

Two Injured In Highway Collision

S. C. Mota, 506 North Camino Real, and Lily May, 401 Hermosa Avenue, Redondo Beach, were injured Sunday in a collision at Hawthorne and Huntington boulevards when their car struck another machine parked on the highway for repairs. Chris Baldwin, with Mota and Miss May, was not hurt. The two were taken to the Jared Sidney Torrance Memorial hospital for first aid and later to their homes.

Displays Weapon In a Rude Manner

John Jackson, 106 1/2 North Broadway, Redondo Beach, was taken to the county jail last week to begin serving a sentence of six months meted out to him by Judge Robert Leasing in the municipal court. Jackson was arrested November 1 at the Meadow Park Inn, where he is alleged to have displayed a deadly weapon in a rude manner. He was fined \$500 or six months in jail, and in default of payment was committed.

School Head Pleased With Spirit Shown In Gaucho-Tartar Game

By ARTHUR G. WADELICH
Torrance high school won its first football championship this year. This, however, is not the most gratifying fact Torrance parents and Torrance students may take pleasure in. The most gratifying fact should be the excellent spirit of the players of both teams. The two professional officials said that the Torrance-Narbonne classic was the cleanest football game they had ever officiated. The largest crowd ever assembled on the Torrance athletic field was well behaved, kept off the football field and co-operated in every way with the civil and school authorities. This should give further assurance of changing attitude toward property and the rights of others.

Snyder Rearrested On Bench Warrant

William G. Snyder, 1024 Cota Avenue, arrested last August on a charge of obtaining money under false pretense, preferred by Mrs. H. D. Hallinger, a Los Angeles school teacher, is in the city jail in default of \$1000 bail.

Lighting System To Be Installed

In response to a petition bearing signatures of 54.2 per cent of the owners of the frontage, the Los Angeles city engineer this week was preparing plans for a lighting system in Belleporte avenue, between Lomita boulevard and 25th street.

Gas Receipts Decline While Expenses Rise

Southern California Gas Company, for the 12 months ended September 30, 1934, shows a balance of \$1,538,709 after all charges, including taxes, interest, depreciation and amortization, which represents a decrease of \$618,811, or 28.7%, compared with the report for the 12 months ended September 30, 1933.

It was also observed that very few attempts were made to climb the fences. The students realized that football is not paid for by the Los Angeles school system and that their nickels and dimes, of their season tickets, were necessary to provide football and support it financially. Adults, who are football enthusiasts, seemed also to recognize that placing charges on the fences was justified.

"GOING HOME TO A WARM HOUSE? AN EVENING'S WARMTH COSTS LESS THAN THE MAGAZINE IN YOUR POCKET"

Which would you rather pay 10c for—a magazine to read in a cold house, or warm rooms in which to spend the evening comfortably doing anything?

That's a true illustration of the small cost of natural gas for house heating in Southern California. It is based on accurate statistics showing that the average expenditure for heating, by nearly a million users of gas, is between seven and eight cents a day—during the coolest six months of the year.

Indoor comfort in winter is so insignificant an item of household expense that you needn't be concerned about the cost of making your house heating arrangements perfect. Perhaps another small gas heater will do it—ask your dealer or gas company to inspect your heating equipment now.
