Oliver Stewart Flying Squadron Prexy To Speak
The Honorable Oliver W. Stewart, president of the Flying Squadron Foundation, will speak in the First M. E. church, Sunday, January 27, at 3:00 p. m., on the "Oncoming War With the Liqueur Traffic."

Mr. Stewart is no newcomer to the Pacific coast, to which he has been a somewhat frequent visitor through more than 30 years, always coming as an advocate of prohibition.

Entering the service of the reform when but a lad his rise to prominence was all but meteoric. Within 12 years after his graduation from college in 1890 he had presided over the stormy prohibition national convention of 1896, managed the John G. Woolley special train, and been elected as a dry to the Illinois legislature from the University district of the city of Chicago.

For more than 20 years his official connection has been with the Flying Squadron Foundation which he aided former Governor J. Frank Hanly in founding and which he has led since the latter's death in 1920. Mr. Stewart was last heard on the Pacific coast in the campaign of the allied forces in 1932. He rendered signal service in Kansas for five weeks in the campaign which kept that state dry.

Pistol Match to Be Held Saturday
Not satisfied with the results of the last match, and believing that their practice since Christmas has been beneficial, Team No. 2 of the Revolver and Rifle Association has challenged Team No. 1 to a repeat, which will be held next Saturday. The No. 2 team now has an average of 204 and No. 1 is about the same. The match may or may not be held, as President John Stroh says that instead of shooting the boys may be put to work on the new range, and the match postponed until later.

Pro Baseball For Japanese Still Far Off
Nipponese Interested in Game But Big Gates Are Impossible

TOKYO (UP).—Baseball in Japan may be at the beginning of transitional stage in which professional ball may come to the front as one of the leading national amusements.

Despite the fact that the first professional club has been organized, authoritative sports writers believe it will be several years before professional baseball as it is conducted in America, gets a genuine start here.

Japan is not ready for it, they believe, principally for economic reasons. While popular interest in baseball would seem to be on a par with that in the United States, the sports writers believe that the university and inter-city matches which now provide thirty-first class games a season, just about supply the demand.

Baseball interest still centers on the universities. Attendance is excellent, and sometimes reaches 60,000 for a single game. Still the great mass of fans pay something less than 20 cents U. S. currency for admission. The top price is 50 cents.

Missouri Will Take Census of Its Wild Game
State-wide Survey Conducted With View to Conserving Native Species

JEFFERSON CITY, Mo. (UP).—Beaver, otter, turkey and deer may be restored to their natural population in this state. A wild life survey will be completed next summer and data collected will be studied to see how the number of birds and mammals can be increased within the state.

The state-wide survey is being conducted by the game and fish department. The U. S. forestry service, the national park service and the University of Missouri, aided by Dr. Rudolph Benoit and W. O. Kregel of the university.

STORY 1
Continued from Page 1
so many apartment houses have been taken over by banks and mortgage companies on foreclosure proceedings. These companies are not required to pay this type of taxes, consequently the city has suffered severe loss this year from that source. According to a statement made at the council table the State League of Municipalities is taking this matter up with the legislature to secure a remedy, as all municipalities in the state are affected.

SPORT SHOTS
By Bob Lewellen

Next week this writer will give you his version of the best all-around athlete that has ever attended Torrance high school. The reason why, and when this star attended school and what sport he made letters in.

You hunters who need guides to show you where the game is, had better travel back to New Hampshire to do your hunting. Especially a (dear) deer. Here is the big secret. Two girls have been permitted to guide hunting and fishing parties in the wilds. Sportsmen if you are interested, they are Alice Reynolds and Mabel Banks, both capable of hiking many miles a day and are both expert rifle shots. Oh yes, Pittsburgh, New Hampshire is the section of the country that all big game hunters are migrating to this year. Well, I will be seeing you in N. H.

While we are on the subject of "deers" or was it "deers" here is a report from Nantucket, Mass., that may be of interest to our many hunters. A herd of deer on the island here, according to the Division of Fisheries and Game department. A young buck was recently found suffering from the disease and was taken to the hospital for treatment. The deer was the third found here suffering from the malady, said to be in the non-communicable form and believed caused by some form of forage poisoning.

Here is some more news of interest to local hunters and fishermen. Ernest Halkias wins the trophy of the year for hunting. Halkias claims that he killed six ducks with one shot. Halkias was hunting ducks on a lake near Cisco, Texas, when a flock flew over. He got five of the ducks outright, but had to "chase down" the sixth. Fishing should be good next year, according to the California state division of fish and game. The division planted over 2,000,000 fish, mostly trout, salmon and bass, in California streams last year. The fish were planted to try and keep up with the growing demand of sportsmen for game fish.

Tillie Johnson Is High Man In Game At Compton Alleys

In the Merchants Bowling League which rolls off its matches at the Compton alleys, the Torrance Merchants held on to their lead Monday night by defeating the Terry Service team by three points. Alver (Tillie) Johnson put his team over by some nice bowling. He turned in a card of 513, with Carl Quayle and Ivan Eckersley closely following. The boys had a lot of moral support from Clarence Pinkham, who stood on the side lines and rooted enthusiastically for the Torrance outfit.

Ski Conditions Are Excellent At Big Pines Area

POLICE AND FIREMEN WILL DANCE TONIGHT
Torrance members of the departments will attend the first annual dance given by the California Police and Firemen's Protective Association, at 619 Pacific avenue, Huntington Park, tonight. The dance will be attended by representatives from a large number of cities in this section.

Victory Brings Smiles to Auto Champions
High honors of the racing world go to these four daring drivers for deeds of the past year in pioneering greater achievements for the modern automobile. William (Wild Bill) Cummings won the Indianapolis 500-Mile race in new record time and followed through in the A.A.A. series to win the coveted National Championship. Al Jenkins smashed 77 world, international and A.A.A. records when he drove 3,000 miles at an average speed of 127.2 miles per hour on the salt beds of Utah.

FOUNDRY PRESENTS OPEN HEARTH WITH GOOSE EGGS
Flash Pitching in the Big Game Saturday Morning Sends Foundry to Top of Percentage Column; Rolling Mill Flattens Warehouse

The Foundry and the Open Hearth met Saturday morning in the big game of the week and the Foundry boys neatly molded out nine big goose eggs and presented them one at a time to the Open Hearth boys as they went on to collect nine big runs for themselves and the Foundry is now sitting pretty on the top of the Columbia Steel League with two wins and no losses and both teams were over their toughest opposition. The Open Hearth never had a chance, getting but three hits and only one man past second base. This Mexican boy pitching for the Foundry is showing plenty of stuff and in his last two games, against the Rolling Mill and Open Hearth, has allowed but two runs. He is getting great support from his teammates and the Foundry is going to be hard to beat from now on.

SHIDLER COMPLETES UNDERGRADUATE WORK
STANFORD UNIVERSITY.—Frederic Porter Shidler of Torrance completed his undergraduate work in Basic Medical Sciences here last December and is listed for a Bachelor of Arts degree. Shidler is a member of Sigma Alpha Epsilon fraternity.

STANDING OF THE TEAMS

Team	W.	L.	Pct.
Foundry	2	0	1.000
Yard	1	0	1.000
Open Hearth	1	1	.500
Rolling Mill	1	1	.500
Warehouse	1	1	.500
Cobblers	1	1	.500
Daubers	0	1	.000
Electricians	0	2	.000

NOTES AND COMMENTS ON THE GAMES
The Open Hearth boys went to town last Saturday and brought back brand new uniforms for their game with the Foundry, but the Foundry gang, after looking them over, promptly took them to the cleaners, score 9 to 0.

Calvalcade Here For Big Handicap At Santa Anita
Interest in the Santa Anita \$100,000 handicap, which will close the present racing season at that course on February 23, began to lift last week with the arrival of Calvalcade, the great money horse of the Brookmeade stable. Last year this horse won for his owner, Mrs. Dodge Sloane, the nearest sum of \$113,285 in purses. That sum the Kentucky, American and Detroit derbies. He is rated the favorite to win at Santa Anita, although some one of the other 69 nominees for the event may turn out to give him a race.

Other stars of the track who are mentioned as contenders for the big purse at this meet are:
Azucar, who has been in the money ten times out of 11 starts; Equipolis, Baleno, Chicleton, Dark Winter, Fleam, Good Goods, also a Brookmeade entry, to name some of the principal money horses. Many others of lesser note and unknown ability are listed, with the possibility that some of the ranks of these unknowns may come one who will be the master of them all on the big day.

Rainy weather has kept the lunary of the track, Twenty Grand, off the course so far, but he is being prepped for the big event at the end of the season. Twenty Grand won the Kentucky Derby as a three-year-old in 1931, and since that time has been retired. His time for that race was 2:01.4.5, the fastest time made by any winner from 1915 to 1932.

Tartars Have Poor Basketball Season
Members of the Tartar basketball teams turned in their suits last week at the close of the Marine League season. Their inter-league game with Jacob Riss of the Pacific League was called off by Riss last Friday, and the Tartars were willing to let the game go in view of their poor showing this year. The Torrance lads failed to win a game, although they put up some good arguments on the courts. Lack of material, due to the exceptionally large turnout for football in the fall, kept the Tartars handicapped. At a recent meeting of the league coaches, it was decided to start baseball season immediately, putting track later in the spring when the weather is warmer.

Sheriff's Pistol Team Is Very Good
This will give the boys of the Revolver and Rifle Association something to shoot at. Last Sunday, the sheriff's team competing in a pistol match won with a score of 1424. Individual scores were Stark, 258; Fleming, 257; Griggs, 255; Salmo, 233; Shivel, 233. The team made an average of 254.5ths, which is better than the score which won the Colt trophy at the last Camp Perry matches when the winning team averaged 278 1/2 points.

CROSS COUNTRY RUN HELD AT EL SEGUNDO
Cross country running is a popular in the Marine League high schools. El Segundo fell into line with a mile and half race held today at that school. This race was open to contestants from other schools and attracted entrants from Narbonne and Torrance.

Over 1000 Gallons . . . CHOICE WINES
Made from Selected Grapes. Quality and Purity Guaranteed. Sweet Wines guaranteed to test NOT LESS THAN 20%.

◆ Riesling	◆ Blackberry
◆ Haut Sauterne	◆ 14 Year Old
