

Authority to Arrange Loans For Home Equipment Is Given

Authorization which will permit the Star Furniture Company, 1273 Sartori avenue, to arrange all details in making loans under the Federal Housing Act for the purchase of modern, new home equipment was announced this week.

"This means," said H. M. Abramson, manager of the local Star Furniture store, "that customers may buy such equipment as gas and electric ranges, refrigerators, water heaters, and ironers, with no down payment, and terms may be extended as long as three years. All details are taken care of by us, without delay or red tape. No co-signers or other embarrassing conditions are placed upon securing such federal loans, and customers are allowed the government's regulation low interest rates."

Home owners including those who are buying a home, are eligible for a loan under the Federal Housing Act, Mr. Abramson explained. Customers living in rented quarters are offered the same merchandise under the Star Furniture Company's own liberal credit terms.

Many Women Are Interested In Electric Range

Contest Just Closed Reveals Popularity of This Kitchen Aide

"There was a lot of interest in the recent contest held by the Southern California Edison Company," said B. J. Scott of the Torrance Electric Shop, dealer in Westinghouse electric household equipment, "and I understand scores of women sent in letters in answer to the question, 'Why I want my next range to be electric!'"

"The average woman," continued Mr. Scott, "once she is informed of the many advantages of an electric range, its cleanliness, easy control and uniform performance, is sold on the idea of installing one in her kitchen. They are more and more popular as more women familiarize themselves with the worth and utility of an electric range."

Mrs. James Stocker of San Bernardino, was the winner of first prize in the contest, a certificate worth \$50 to be applied on the purchase of an electric range. Mrs. Stocker's letter reads:

"Yes, my next range will certainly be all-electric. Daily, more of my friends and neighbors are installing in their kitchens these modern wonders. Others are old users—satisfied, happy—never a complaint. From them, and from my own observation, I learn that cooking by electricity is cleaner, safer, and infinitely more convenient. That it is economical because of the rate allowed. That since the heat is even and easily controlled, results are uniform, and more wholesome and palatable."

"Briefly, that electrical cooking insures a maximum of efficiency, with a minimum of effort, time and expense. And, Oh, the satisfaction."

"Very truly yours,"

"VERA STOCKER."
Second prize of \$25 certificate went to Mrs. A. M. Hutera, of Santa Monica, and ten other contestants received certificates for \$10 each.

Lower Water Rates Ordered

A resolution authorizing a reduction in municipal water rates effective May 25, was adopted by unanimous vote of the Torrance city council Tuesday evening. A table showing the reductions authorized, compared with the present rates, follows:

Baths and Church Services
BATH, Me. (U.P.)—An 83-year-old man, whose name was withheld, was arraigned in town court on an intoxication charge. It was Wednesday. The court sentenced him to take at least three baths before Saturday night and attend church services Sunday.

Fox and Cat Switch "Babies"
HAMPSHIRE, P. E. I. (U.P.)—A fox rancher here has persuaded one of the animals to raise a kitten and a cat to raise a fox. The rancher switched the "babies." The mothers didn't mind and now are busy raising each other's offspring.

TROOP NO. 3
DAVID POWELL, Reporter

The meeting came to order when Jean Bordeaux blew assembly. Senior Patrol Leader Joe Bay had a very interesting meeting last Wednesday. After dues and roll call W. T. (Pop) Jones made an announcement on how the new recruiting contest would be run off.

After inspection, which was won by Jean Bordeaux, the troop had a little treat given by Mrs. Parks for Jimmie's birthday. Then the troop played games and passed tests.

The meeting was closed with the Great Scoutmaster's prayer.

Plans New Stamp Series
OTTAWA, Ont. (U.P.)—A series of 19 new stamps will be issued by the Canadian post office shortly as a result of a change in postage contracts. Six of the stamps will bear the King's head and the others will depict scenes of Canadian life and historic landmarks. The stamps will be available to collectors on June 7.

New Pastor For Baptist Church

The resignation of Rev. John B. Speed was very unwillingly accepted by the congregation of the First Baptist church on May 15. In the absence of Rev. Speed and before the new pastor, Rev. C. M. Northrup, of Burbank, takes charge, the church has been favored with the very experienced Dr. J. A. Scott.

Rev. Speed, who has resigned after almost five years of splendid work in this community, has accepted the pastorate of the La Habra First Baptist church.

Rev. C. M. Northrup, who has been preaching in Burbank for the past eight years, will be very heartily received by the congregation of the First Baptist church of Torrance. His service will start June 2, 1935.

HILLSIDE ROAD TO Palos Verdes TO BE RE-PAVED

Improvement of the stretch of hill-side road, commonly referred to as the "back road to Palos Verdes," was requested by the Torrance city council in an application to the county board of supervisors. The roadway, which is really an extension of Hawthorne avenue at Wateria, is badly rutted. City Engineer Leonard reported that he had been given assurance that the hill-side roadway would be graded and surfaced by the county if the proper application were made, which action was promptly taken by the city council.

Assurance that the extension and paving of Cedar avenue through the General Petroleum property would go forward as planned was also given by county officials, Mr. Leonard reported.
