Mrs. Abbey Uses K C Baking Powder

Here is Nina G. Abbey, noted home economist, surrounded by products she not only features in her cooking classes, but uses herself at home. Mrs. Abbey is telling her class that a coupon good for the famous K C "Cook's Book" is found in every can of double-tested, double-action K C Baking Powder.

Movie Star Prefers "Iris" Brand Canned Fruits

Delicious fruits of every kind picked at the peak of perfect ripeness and canned in a rich sugar syrup—this is the factor which makes Iris brand canned fruits favorites when fruit salads and other fruit dishes are on the family menus.

This preference for Iris canned fruits is attested to by charming Barbara Pepper, featured player in the film production, "Our Daily Bread." Miss Pepper, whose favorite occupation, next to motion picture acting, is preparing tasty meals in her modern kitchen, is shown in the photograph using a can of Iris fruits for salad—the delightful combinations of peaches, pears, apricots, sliced pineapple and cocktail cherries all packed in a single can.

"I have found," states Miss Pepper, "that planning and preparing meals is such a simple matter when I use Iris products. More than 200 individual items of canned fruits, vegetables and sea foods from which to choose are packed under the Iris label. All of them are the finest quality obtainable, and every homemaker is thus always sure of having easily available a wide variety of delightful dishes for every meal."

Six Pupils Chosen For Jr. Orchestra

Six pupils of the Torrance elementary school, the largest number that has ever been chosen from one group, have been selected out of the school orchestra to play with the junior orchestra at a concert to be held in June. The junior orchestra is made up of pupils from various schools in the Los Angeles system. Those who will represent Torrance are David Jacobs, Betty Weaver, Maurice Edens, violins; Frank Whiting, flute; Elleen Whiting, bells, and Elsmere Edens, cello. The Torrance orchestra has been directed by Mrs. Lyle Louise Husted, who has had charge of the music department for a number of years, and it is due to her splendid coaching that the Torrance school has been honored by having so many pupils selected.

Ace-Hi Flour Is Favorite In Southland

Forty years of practical experience in milling and blending fine flours assure a consistently fine product. That is why Ace-Hi family flour has won such reception in Southern California and why its sale has consistently increased.

Ace-Hi has built its reputation strictly on quality and it is quality that the modern woman demands in flour. Ace-Hi is made from blended wheat scientifically milled so as to make it suitable for all baking purposes in the household. Consistent laboratory control of all wheat to be used insures uniform quality. Actual analysis proves Ace-Hi family flour to be unsurpassed on this market. It is unconditionally guaranteed.

Mixmaster

To Be Given Away By Torrance Electric

A Sunbeam Mixmaster, the prize possession of so many modern housewives, will be awarded by the Torrance Electric Shop, 1413 Marcelina avenue, as one of the major prizes at the cooking school to be held next week in the Torrance Theatre.

On Thursday afternoon, Mrs. Hazel G. Carlson, factory demonstrator, will be a guest of the cooking school and will explain the many useful attachments of the Mixmaster.

BIRTHDAYS OF FAMOUS MEN

Gustafino Marconi, developer of wireless telegraphy, was born April 25, 1874.

THRILLS FROM THE FAMILY OVEN

Arrowhead Spring Water

Mayfair Milk

And Other Dairy Products Have Been Selected for Use in the Cooking School, Because they are always Dependably Pure!

Careful handling . . . strict sanitary requirements . . . a modern plant . . . sanitary equipment . . . proper sterilization and refrigeration . . . ALL THESE things and many others add an extra measure of purity for your safety!

And because MAYFAIR MILK is produced at local dairies, within a few minutes drive from our creamery, FRESHNESS is assured.

Insist on MAYFAIR . . . as Nina G. Abbey, noted home economist, has done for her use at the cooking school. You'll find, there IS a difference.
