Fire Department Handles Two Calls

The Torrance fire department was called to the National Supply warehouse on Carson street about 9 o'clock Monday night to stand by after an accident in which a gas line had been broken.

On Sunday night the department was called to Gardena and Arlington in the McDonald tract where a small car had been struck, overturned and caught fire.

Notes From Washington

By Charles J. Colden, Congressman, 17th District

The House has passed a bill that greatly broadens the powers of the Reconstruction Finance Corporation. This bill authorizes loans to various industries.

An amendment was offered to this bill and was adopted which provides for aid to the fishing industry, permitting loans to any branch of fishing, fish processing or fish marketing.

It now goes to the Senate for consideration. Another important measure passed by the House concerns the Bank Deposit Insurance Act.

The insurance of bank deposits has been one of the most far-reaching pieces of bank legislation ever enacted.

The provision in this bill to permit the R. F. C. to make loans of purchase the obligations of closed banks will enable the R. F. C. to take over the sound assets of such banks and to carry these obligations for a period of five years or until such a time as the real values may be restored.

The ceremonies held on Sunday, May 26, in the House, honoring the hundredth anniversary of the death of the Marquis de La Fayette...

His excellency, the ambassador of the French republic, delivered the first address. President Roosevelt followed and two of his statements continue to be remembered in my memory as he referred to our debt to La Fayette.

A new member has an opportunity of learning something every day. I was somewhat surprised a few days ago to hear Hon. Wm. H. Hastings of Oklahoma state on the floor of the House that he was an Indian.

In the Senate, there are two members who are blind—Senator Thomas P. Gore of Oklahoma and Senator Thomas D. Schall of Minnesota.

There are eight women now in Congress. Mrs. Caraway of Arkansas is a member of the Senate and a Democrat.

HAROLD LLOYD PAVES THE WAY TO DURBAR

Everett W. Mattoon, illustrious Potentate of Al Malaikah, Los Angeles Shrine Temple, rules supreme at the Great Durbar in Los Angeles, Saturday, June 9, and rides his elephant to prove it. Harold Lloyd, world-famous motion picture star, Second Ceremonial Master of the Durbar, leads the way.

Al Malaikah Temple Durbar Next Saturday

Shriners From Jurisdiction of the Temple Meet for Great Day

By C. N. P. A., Inc. Service County Counsel Everett W. Mattoon, illustrious potentate of Al Malaikah Shrine Temple, Los Angeles, yesterday issued the following statement:

Feeling that Al Malaikah Shrine Temple owes it to our members and our community to prove that conditions are not as bad as pictured, and to show that we are rapidly coming to a state of normalcy, Al Malaikah Temple has created a great Durbar and Sirdar Jubilee Saturday, June 9, from high twelve to low twelve.

These caravans will be met within a few squares of the temple, disembarke, form into a parade, and accompanied by their own bands, with the bands of Al Malaikah and other temples joining with us and the different patrols and there escorted through the streets around and in front of the Shrine auditorium and back through the huge pavilion made to represent the great city of Delhi where they will do honor to the potentate and other dignitaries, after which these bands will be escorted again into the streets in front of the auditorium and participate in entertaining the public.

In my letter of last week, in mentioning that Ex-Senator Johnson of Minnesota is now a member of the House, I overlooked James W. Wadsworth, a representative from New York, who served in the Senate from that state for two terms.

There are eight women now in Congress. Mrs. Caraway of Arkansas is a member of the Senate and a Democrat. There are four women Democrats in the House.

there has been created on the streets and on all of the adjacent property in the territory surrounding the Shrine auditorium, caravans and free shows where they will be entertained during the entire day from noon till midnight. Large stages have been erected in front of the auditorium for furnishing this sort of entertainment for the general public.

Lawndale Residents Ask For Employment

Complaining that Lawndale residents were not being given employment they are entitled to under the SERA program at Alondra park, the Hawthorne Chamber of Commerce appealed to the board of supervisors this week to use their influence in correcting the situation.

Citizens residing in Lawndale are not being taken into consideration, the council's resolution stated. "Lawndale is the Alondra park assessment district, and its residents are entitled to consideration and employment."
