**Twentieth Year
Of Teaching For
Madame Billini**

In another column in this issue Madame Teala Billini, concert pianist and teacher, announces the beginning of her 1934-35 season of work, marking the 20th year of teaching for this artist. From the beginning Madame Billini has had the finest training obtainable. She has had 23 years of study in all branches of music, including five years of teacher training, theory and harmony with Ernest Bloch. She has consistently kept up with the best of new and practical ideas in teaching. As a result she brings to her pupils the finest of training plus her many years of concert work. She was on the faculty of a well-known eastern school of music for five years. She made her New York debut in 1920. Since coming to California Madame Billini has conducted master classes and during the seasons of 1928-29 had artist classes at Saint Mary's Academy. Her work has been endorsed by leading educators and musicians throughout the Southland. She is fully capable of carrying pupils from the beginning to the concert stage and has several pupils who are doing professional work.

Whenever and wherever the pupils of Madame Billini appear their work is acclaimed by the most critical as being marked by artistic interpretative finish and clean-cut technique.

Madame Billini has many pupils in Torrance and also has maintained a studio in Los Angeles for the past four and a half years.
