

Texas Seek Guano
ROCK SPRINGS, Tex. (U.P.)—Devil's Sink Hole, 13 miles east of here, has become something more than an attraction for sight-seers. A group of Dallas business men are installing machinery to recover guano deposited in the cavern over a period of centuries. Guano is valuable in agriculture and war, for its nitrate content.

Rodeo to Pick Queen
PECOS, Tex. (U.P.)—Pecos' famous American Legion rodeo will have an added feature at its fifth renewal. More than 50 West Texas beauties will compete for the honor of being chosen queen of the rodeo. Contestants from Texas, New Mexico and Arizona will perform.

Famous Texas Pastures Sold
CARRIZO SPRINGS, Tex. (U.P.)—The Coleman pastures southwest of here, famous as a cattle grazing region ever since barbed wire brought an end to the open range, have been purchased by S. E. McKnight for stocking with Herefords. The pastures, well watered and highly productive of rich grass, comprise 66,000 acres.

Imperial Valley Faces Water Shortage

Imperial Valley, Cal., ranchers are faced with a serious water shortage. Millions of gallons will have to be shipped into the fertile valley to relieve one of the worst droughts the valley has seen. In this picture domestic water is being distributed to rural residents of the valley. The water was shipped into the valley at the urgent appeals of county and irrigation district governmental boards.

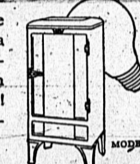

"DON'T YOU EVER RUN OUT OF ICE CUBES?"

"YOU MUST BE THINKING OF OLD-FASHIONED ELECTRIC REFRIGERATORS..."

Ours is a Frigidaire '34"

Big, husky ice cubes—120 of them at one freezing, in the model shown above. But that's only one reason why everyone is talking about the Frigidaire '34. To begin with, it has automatic ice tray release... the trays slide from the freezer at a finger touch! And automatic defrosting... it turns itself on when defrosting is completed! Then, there are models with Lifetime Porcelain inside and out... double Hydrator capacity... much greater food space... the Sliding Utility Basket the Frigidaire Servashelf... interior lighting... extra space for tall bottles... and—come in, won't you?... That, really, is the best way to see just what's happened in electric refrigeration; to learn just why people are proudly saying, "Ours is a Frigidaire '34."

Here is a Frigidaire that Uses Less Current than One Ordinary Lamp Bulb—less than any other make of refrigerator

Oakie Spends Time and Money

Jack Oakie, screen comedian, spent five hours in the San Bernardino, Cal., jail, and then spent \$100 to get out. The forced confinement and expenditure came as a result of his arrest on alleged reckless driving charges. The film comedian is pictured as he left the jail to appear in police court.
