular use of newspaper advertising space to point out the advantages of full electrical service for the home. Mr. Bartlett said, "and in this present co-operative campaign we are leaning on the newspaper to a greater extent than ever before to insure the success of the plan."

"The Edison company always has been a strong believer in regular use of newspaper advertising space to point out the advantages of full electrical service for the home. Mr. Bartlett said, "and in this present co-operative campaign we are leaning on the newspaper to a greater extent than ever before to insure the success of the plan."

Within 16 degrees of the Arctic Circle, in the white hell of the frozen north where no automobile had ever dared go before... here in Nature's sub-zero laboratory, "torture tests set a standard of performance for this miracle motor fuel."

110° BELOW ZERO! BUT THE MOTOR STARTED

General Petroleum Corporation wanted to know how much torture its torture-tested General Mobilgas would stand. The company hasn't got the answer yet, but above is shown one of the most drastic tests—a motor buried beneath 600 pounds of dry ice which registers 110 degrees below zero.

Edison Company's Electric Range Jubilee Attracts Great Interest

Inaugurated as one of the most complete cooperative merchandising enterprises ever undertaken by the electrical dealers of Southern California, the present "electric range Jubilee" now under way in full swing, offers prospective electric range users the opportunity to participate advantageously in an industry-wide event.

Newspaper advertising of the Southern California Edison Company, Ltd., in co-operation with the electric range dealers throughout the Edison territory, is stressing the advantages of electric cookery and the advantages of the present price offering on 1934 model, full automatic electric ranges.

"We feel that in this new program the electrical dealers have a great deal to offer the public, a new and fully automatic electric range at a price that is tremendously attractive. The Edison company itself, of course, is not selling this merchandise directly, but is putting the full strength of its commercial division behind the plan to co-operate with the electrical range dealers."

"The Edison company always has been a strong believer in regular use of newspaper advertising space to point out the advantages of full electrical service for the home. Mr. Bartlett said, "and in this present co-operative campaign we are leaning on the newspaper to a greater extent than ever before to insure the success of the plan."

"A noteworthy feature of this 'electric range jubilee' program is that the unusual low price includes the complete installation of the range in most homes. This feature, combined with the fact that the electrical dealers are now offering particularly advantageous payment plans, makes the present most timely for the purchase of an electric range."

WYOMING'S late beloved senatorial figure—John B. Kendrick—has been awarded, posthumously, the Casper-Kiwanis distinguished service medal as recognition of his work in securing the government's approval for the Casper-Alcova dam project. The medal was accepted at a banquet recently by Manville Kendrick, son of the late senator, on behalf of the Kendrick family.

This Is a Horse on You

Burr Hardin of Orland, Cal., refused to agree with those that claim a pure white pony has never been born. Hardin bases his contention on the fact that he owns one—"Silver Cloud." The colt has milk white hair, although its skin is pink. The picture was taken when the colt was five days old. Every hair on its body is white, and even the eyes are albino.

HOSPITAL NOTES

Mrs. Marjorie Allen, 250 29th street, Manhattan Beach, entered May 11 for an operation. James Worthen Bailey, 222 North Francisco, Redondo Beach, became a patient May 11 as result of an automobile accident in which he sustained a leg injury.

Vacant Lots Must Be Cleaned

Owners of vacant lots in Lomita are being notified to clean the premises of weeds and rubbish to do away with fire hazards, according to Captain Frank Laski of the Lomita fire department.

PAST COMMANDERS' NIGHT AT AMERICAN LEGION

Seventy members of Bert S. Crossland Post voted Monday evening's meeting the outstanding session of the year. The affair, arranged by past commanders of the Legion, boasted of a varied form of amusement from start to finish.

Held in Killing

Junior Past Commander Alex McPhail opened the meeting and each past commander present presided for a time. Those present included Louis Deinger, R. J. Deininger, James Scott, Carlton Bell and Wallace Post. This group initiated, the present commander of the post into their ranks with fitting ceremony.
