

Here's where your food dollar goes at your Safeway Store

goes at your Safeway Store

When you spend a dollar here for food, Safeway receives only 1 and 6/10 cents of it. Over 75 cents goes to the farmer and the man who "processes" and transports the food. 11 cents pays salaries and other expenses. Most of this money stays in your own state—helps promote your prosperity.

Your Safeway grocer knows his living depends on your prosperity. By spending money here, by saving your money on food, by giving a larger portion of your food dollar to farmers in your state, he is helping you every hour of the day.

SILVER STAR BOYS make fine music FOR LODGE DANCE

Torrance Lodge No. 33, A. O. U. W., gave a dance on its last meeting night in Social hall on Torrance boulevard. Guest tickets were given out and a large number danced to the music of the Silver Star Ranch "boys." This orchestra is composed of Torrance high school students of which the following players, led by Mr. M. E. Stebeck, pianist, rendered fine music: Frank Lawler, Henry Popkoff, Harold Maasie, Otto Koch and Eugene Bryan. A good time was enjoyed by all.

The Ancient Order of United Workmen was organized nationally by October 27, 1885, at Meadville, Pennsylvania, by John Jordan Upchurch. It was the first fraternal beneficiary society to be organized in this country. As the A. O. U. W. increased its membership, grand lodges were organized in various states. In 1885 the grand lodge of North Dakota was instituted. For several years its activities were confined to the state in which it was organized. Later the jurisdiction of the grand lodge of North Dakota extends from coast to coast in 30 states. The home office for this large territory is Fargo, North Dakota.

Edison Board of Directors Re-Elected By Unanimous Vote

Stockholders of the Southern California Edison Company, Ltd., at their thirty-ninth annual meeting March 15, unanimously re-elected the present board of directors. As an innovation in conducting corporation annual meetings the Edison Company's stockholders meeting was broadcast by radio from the Edison building in Los Angeles to the company's 11 division centers throughout southern and central California. Hundreds of stockholders residing distant from Los Angeles were enabled to hear the annual meeting proceedings through the company's private broadcast facilities. This is believed to be the first time in history that any company has used this most modern method of communication for a stockholders' meeting. It was made possible through the company's extensive communication system, combined with the use of radio broadcast receivers and phonograph pickup facilities.

The re-elected board of directors is composed of Harry J. Bauer, president of the company; C. A. Buffum, George I. Cochran, John H. Fisher, Albert W. Harris, A. N. Kemp, Fred B. Lewis, A. J. MacFadden, Ben R. Meyer, W. C. Mullendore, Donald O'Melveny, James R. Page and Henry M. Robinson.
