EVENING HIGH SCHOOL

We are announcing two new classes beginning this week. Both will meet on Thursday night.

A class in gymnasium for ladies. This class is being sponsored by the Business and Professional Women's Club but is open to all who wish to enroll. The main work of the class will be calisthenics, with games added to enliven the work. We would like to see a large number take advantage of this privilege.

The other is a class in radio construction and repairing. The course will include transmitting and public address sound systems. It is open to all adults and the instruction is free. Any materials used must be furnished by each student. The class instructor will be Raymond W. Grammer, of San Pedro, who is a graduate from the California Radio Institute and is a member of the Society of Radio Research, and he is also a certified radio technician.

The office is busy preparing the schedule of classes for next semester. They expect to have one ready for publication by next Thursday.

Southern Pacific Railroad Shows Added Earnings

Further Outlay for Air Conditioning and Improvements is Planned

With both service and earnings showing constant improvement indications justify the hope—1935 will show still further progress, it was stated today by A. D. McDonald, president of the Southern Pacific Company.

"During 1934 the company's earnings exceeded those of 1933 and indications justify the hope that 1935 will show still further improvement," Mr. McDonald, a native Californian, said.

"By the exercise of strict economy in all departments and by putting into effect many improvements in our service, we have striven to offset the effects of the general depression and to meet the competition of various other forms of transportation."

"The company has increased the dispatch and convenience of its freight service and made its passenger trains more attractive and other improvements. We are extending our air conditioning program and 1935 will see all our principal trains fully equipped."

The extension of the company's recently announced \$2,000,000 air conditioning program, it was stated, includes the addition of another transcontinental train and the equipping of many coaches and chair cars.

The Pacific Limited, in daily service between San Francisco and Chicago, is to be air conditioned throughout in the manner of the Overland Limited, Golden State Limited, Sunset Limited and Cascade, already provided for.
