Transcontinental Stage On Display At Beacon Drug Co.

One of the modern new all-stream type motor stages which are now in service on the Union Pacific transcontinental line was on display Tuesday morning in front of the Beacon Drug Company, local ticket agency for Union Pacific and Greyhound bus lines, at 1519 Cabrillo avenue. The luxurious new stage created much favorable comment by those who inspected it.

The new Union Pacific stages are equipped with reclining chairs, set in sponge rubber instead of springs. They are heated with hot water in winter, and air-conditioned in summer. They seat 33 passengers comfortably and make the run to Chicago in 72 hours. Under a recent ruling, fares from Torrance to eastern points are the same as from Los Angeles, the Motor Coach line through this city connecting with the transcontinental buses, L. L. Price, of the Beacon Drug Company, states.

HOSPITAL NOTES

Mrs. Bernice Knowlton, 214 South Juanita, Redondo Beach, entered January 29 to undergo an operation. Other patients entering for surgical treatment during the past week are Mrs. Leota Vollmert, 1750 Andrea avenue, Torrance; Mrs. Eliza Varna, of Bellflower, and Mrs. Florence Warner, 1131 25th street, Harbor City.

Mrs. Cornelia Wise, 19401 South Normandie, is convalescing from pneumonia.

Six new babies arrived at the hospital this week, including a girl born to Mr. and Mrs. George Birnbaum, of Gardena, on January 29; a girl to Mr. and Mrs. P. L. Francis, 845-Narbonne avenue, January 24; a girl to Mr. and Mrs. James E. Helman, 409 Third street, Hermosa Beach, January 24; a girl to Mr. and Mrs. Roy Lyon, 942 Tenth street, Hermosa Beach, January 24; a boy to Mr. and Mrs. Frank A. Merritt, 624 Emerald, Redondo Beach; and a boy to Mr. and Mrs. Jerry Starnas, 1806 Pier avenue, Redondo Beach, January 25.

Upholstering Co. Moves to Larger Plant On Border

Rug and Furniture Cleaning Department Added By Local Concern

Torrance Upholstering Company announces the removal of its shop to larger quarters at 1513 Border avenue, opposite the National Supply Company offices. In addition to providing better facilities for its rapidly expanding furniture upholstery and repairing service, equipment has been installed in the new plant for cleaning and sizing rugs, as well as cleaning over-stuffed furniture. Telephone remains the same, Torrance 226.

"Since opening our shop in Torrance a year ago, we have enjoyed a steadily increasing patronage, which has prompted us to expand our facilities," said Jack Abramson, proprietor of the Torrance Upholstering Company. "It is particularly gratifying to learn that local people appreciate better quality of workmanship, which we insist upon giving, as it tends to create satisfied customers. The kind words which our patrons have said about our work has in a large measure been responsible for the growth of our business, which now requires larger quarters."

50,000 Pass Up Bank Pay-off
CLEVELAND (U.P.)—In nearly 50,000 small accounts, depositors of the closed Union Trust Company here, have never claimed their total of 85 per cent dividend, paid in the summer of 1933, nor the offer of payment in full. All depositors need do is take their passbooks to the claims department of the bank.

Union High school. Rubo was a graduate of U. S. C. and also had attended Columbia University.

Sam Robinson Is Put On Probation

Sam Robinson, Torrance resident, today was under two years' probation by order of Los Angeles county superior court, after he had appeared for sentence late last week before Superior Judge Pat R. Parker.

Robinson was found not guilty on the charge of manslaughter preferred as a result of a fatal traffic accident in Los Angeles last November 9, and guilty on a less serious count. A jury was waived and Robinson was tried by the court. He has been at liberty on \$2000 bond since the charges were preferred against him.

Coat and Hat Are Found On Bluff

Mystery as to the fate of a man who left a grey tweed coat and brown fedora hat on a bluff overlooking the ocean in the Palos Verdes Estates, last week, is as yet unsolved. The garments were found Saturday by Special Officer Woolsey, who reported the find to sub-station No. 3 of the sheriff's department and the coat and hat were turned over to them to be picked up by the bureau of missing persons.

The coat contained the name "M. Durant," a number of sales slips from a Redondo Beach grocery, check book, and other miscellaneous articles, none of which gave a clue to the identity of the owner.

Are You Ever Puzzled About What to Get For Dinner?

Then come down to Grubb's Market. You'll find many tempting suggestions in our attractive display of Choice Meats. And the best part of it is, Grubb's Meats taste even better than they look. One trial will make you a regular customer.

Polydore Rubo Dies Recently At Berkeley

Former friends of Polydore Henry Rubo, who graduated from Torrance high school some years ago, will regret to learn of his death, under mysterious circumstances, at Etna, Blakely county, recently. Information as to the circumstances of his passing were not revealed by the informant who communicated the fact of his death to Torrance friends.

Rubo was 31 years of age and leaves a widow, Mrs. Mary Grace Barrett Rubo; his mother, Mrs. Ida Rubo, and an uncle, Paul Stapanich. He has been residing at 2393 Virginia avenue, Berkeley, and has been physical education and commercial teacher at Etna

How Electric Power From BOULDER DAM Will Affect Southern California

For more than forty years the Southern California Edison Company has always maintained a large factor of reserve power capacity. This has been an important protection to customers and a safeguard against emergencies.

This reserve power is now made available for immediate sale by the prospect of early delivery of additional power from Boulder Dam, which in turn will constitute the reserve for future years.

When electrical service was sold at a much higher rate than recently, it still gave a greater value for the money than anything else, in terms of time and labor saving, light, convenience and manifold utility. Now a new era dawns and brings with it another upward step in the standard of living, with a further reduction in unit costs.

YOU REDUCE YOUR RATE YOURSELF!

You are just entering the Electrical Age. You have never enjoyed all the benefits that electricity can give you. Surplus power brings that enjoyment now. Beyond light and minor power, you are going to use electricity for heating, cooking and refrigerating. White coal is here. More is coming from Boulder Dam. Throughout Southern California the lines are ready for you. You are going to decide upon a reduction in your unit rate by using current on a quantity base. The more you use, the less you pay per unit, until the cost drops to only one cent per kilowatt hour.

Your next step is to install and use an electric range. You will do it sooner or later, for convenience and efficiency, if not for style. Do it now. Then follow with an automatic electric water heater. You can then use 450 kilowatt hours for what it now costs you to use 175. Your lighting current will be such a small part of this total that you can increase it from two to four times at a net lighting cost less than you pay now. You can use more electricity for washing, ironing, refrigerator, radio, electric clocks, portable heaters and table devices at a lower cost per unit. Don't deny yourself the benefits of immediately enlarged electric service. No expenditure gives you more real value than the money you pay for electricity. The new rate basis gives you from two and a half to four times more than you ever had before at the same cost. Installation costs are lower than ever before and easy terms can be arranged, or you may have financial assistance through the National Housing Act. Ask your Edison office for full particulars on how to get more for your electrical dollar.

450 KILOWATT HOURS = **175 KILOWATT HOURS**

Homes using an electric range and water heater enjoy the use of more electric hours for every purpose at a lower average rate.

Investigate now the special combination offer on a modern electric range and water heater which gives you both for as low as \$11 down, available for a limited time at your dealers.
