Enter ye in at the strait gate: for wide is the gate, and broad is the way, that leadeth to destruction; and many there be which go in thereat: because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it." The Lesson-Sermon includes also the statement of Mary Baker Eddy from "Science and Health with Key to the Scriptures": "I have demonstrated through Mind the effects of Truth on the health, longevity, and morals of men, and I have found nothing in ancient or in modern systems on which to found my own, except the teachings and demonstrations of our great Master and the lives of prophets and apostles.
