Lomita Chamber Petitions For Needed Subway

Crossing Hazard Over Boulevard Put Up to County Road Department

Petition for a subway across Wilmington-Redondo boulevard at the Eschelma avenue intersection has been forwarded from the Lomita Chamber of Commerce to County Road Commissioner Alfred Jones, with the request that the matter be acted upon favorably, and pushed to a completion before the pavement on this boulevard has been laid.

Another civic enterprise taken up at the meeting of the chamber held Monday night had to do with the construction of sidewalks and curbs along certain streets in Lomita. At present nothing definite along this line has been done until a survey has been completed and property owners have been contacted as to their wishes in the matter. A number of owners have asked for the improvement, but a complete survey will be made to find out just how extensive the work can be made.

In view of the federal attitude regarding projects for the outlay of funds in necessary work, there is an excellent prospect that both the subway and the street improvements may be made under federal aid, but no action toward that end has been taken as yet by the chamber.

George G. Key was appointed a member of the board of directors of the chamber, replacing Ed Thompson, who has moved to Torrance.

The theme of the banquet which is given semi-annually by the A9 class at Narbonne, has been disclosed by the two advisers, Miss Riley and Miss Lathrop. Since the banquet will be held on January 18, Benjamin Franklin's birthday, the theme will be patriotic and centered about him.

The ninth graders have asked Coach Sloss and Miss Rutha Williams to act as patron and patroness. Committees are now busy at work with plans for decorations, refreshments and entertainment. The chairman of the decoration, entertainment, refreshments and cleanup committees are Betsy Ann Hunt, Lorraine Wilson, Vivian Wilkerson and Claude Kincaid, respectively.

Work has begun on the El Eco, Narbonne high school yearbook. As this annual will mark the tenth anniversary of the erection of Narbonne, this birthday theme is being carried out in the book. An original feature will be the baby pictures of the seniors and of the faculty. The result has been gratifying to the staff as 53 seniors and 16 teachers have searched through their old family albums and turned in their pictures.

Frank Hinckley, editor of the yearbook, has been busy planning the layout. Henry Yemmer, editor, under the direction of Miss Mallin, and with the help of the art staff, is planning the lineoleum blocks. Mr. Hunt has the task of mounting the baby pictures.

The yearbook is printed in Narbonne's own shop under the direction of Mr. Vogler.
London Corbett, vice president of the Sawyer School of Business, will speak to the Narbonne students Tuesday, January 15, concerning the value of scholarship, during a senior high assembly.
On Wednesday, January 2, Paul Martin of Compton Junior College spoke to the seniors about the courses offered at that college, while on January 9 a representative from Frank Wiggins trade school spoke to them.

The vespers at the Catholic church of Lomita, to be held on the speaker, is to be Father O'Keefe of Wilmington. The South Lomita church will be in charge of decorating the auditorium.
Last year the Reverend J. W. Lynd of the Calvary Evangelical church in Lomita was the speaker while the Catholic church decorated. Most of the musical numbers at the service will be furnished by the senior classes under the direction of Mrs. Sutcliffe.
The public is invited to be present.

Delinquent Tax Collections Are Million Ahead

Delinquent tax collections on property in Torrance and throughout the county today are nearly \$1,000,000 ahead of last year, according to a tabulation made by the county auditor's office.

Collections for the first half of the fiscal year, 1934-35, totaled \$4,541,306, as compared with \$3,591,759 for the similar period of a year ago. The difference is nearly \$950,000, in favor of this year.
December payments alone were \$1,268,426, some \$368,000 greater than the \$900,720 paid in during December of 1933, according to figures compiled today by T. E. Tanner, chief of the tax redemption division of the auditor's office.
January payments have started out well, and much better than for the first month of 1934. Tanner said in glancing over his books.
Property may be redeemed from tax sales without penalties until April 30, 1935, according to County Auditor H. A. Payne. Interest will be charged at 7 per cent per annum, however, computed from July 1, 1934.
After next April 30, the penalty will be computed on the basis of 1 per cent per month if redeemed within five years from the date.
"For those unable to redeem in full, a partial payment plan is provided, allowing payments to be extended over a 10-year period," Payne explained. The plan must be adopted by next April 20, however.
The first payment consists of all interest then due, plus 10 per cent of the delinquent taxes. Subsequent payments are 10 per cent of the original delinquent taxes, plus all interest accrued upon the unpaid balance. Current taxes must be paid before April 20 each year to keep the plan in effect, the auditor explained.
