

**Village Winery Now Has Large Liquor Stock**

John Buta, manager and owner of the Village Winery at Carson and Cabrillo streets, announces the installation of a complete line of liquors, gins and brandies. This winery has been proving very popular with residents of Torrance and vicinity through the large sales of wines, and the new liquor department should prove to be equally well patronized.

Mr. Buta also has a wine store in Hawthorne and by purchasing for both stores at the same time direct from the winery plant is able to obtain better prices.

The store in Torrance is open evenings and Sundays.

**Charity Chiselers In County Number Several Thousand**

Search for "charity chiselers" in this community will be completed by a week from next Saturday, according to officials of the county charities department who are thoroughly re-checking a list of 6000 persons assertedly receiving aid illegally, just compiled by SERRA investigators. The majority of those receiving aid illegally are reported to be in the city of Los Angeles but many are also scattered throughout the county.

Many of these 6000 cases may already have been closed by the county and a check to determine the number of opened and closed cases on the SERRA list is expected to be finished by this Saturday, Murray Morgan, acting superintendent of charities while Rex Thomson is in Sacramento, turned the list over to Lawrence C. Schreiber of the charities department, who began the investigation.

Persons who are found to have financial income besides their charity relief will be asked to make restitution to the county for funds they have received. Legal action will be taken against flagrant chiselers. Those receiving aid illegally will be stricken from the rolls immediately.

**Hit and Run Driver Is Fined**

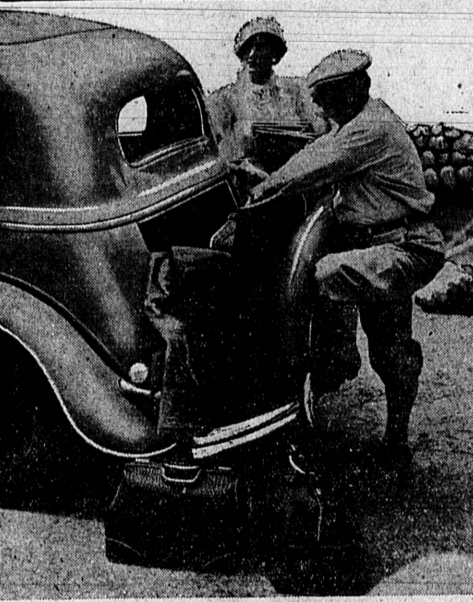

Joseph Telles was fined \$75 or 37 1/2 days in the county jail this week on a charge of hit and run, no injury, after his car had collided with one driven by Forest Pringle, 1027 1/2 Amapola avenue, Saturday. Of the fine \$25 or 12 1/2 days was suspended. Telles also received a fine of \$25 or 12 1/2 days on a drunk charge, of which \$15 or seven and a half days was suspended, leaving Telles faced with the prospect of paying \$50 or 25 days.

His two companions, Jesus Ylitz and Mauricia Hernandez, were fined \$25 or 12 1/2 days each on a drunk charge, \$15 or seven and a half days being suspended. In default of payment the trio were taken to the county jail Tuesday afternoon.

**Mastodon's Bones Found**  
BRECKENRIDGE, Tex. (U.P.)—Bones uncovered here recently are believed to be the remnants of a giant mastodon which roamed the Texas plains hundreds of years ago. A layer of fine white sand was encountered above the bones, leading to the belief that a lake once existed on the place.

**Rear Compartment Makes Ford V-8 Victoria Popular**

Loading Travel Luggage Into Big Rear Compartment Ford V-8 Victoria.

Among the people who love touring and camping and that other large class who depend upon an automobile to make their living, the Ford V-8 Victoria is finding increasing popularity, say Ford officials.

The reason for this, they say, is that the large rear compartment is an ideal place for stowing away camping equipment, or golf bags and grips. In the case of the professional person, or the salesman, this same compartment is large enough to accommodate sample cases as well as luggage. The fact that there is a water-proof and dust-proof covering, equipped with a zipper so as to make opening and closing easy and rapid, is another reason for the Victoria's popularity.

For the family man who has young children, the Ford V-8 Victoria is just the car for long trips because there are only two doors and the little folks can not open either one while the car is in motion.

With the addition of a Ford radio which brings the news flashes, the baseball scores, and the programs to the Ford campers, out-of-door living takes on new attractions.

**HOT WATER FOR A QUICK MORNING SHOWER COSTS LESS THAN THE CREAM IN YOUR CUP OF COFFEE**

You know how a quick morning shower "sets you up" for the day? Well, the most convenient way to have it every morning — with an automatic gas water heater that is ready with hot water the moment you step under the shower — costs less than the cream in your cup of coffee.

The number of times the hot water faucets are turned on in the kitchen, laundry, and bathrooms of the average home during a month is very large. You would be amazed at the low cost of natural gas to you if you could divide your small bill by the number of times natural gas serves you and your family during the month.

The actual cost of automatic water heating with natural gas is so small that you can only compare it with other trifling expenses — anything that costs on the average of a nickel a day!
