Then There Shall Be Seven Years of Plenty

After seven lean years in which the University of Washington failed to score a touchdown against Oregon, the Huskies broke the drought Saturday at Portland to score a 16-to-6 victory over the Webfoot. Bobby Parke, Oregon halfback, is being stopped on an end sweep by Paul "Socks" Sulosky of Washington. Lazarevich, Washington end, comes in to help "Socks" throw Parke.

Torrance High school will have their first annual cross-country run this year. The event will be staged between halves of the Narbonne-Torrance football game and each year thereafter between the halves of the last home played football game. This event should become one of the outstanding athletic achievements in future years. The Torrance Kluck won't have a donated silver loving cup to be given to the student body and each year the winner of the cross-country run will have his name and time engraved upon the trophy. At the present time seven boys are working hard to be the winner of this major event of the year, among them are such famous runners as Hubert Luck, star 440-yard dash and sprint king of the school and Southern California, Louis Zamperini, holder of the present world high school mark and Alfred Speed, star Marine League 600-yard dash man. Coach Donahue is grooming Speed to fill the shoes of Zamperini in 1934.

At the present time it looks like Torrance will not have a varsity basketball team this year. There are several reasons that indicate this to be the truth, the chief lack of material is much that over 55 boys reported for football and the Los Angeles Board of Education says no boy can participate in football and basketball. The other reason is lack of a suitable place for the team during the rebuilding of the local school.

Coach Donahue is planning on a boxing tournament to be held during the winter months as an added athletic feature, teaching the local boys the mighty art of self-defense. This should be included in the regular major sport program of every high school. Donahue should be congratulated for every mother and father who have boys in high school.

Torrance ran up the largest score in a Marine League contest that has ever been made by Torrance football team, 33 for Torrance and 0 for El Segundo. The score could have been 50-0 if Coach Donahue so chose but he gave every man on the team a chance except the water boy. Near the end of the game it was noted from the press box that Donahue had the boys warming up but the game ended and he did not see action. That is the life of a water boy anyway.

The 1934 Torrance "Fighting Tartars" are making history for their school, inasmuch as they have the greatest line of the best in Southern California prep football this year that ever represented this institution in fact the only line this writer has ever had the pleasure of seeing at Torrance. Torrance should place three linemen or more on the All-Marine League team. The 200-pound tackle is the best lineman that has ever played for Torrance, few people notice this boy inasmuch as he is usually at the bottom of the pile-up, but no one has been able to gain a yard over him so far this year. Chuck Smith 150 pound guard is playing a head-up game all the time, he is by far the finest guard ever to represent Torrance. Then don't forget Jim Grubbs 149 pound center, Grubbs plays a tough game all the time and rates with Milton Everest, last year's center as the best that the school has produced. Barring these three boys, there should be made the All-Marine league team.

A few comments on last week's game at El Segundo, pro and con: Harold Watson looked good on blocking and carrying the ball, but looked so bad on punts that it was pathetic. Several of his kicks were good for only eight and nine yards. Better brush up Watson, Narbonne usually has several good kickers. Adzovich looks like the All-Marine league fullback this year but still gets mixed up in his signals. He spotted several good plays and one sure touchdown by being too anxious to carry the ball. Give the other boys a chance. Slay they like to carry the ball once in a while, especially when their number is called. McFadden, end, forgot and picked up a fumbled pass and ran 65 yards for a touchdown. It was called back. Top end Johnny but you can't do that this year, especially when the referee is watching you. Carl Paxman, end, threw a long pass to make one of the touchdowns, baseball must have helped Carl's arm. John Nady, guard, is one of the main reasons that Chuck Smith is so good this year. Nady keeps Smith fighting all the time to hold down the position. Nady only weighs 145 pound and looks plenty good, he likes it best of all when the going is tough. Now a comment to the entire team, keep your heads, and don't forget that many games have been lost by over-confidence and inflation of the skull, the only football championship that Torrance has ever won is yours if you keep fighting until the last gun goes off.

Master Minds Guess Results

Standing of the master minds: For last week, Fraser, 34; Hinds, 55; Lewellen, 82; Murphy, 99. For the series, Fraser, 109; Hinds, 125; Lewellen, 172; Murphy, 215. Low score at the end of the football season win; the championship.

One Run, No Outs, \$500!

When Rajo Jack, veteran coast race driver, spectacularly beat the whole field in the Silvergate speedway's first annual Gold Cup stock car race at San Diego recently, he not only won the cup and the \$500 first money which went with it, but also established a rare record in auto racing contests, by making the entire run of 200 laps without a single pit stop for re-fueling, tire change or repairs. He was the lone entrant to drive from start to finish without a stop, a performance which L. Glenn, district manager for General Petroleum Corporation, attributes mostly to the fact that his Ford V-8 was powered and lubricated with Mobilgas and Mobiloil. At the end of the race his tank held enough Mobilgas to have taken him several more laps. Glenn stated Jack had a name for holding the cup, with Otto Sparks, his riding mate, beside him.

Torrance ran up the largest score in a Marine League contest that has ever been made by Torrance football team, 33 for Torrance and 0 for El Segundo. The score could have been 50-0 if Coach Donahue so chose but he gave every man on the team a chance except the water boy. Near the end of the game it was noted from the press box that Donahue had the boys warming up but the game ended and he did not see action. That is the life of a water boy anyway.

McKinley Plays Good Football For New Mexico

Torrance Boy Attending State Teachers College Makes Good

Forest McKinley, son of Mrs. May McKinley, 1417 Cota avenue, who is attending the New Mexico State Teachers College at Silver City, is making a name for himself on the varsity football squad of that institution, according to a communication from Lyman Allen, editor of the Mustang, student publication. Allen says: "Forest McKinley of your city is a member of our football squad. To date he has played in two games that the team has encountered thus far. He has been playing right guard position. "On September 29 he demonstrated his skill as a rigger when he played the entire game against the New Mexico Military Institute, last year's state champions.

"On Saturday, October 6, McKinley played creditable ball when the Mustangs, the team on which he is playing, defeated the strong aggregation from Phoenix Junior College, 13-6. "In addition to his athletic prowess, McKinley, a popular student at the college, is editor of the yearbook, "The Maguay." He is a graduate of Torrance high school, class of 1929.

Fish Out of Water True BALTIMORE, (U.P.)—Nelle is made a fallacy of "like a fish out of water." Nelle is a walking and diving fish from China who apparently is able to remain out of water for hours without ill effects. She is property of the Fish Culturists of Maryland. Chinese walking fish (China fasciata) inhabit rice fields and in the dry season when only shallow pools remain, they are said to walk or wiggle over the ground to more suitable pools.

TARTARS MOVE UP IN CHASE FOR MARINE CHAMPIONSHIP

Torrance Team Runs Up Big Score Over El Segundo Team; Next Hurdle is Leuzinger at Hawthorne Tomorrow; Title in Sight

The Fighting Tartars of Torrance high school found El Segundo comparatively easy meat after their battle with Gardena the week before when they snatched a one-point lead in the last five seconds of play. Determined not to be caught on the short end with a handicap to be overcome

Duck Hunters Must Know Their Game This Year

Federal Law Limits Bag According to Species; Some Ducks Protected

"Be sure the duck's a 'legal' bird before you shoot!" This maxim is suggested by the Federal Law this year California duck hunters preparing for the opening of duck season at sunrise October 20. Hunting will be permitted only on Saturdays and Sundays until the close of the season, December 30.

Hunters are advised to study up on the different species of this particular game fowl. Under federal law this year California duck hunters must limit their bags according to species, while some cannot be legally shot. The nighthawk may take 12 ducks in one day's hunting, but to take 12 without knowing what variety they are may bring him afoul the federal law.

Under no circumstances may ducks be shot in the following places: (1) In any waterway, stream, bay, or other body of water which is used for navigation; (2) In any waterway, stream, bay, or other body of water which is used for irrigation; (3) In any waterway, stream, bay, or other body of water which is used for power generation.

Three classes of ducks are recognized by law. The first consists of those subject only to the general bag limit of 12 which may be made up entirely of one of these varieties or a mixture. This class consists of mallards, pintails, baldpates and fulvous tree ducks.

The second consists of "critical" species of which no bag may contain more than five in any combination. One day bag limits up to 12 may be taken, but not with more than five ducks of this class, which comprises elder ducks, shovelers, redheads, canvasbacks, bluewing, greenwing and cinnamon teal, greater and lesser scaups, ring-necked ducks, and gadwalls.

Every hunter is reminded to carry a hunting license and button. These may be obtained at all auto club district offices or sporting goods stores. In addition he must purchase a \$1 migratory water fowl stamp if over 16 years of age. It can be obtained at post offices in county seats and cities of more than 2500 population.

These stamps are issued by the government as a means of raising sufficient funds to promote conservation of water fowl and maintain restricted feeding grounds. They must be affixed to the hunting license certificate.

Deer Hunters Allowed 30 Days BOISE, Idaho (U.P.)—Idaho's deer hunting season will last for 40 days, starting Oct. 5, state game department officials have announced. Most sections of the state will be open to hunters.

Long String of Gaucho Wins Is Broken Friday Marine League Champs Go Down 13-0 Before Powerful Gardena Squad

Van Ripper, stocky little quarterback for Gardena, defeated the champion Narbonne Gauchos almost single-handed in the game at Griffin Field last Friday afternoon. Van Ripper scored both touchdowns against the Gauchos, the second coming in the third quarter on a long run the full length of the field.

Narbonne lost the ball to the visitors in the shadow of their goal posts when for a few minutes it looked as if the Gauchos were going to push one over for a chance to tie the score. With only a few feet to go Gardena held for downs. On the next play Van Ripper took the ball and wriggled his way past the Gaucho defense to race 90 yards for the second Gardena score. The attempt at goal was blocked making the score 13-0.

For the first time in three years the Gauchos went down to defeat. Loss to Gardena broke their record of 18 straight wins. Loss of David Basting, one of the Gauchos best linemen, who is out with a cracked collarbone, and injuries to Rider and Gould, in the backfield contributed to the defeat of the Lomita squad. Both of the backfield men were in the line-up but were unable to play their best game.

Tomorrow Narbonne goes against El Segundo, routed by Torrance, 33-0, last Friday. They should have no trouble in winning against the Oilers who have lost both starts this season.

A whirlwind finish gave them two more and three conversions out of six tries brought their total points up to 33. El Segundo 0.

The Oilers, who trimmed Torrance last year, 18-0, were outclassed and outplayed.

Tomorrow Torrance goes to Hawthorne to take on Leuzinger who defeated El Segundo last week, 7-0. On the basis of comparative scores Torrance should take this game handily, but taking into consideration the number of tremendous upsets in the football league this season which has left the college games in such a turmoil, there is some possibility that the Hawthorne lads may turn out to be tough opponents.

On the strength of Leuzinger's showing against El Segundo who had Hawthorne worried all through the game, Torrance should win easily, but the Hawthorne boys will be cocked to revenge the 20-15 defeat handed out to them by the Tartars last year. Besides, they are not overlooking the additional glory that will be theirs if they can knock over the team that seems to be headed straight for the Marine League championship.

The Tartars, with their eyes on the first championship in many years, and hopes of representing the Marine League in the tournament at the Coliseum, are determined to take Leuzinger tomorrow and Narbonne on November 2.

Midget Car Races At Gilmore Next Thursday Night Midget car racing at Gilmore Stadium, Los Angeles, will be offered on the program for a huge benefit for the fund for widows and orphans of deceased members of the California Highway Patrolmen's Association, next Thursday night, October 25.

A good card has been scheduled, according to Officer Bill Mallin, former Torrance traffic man, who recently was transferred to the state patrol. A purse of \$300 will go to the winner of the main event. Price of admission for the benefit will be 40 cents, with gate prizes of \$5 and \$10.

Races start at 8 o'clock.

Record Number Of Entries At Motospeedway

Sixty-two Riders Entered in Motorcycle Events Tuesday Night

Thirty-two daredevils of motorcycle racing were entered in Motor League program of Grills and speed next Tuesday night, October 23, at 8:15 o'clock.

This entry list, which constitutes a new stadium record, is possible only under the new progressive program, the talk of the month in speedway circles.

Included among the contestants is Cordy Myne, the national champion, and the rider who created a sensation by sizzling off four laps in the new record time of 1m.7.6s two weeks ago. Cordy's brother, Jack, is also a signed entry as is Kenny Schofield, the Hollywood speed merchant of the flat tracks. Byrd McKinney, Miny Water, Earl Farrand and Bo Lisman also compete, thus giving Matchmaker Charlie Moist his biggest array of scratch-line riders of the night speedway season.

A host of new favorites, who have been blasting their way to fame and fortune under the new racing again bid for fame Tuesday night. These include Jerry Gerard, 19-year-old Canadian youngster, who unofficially bettered Snooks Blankenburg's four-lap record a week ago. Under the new program, a beginner may race through the entire 48 events, a setup that bids fair to revolutionize motorcycle racing up and down the west coast.

"Tailored by J. Lepkin"

Means:— That every measurement is taken with infinite care; Every stitch is a task to be well done; Every fabric is a quality that will wear satisfactorily;

Every style is in good taste; and Every fit is perfect!

J. LEPKIN Merchant Tailor 320 Sartori Ave, Torrance

Bowker's Merchants Win Sunday Game, 4-1, From Terminal Island

Brothers against brother, two to one, was a feature of the Sunday game at Trona Field when the San Pedro Merchants defeated Terminal Island, 4-1, for the championship in the "little world's series."

Joe Storti pitched for the Merchants, with his big league brother, Lin Storti, at second base. John Storti, younger brother of these two, manfully opposed his family out in right field for the Islanders, but the odds were too much for him.

The Merchants scored one run in the first inning on an error, a missed ball and Lin Storti's hit to left field. They added another in the third and two more in the fifth, while the Islanders saved a shut-out in the fourth inning. Davenport, ex-Merchant, hurled for Terminal.

Next Sunday Tommy Bowker's boys will play the Jadrans, winners of the championship for the first half of the league season. The game will be played at Trona field as usual.

Santa Anita Park, location of the new track, embraces 210 acres in the historic old Santa Anita Rancho, already famous in horse racing and breeding history. It is located east of Pasadena at the junction of Huntington Drive and Colorado boulevard.

Racing every day except Sunday, for a period of 63 days, will be inaugurated with a classy program, and the meet will close with the Santa Anita handicap on February 23, for the richest stake offered at any track in the world. Stake fixtures, 11 in number, are named after historical ranchos developed from Spanish and Mexican land grants. There will be one race a day for California-bred horses.

Some of the greatest thoroughbreds in the country are expected to take part in the features. While entries do not close until December 1, assurances have already been received of the following: Mrs. Dodge Sloane's Cavaleade and High Quest; Mr. and Mrs. Cornelius Vanderbilt Whitney's Equilibrium; Alfred Gwynne Vanderbilt's Discovery; Mr. and Mrs. John Hay Whitney's Singing Wood; Norman W. Church's Gallant Sir and Biskutter; Mrs. Silas B. Mason's Head Play; W. R. Coe's Lady's Man; and Catawba Farm's Mr. Khayyam.

Accommodations for 1350 horses are built at Santa Anita, with reinforced concrete grandstand and balconies to take care of 60,000 spectators.

Parimutuel legalized betting will be handled by the electrically operated American totalizer, considered the greatest improvement yet made in the handling of wagers. The totalizer has been proved fool-proof, accurate to the penny and gives immediate information to spectators.

Canvas Curtain Will Be Hung Up For Final Game

Fans Who Want to Watch Gaucho-Tartar Tilt Must Come Inside

Football fans who want to see the game of the year between Torrance and Narbonne high school which will be played on Wood Field, November 2, will have to do so from the stands, as arrangements are being made to curtain off the vantage points along the fence so that there will be no peepholes from outside.

Additional bleachers will be moved on to the north side of the field, so that there will be seats for all. The price of admission to the high school games is low, so that there is no excuse for staying away. This particular session will be the highlight of the Marine League season and every Torrance fan should be on the sidelines to cheer a willing hard-hitting team to victory.

Since they are making extra efforts to give the townspeople a chance to watch the game in comfort, the school authorities hope that their invitation to attend will be accepted to the extent of a record crowd for this big game.

If it can be arranged a public address system will be installed with a competent announcer to call the plays so that everyone who attends will know exactly what is going on all the time.
