- BLACK PEPPER RAJAH 2-oz. can **5**¢

New Allowance Of Water For Welfare Clients

County Charities Sets Up Minimum Scale for Payment

Beginning July 1, a new schedule of water allowance for clients of the county charities department in the Torrance welfare district will be placed in effect, it was announced today by Superintendent Rex Thomson. The present flat rate of \$1 allowed for those who live in their own homes will be cancelled, the announcement stated.

Wide variation in water rates throughout the county has been disclosed by the department's survey. Schedules vary from 35 cents a month for families of eight or less, in county water districts Nos. 1, 10 and 13, to \$4.16 a month for families of nine or more in the Palms Verdes area.

In the Whittier welfare district, which serves a large section of the southeast corner of the county, there are 62 separate companies now operating with varied schedules of rates. There are 142 water companies operating in the county, it was disclosed by a comprehensive survey just completed.

The survey, Thomson said, was made to determine a schedule of water rates that would be equitable for all clients within the county and to economize on time of the department's employees who have had to set up special excess budgets to equalize the different rates charged by the 142 companies.

Following is the minimum rate of various companies operating in this vicinity, showing how they vary, and the number of persons that the minimum rate will provide for, as computed by the department:

- Torrance Mutual Dept. No. 1, minimum \$1.25; enough for 3.
- Moneta Water Co., minimum \$1.00; enough for 3.
- Narbonne Ranch Water Co. No. 2, minimum \$1.50; enough for 3.
- Narbonne Ranch Water Co. No. 3, 75 cents; enough for 3.
- L. A. Co. Water Dist. No. 13 (Lomita), minimum 35 cents; enough for 3.
- Palms Verdes Estates Water Co., minimum \$1.40; enough for 3.
- Dominguez Water Co., minimum \$1.20; enough for 10.
- Quandt Water Co. (Waterbury), minimum \$1.50; enough for 6.
- American States Co. (Harbor City), minimum \$1.28; enough for 2.

Letters to the Editor

LEGION GRATEFUL
The American Legion wishes to take this means of thanking Mr. VanDerlip, of the Torrance Theatre, Mrs. Zabelle, of the Zabelle Dancing School, and those of her pupils who took part in the Torrance Herald, and the following business firms: Sandy and Scotty, Baker Smith, Beacon Drug, Doley's, Levy's and the Torrance Pharmacy for their assistance which enabled us to produce our "Amateur Night" last Wednesday at the Torrance Theatre.
L. R. DRAKE,
Chairman,
Americanism Committee.

New Cleaning Shop Opens On Sartori

Quarters at 1306 Sartori avenue, formerly occupied by Graham Bros., master cleaners, have been taken over this week by Mrs. Louise Moyes, well-known Torrance resident, who is opening a cleaning and pressing shop there. Mrs. Moyes will feature quality service, cheerfully rendered, and will carry on a dressmaking, alterations and repair shop in connection. Reasonable prices will be maintained consistent with the quality of service rendered.

STORY 2

Continued from Page 1

county-wide preference for the project being located at Redondo Beach.

"Mayor McClain suggested that the committee secure an immediate audience with the county board of supervisors to learn if they are sitting in Palms Verdes or Redondo Beach."

"Chairman Thompson said he would arrange for a conference with the supervisors in the near future. He pointed out that the application, made by the county to the Public Works Administration for \$1,800,000 for the harbor and \$170,000 for a county pier, ranked fifty-sixth in the state's list of wanted projects.

"In announcing he would sever his affiliations with the group seeking the harbor for Malaga Cove, Hawkins said, 'I am always being misunderstood while being on this other committee, so I will resign from it.'

"Prior to this announcement, Mrs. Maud Dawson Shea, postmistress, had asked Hawkins how he could consistently be vice president of the Palms Verdes group and also on the executive committee of the Redondo Beach organization."

Pride of Bay Now Scow
SANDUSKY, Ohio. (U.P.)—The old passenger steamer Arrow of the Sandusky and Lake Erie Island Line, the pride of Sandusky Bay a quarter of a century ago, now is a scow at Chicago.

Side Sleepers
SAN FRANCISCO. (U.P.)—Unable to settle the dispute whether a passenger should sleep head or feet forward, the Southern Pacific has rigged up its sleeping cars so sleepers can snooze lying sideways.

Frat Moved to Gas Station
LOS ANGELES. (U.P.)—When the landlady refused to pay for repairs to their fraternity house, stalwarts of the Alpha Tau Omega fraternity at the University of California at Los Angeles moved into a nearby gas station—beds, pennants, and all.

Music More Popular
SALT LAKE CITY, Utah. (U.P.)—"Music will some day rival football in popularity among the American people," said Jascha Heifetz, internationally renowned violinist, during a brief visit here.

WHOSE WORD WILL YOU TAKE FOR BLOWOUT PROTECTION?

Low wheels, larger tires, and the high speeds of today make blowout protection in your tires vital to your safety as never before. Are you accepting exaggerated and unsupported advertising and sales claims—or are you accepting the judgment of men who risk their lives on their tires and know from experience the tire that gives them the greatest blowout protection?

Thirty-three race drivers and their mechanics lined up for the dangerous, grueling grind of the 500-Mile Race at the Indianapolis Speedway May 30th. Firestone Tires were purchased and used on every one of the thirty-three cars.

Kelly Peillo won the race at an average speed of 106 miles per hour. Wilbur Shaw was second, flashing across the finish line just behind the winner. Both drivers broke the track record without tire trouble. In fact, not one of the thirty-three drivers had tire trouble of any kind.

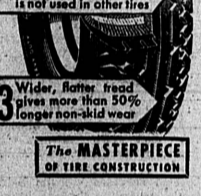

Gum-Dipping is one of the outstanding reasons why Firestone Tires give such amazing performance. By this process every cotton cord is soaked and every strand is insulated with pure liquid rubber, preventing internal friction and heat, the main cause of blowouts. Gum-Dipping is a patented extra process not used in any other make of tire.

Protect your life and the lives of others by equipping your car with Firestone Gum-Dipped High Speed Tires—the safest tires built. It will be worth your time to read these three questions and their answers:

QUESTION 1—"Will the tread give me the greatest traction and protection against skidding?"
ANSWER—Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of other popular makes of tires.

QUESTION 2—"Are they built to give me the greatest blowout protection?"
ANSWER—Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.

QUESTION 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"
ANSWER—Thousands of car owners report unequalled mileage records—evidence of the longer wear and greater economy of Firestone High Speed Tires.
