CHRISTIAN SCIENCE CHURCHES

"All that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the lust thereof; but he that doeth the will of God abideth for ever." These words from I John are the Golden Text in the Lesson-Sermon on "Unreality" on Sunday in all Churches of Christ—Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.
One of the Bible selections in the Lesson-Sermon, from Ecclesiastes, includes these verses: "Is there any thing whereof it may be said, See, this is new? It hath been already of old time, which was before us. . . . I have seen all the works that are done under the sun; and, behold, all is vanity and vexation of spirit."
A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, says: "The conceptions of mortal, erring thought must give way to the idea of all that is perfect and eternal. Through many generations human beliefs will be attaining living conceptions, and the immortal and perfect model of God's creation will finally be seen as the only true conception of being."

Member Drive of Lomita Artisans Closed Monday

Forty-Four Candidates Are Equally Divided Between Two Contesting Teams

The membership drive carried on for the past two months by the United Artisans of Lomita Assembly, under captains Monica Pilfold and Tirzah Taber, came to a close late Monday night when a class of 19 was initiated.
On checking up the records of the teams, it was found that a total of 44 new members had been initiated during the two months with honors for the teams even at 22 members each.
A chicken dinner, which the losers were to have served to the members of the winning team, will be arranged by members of both teams, and will take place some time this month.
At the conclusion of the business session the lodge presented Mr. and Mrs. Erich Hansen, whose marriage took place recently, with a handsome rug. Walter Harris, state manager for Southern California, made the presentation.
According to Mrs. Maude Sharook, deputy organizer, arrangements are almost completed for instituting the new Torrance lodge which now has signed up 19 members and has more in prospect so that it is expected to launch the new organization with a membership of about 30. Announcement of the date and place for this meeting with a full list of officers will be made next week.
Other lodges which are being organized in this vicinity are located at Gardena and Inglewood.
