Golf Tournament Starts November 3

A golf tournament for the South Bay district championship has been announced by Al Gruber, pro of the Palos Verdes Country Club. The tournament will be played on the sea-bound Palos Verdes course and is open to all men in the South Bay district, where it is hoped that it will become an annual event. Trophies and prizes will be awarded.

The qualifying rounds can be played between the third and tenth of November with the first round to be played between November 11 and 17, the second round to be played between November 18 and 24 and the third round from November 25 to 30. Finals in all flights will be played December 2 to 8.

Personal Injury Suit Is Dismissed

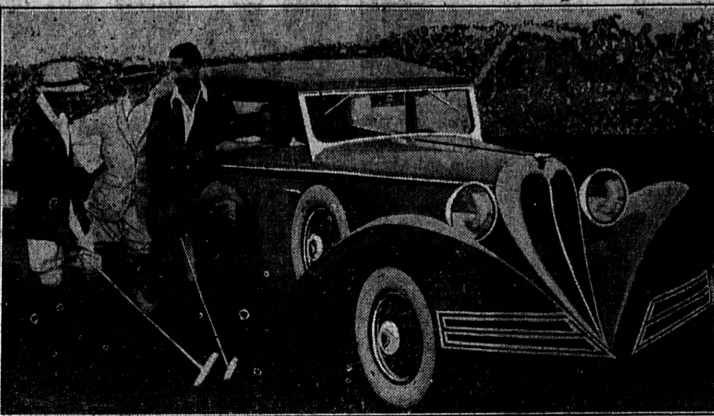

Dismissal of the \$10,000 personal injury suit brought by Charles I. Sevier against H. Izuno as the result of an accident which happened in front of a driveway at 2042 242nd street, Lomita, last August 17, was entered this week in Los Angeles superior court.

Sevier was injured when the vehicle he was driving was in a collision with a truck which Izuno was backing out of a driveway at the above-mentioned address. Sevier suffered two fractured ribs, head cuts and internal injuries.

Gardena Resident Dies In Louisiana

Friends here have received word of the death recently of A. H. Deeks, formerly a lawyer and organizer at St. Andrew's Episcopal church, which occurred in Alexandria, Louisiana. Mr. Deeks and his family, who had been residents of Gardena for some years, left several months ago for Louisiana. He had been in poor health for some time and it was thought the change would be of benefit. For some time Mr. Deeks was organizer at the Roosevelt Memorial Park, and have a number of organ recitals there.

Ford V-8 Engine Powers De Luxe Brewster

The group of polo players are, left to right: Arthur B. Perkins, polo manager at the 'Uplifters' Club and one of the star players of the organization; Capt. H. Graham Conor another stellar player of the club; Charles Wheeler and Marjorie Brock of the University of Southern California. These young people are instrumental in popularizing polo at the U. S. C. and hence are regular attendants at the polo matches which are held every Sunday at the Uplifters' Polo Field on Beverly Boulevard.

This prominent group of polo enthusiasts, photographed after a fast game at the Uplifters' Club, paused long enough after their polo talk to discuss the merits of this new Brewster automobile—a convertible touring car, powered with the same V-8 engine which is to be found in all Ford V-8 cars. This car is the only one in the United States at the present time and therefore, is quite a sensation in Los Angeles wherever shown by W. C. Darling, Los Angeles Rolls-Royce dealer.

The Brewster factory, a wholly American institution, has started producing a line of Brewster cars which include five body types all powered with Ford V-8 engines. The factory is at Springfield, Mass. The line consists of a Town Car, Sports Convertible, Touring Car, Roadster-Coupe, Sedan and Limousine. The line has a price range around \$3900. They are fitted on a chassis produced by the Ford Motor Company and converted by Brewster to 127-inch wheelbase. This longer wheelbase helps produce exceptionally fine riding qualities and roominess.

The Ford V-8 motor is supplied with polished aluminum cylinder heads and intake manifold. Various motor parts have been chromium plated, producing a beautiful and striking appearance. Unusual quietness is obtained by the use of dual silencers and Booster vacuum brakes are used. There is a special spring oiling device adding to the riding comfort. Special wheels with chromium locking rings add to the smart appearance of the car.

It is upholstered with extremely soft tan Veal Skin leather—the cushions being filled with hair and down. The hardware is platinum finished. The fenders are modernistic and distinctive. Special head lamps, radiator shell, Rolls-Royce shifting and brake levers, a trunk rack built into the rear panel of the body and the color, Venetian-Cream, with wheels painted Trouville Brown, make this car strikingly beautiful.

Cash and Carry Cleaners Stress Quality of Work

A new cleaning and pressing establishment, known as the Cash & Carry Cleaners, was opened this week by Mr. and Mrs. Jess Malone at the former location of Shaddy Cleaners, 1509 Cabrillo avenue, telephone 637.

Mr. and Mrs. Malone have been in the cleaning and pressing business for the past eight years and take particular pride in turning out first class work.

"The life of any kind of garments can be lengthened or shortened by cleaning, and to subject good clothes to the carelessness of inferior or careless handling is expensive no matter how cheap the price. We have established a list of prices which are as low as possible and maintain the high standard of workmanship which we demand, and we hope that the people of this community will give us an opportunity to show them the superior quality of our work," said Mr. Malone.

All garments are insured and all work guaranteed.

Colden Re-election Necessary to Support Roosevelt Program

Popular Congressman From This District Is Pledged the Backing of Many Local Organizations; Election November 6

With the next session of Congress looming up only two months off, and President Roosevelt and the national administration lining up important social legislation such as old age pensions for enactment, many organizations are lining up solidly behind Congressman Charles J. Colden, candidate for re-election from the 17th District, because Congressman Colden worked arduously for President Roosevelt's great humanitarian program during the last session of Congress and in addition, fought for numerous federal projects in the district by their successful completion.

Endorsements of Congressman Colden have been given by the Southern California Retail Grocers Association, the Southwest Community Club, Harbor District Slavic Democratic League, Alliance of Retail Trade Associations including Hardware Association, Pharmaceutical Association, Druggists Association, Meat Dealers Protective Association, Medical Freedom group, Brotherhood of Maintenance of Way Employees, Brotherhood of Locomotive Firemen and Enginemen, Railroad Trainmen, Locomotive Engineers, Railroad Conductors, Harbor District Voters' Alliance, Veterans Civic Association, Brotherhood of Railway and Steamship Clerks, Mine, Light and Power Defense League, California Constitutional League and by representatives of the Building Trades, Metal Trades, Allied Printing

Suit Against Local Firm Off Calendar

By stipulation of attorneys, trial of the \$18,000 suit against Basich Brothers, Torrance contractors, was marked off calendar this week in Los Angeles superior court.

R. J. Kennedy, plaintiff in the action, contended that the money was owing him for building and operating a rock crusher plant on a highway job near Belmont.

Elect . . . George J. Hatfield

HATFIELD
Lieutenant Governor

Vigorously Opposed to the Communization of California Business, Labor and Industry.

Pledged to a 30-Hour Week for Labor, a Uniform Federal Pension System for the Aged and a New Deal of Absolute Equality and Fairness in Taxation.

A Practical Farmer With a Practical Knowledge of Farm Problems.

"I do not intend to play politics with human misery and despair by making sweeping promises that I will miraculously end unemployment and accomplish business recovery. The task of reconstruction and re-employment is not a one-man job; it is a tremendous task which calls for a new spirit of co-operation and unity of purpose on the part of public officials and citizens alike. To that task I will give the best that is in me."—GEORGE J. HATFIELD.

Taxpayers Urged to Vote Against Amendment 18

Measure if Passed Would Pave Way For Levying High Ad Valorem Tax

One measure on the state ballot on which every taxpayer in Southern California should vote a decided NO is the proposed Assembly Constitutional Amendment No. 18, which also appears as proposition No. 18 on the ballot, opponents of the measure state. Other reasons for opposing the amendment are given as follows:

"This measure contains a provision which if allowed to become operative would simply swamp the taxpayers of California. Under its terms bonds of the state of California could be issued without limit as to amount, on behalf of practically all state agencies, and the voters would have no opportunity whatever to vote upon these bond issues.

"Amendment No. 18 permits the state to loan its credit to cities, counties, irrigation districts, and other state agencies not only for the payment of obligations to be created in the future, but also for the payment of past obligations which may now be in default or which may later become defaulted. Such extension of the scope of projects and agencies eligible for the loan of the state credit, at a time when the state's credit is already imperiled by the most critical financial crisis in its history, would be most unwise, and dangerous in the extreme to every taxpayer.

"This amendment is unnecessary for the Central Valley water project, financial arrangements for which have been provided in another law already approved by the people.

"It would subject property everywhere to the ad valorem tax, add impose a crushing tax burden. It would also tend to unsettle all established water rights in California.

Sponsors Oppose Their Amendment

Measure if Passed Would Pave Way For Levying High Ad Valorem Tax

SACRAMENTO. (U.P.)—Because there is a possibility that proposition No. 16 on the November ballot may take away from cities the right to determine whether a municipal court should be established in a particular city, Assemblyman Percy G. West and Charles W. Lyon, who sponsored the measure, have withdrawn their support and urge a vote against the measure.

The amendment originally was intended to eliminate only sections of the law made obsolete by later constitutional amendments.

"After careful study this measure has been condemned by the Commonwealth Club of California, the California State Chamber of Commerce, scores of local chambers of commerce throughout the state, and many other important civic agencies. Every taxpayer who has any regard for the amount of taxes he is hereafter to pay should stamp a decisive "NO" against Proposition No. 18," opponents of the proposition state.
