

## Keeping Up With Torrance High

By RAY DAVIS

A little bit of news that the general public is not familiar with is the fact that if the Tartars defeat Gardena, the championship of the Marine League will remain in the hands of Torrance. This is due to the fact that the Tartars are victors of 17 successive games. For this season alone, though Narbonne and Torrance are tied for the championship.

The author does not wish readers to feel that Torrance thinks it has the championship in the bag for this is a great season of upsets, but Leuzinger, beaten by Torrance, defeated Gardena, and Narbonne, before their tie with the Tartars, defeated Gardena also. By comparative scores, the Tartars should take the Mohicans in tomorrow's game on the Gardena grid.

Let's have as large a turnout for the Gardena game as there was for last week's game. The yells from the rooting section were greatly appreciated by the boys on the field and had much to do with the final score. Maybe a few more voices tomorrow will mean a few more points for Torrance—we hope. Let's be there to support loyally the Torrance Tartars.

Due to the sudden death of his father in the east, Mr. A. Pierce Artran, who was to give a talk on reptiles in a pay and call Tuesday afternoon, asked that his scheduled talk be postponed until he returns. This is an event looked forward to by all, for many have little or no knowledge of reptile life. Mr. Artran will have with him several species of various reptiles, including the gila (hela) monster, an orange and black lizard whose bite is deadly poisonous and incurable. Now we have even more to look forward too, for while we are waiting the reptiles will be growing larger and larger. Ours for bigger and better snakes (in the grass)!!!

Torrance high school is again facing a trying situation in the basketball season. Unable to find a coach for the squad, Coach B. J. Donahue placed Bob Carson, a former Torrance student and basketball star, in charge of the boys.

Some of last year's stars who will play this year are Walter Bunje, Kenneth Hull, Takashi Kiyomura, Dave Williams, Junior Lane and George Isbel. The boys are making great progress, taking up where they left off at the end of last season, and will probably have their first game in the near future.

A week ago today our debating teams clashed with those of Washington high in Los Angeles and the honors were even, for at Washington our team won, and at Torrance their team won. The subject was "Resolved That State Medicine Should Be Established in California."

At both schools it was the negative sides that triumphed, representing Torrance at Washington were Adeline Morisset and Walter Bunje. A three to nothing decision was voted in their favor. Debating here for Washington were Ernestine Stockton and Priscilla Stevens. Their arguments were notable for clearness and the style in which they were rendered. It was a two to one decision for them. Opposing them were Lucille Stroh and Phillip Jensen. The judges were Miss Parks, Miss Eva Jones and Mr. Elson. This debate is an annual affair and will be anticipated with relish again next year.

Although it was a week ago today that the first night meeting of the Torrance Forum was held, the Halloween atmosphere prevailed in the refreshments, popcorn and apples, although they weren't on a string. After a short business meeting in which it was decided to challenge the World Friendship Club to a debate, the program followed. Current topics were given and an informal debate was held on the subject of whether women should be in industry or not. This meeting clearly showed the result of the membership drive and some of the new members will have to postpone entrance.

### Candle Ignites Window Curtain

A pumpkin, a candle, and a window curtain combined to call the Torrance fire department Wednesday evening, to the home of Harry H. Pegore, 1723 Martina. The curtain, the candle, the pumpkin and the Halloween fun were ruined.

The department was called to Carson and Abalone Sunday to extinguish a grass fire.

## A&P CELEBRATES SEVENTY-SIXTH ANNIVERSARY

Red Wagon Used by A&P in 1850's for Sale of Merchandise in Outlying Districts.

Today's A&P Food Market—With All Latest Improvements.

### Morgan Twins to Open Style Salon

Gloria Morgan Vanderbilt, right, and her sister, Lady Furness, regarded as being among the best dressed women in the world, as they arrived in Los Angeles over the Union Pacific to open a style salon. Mrs. Vanderbilt refused to divulge plans for further court action in her attempt to set aside custody award of her daughter, Gloria, to Mrs. Harry Payne Whitney.

### Linked in Wholesale Slaving

Mrs. Larry Paulos, 27, confessed to Seattle police that she aided Leo Hall, right, in the slaying of six persons near Bremerton, Wash., 18 months ago. Hall repudiates all confessions and denies guilt.

### Four Are Injured In Auto Accident

L. F. Sartin, 1236 Amapola avenue, was treated for cuts and bruises at the Jared Sidney Torrance Memorial hospital Tuesday morning following a collision at Carson and Vermont avenues. Mrs. Hattie Bowen, 929 West 164th street; Mrs. Martha Park, 37 West 181st street, and Mrs. Irene Clark, 925 166th

Place, all of Gardena, occupants of the other car were more or less injured. Mrs. Bowen is still at the hospital with a fractured collarbone and pelvis and numerous minor injuries. Mrs. Park received a deep cut on the thigh and Mrs. Clark a laceration of her wrist. They were able to go home after first aid. The ladies were on their way to Torrance at the time of the accident.

## Paris Styles

By MARY FENTRESS  
United Press Staff  
Correspondent

PARIS. (U.P.)—At this season the ensemble which can be worn from 5 o'clock to midnight takes first place in the wardrobe of the average woman who wants to be suitably dressed but cannot afford the numerous changes of costume that a fatter pocketbook permits. One ensemble, if carefully selected, can be worn for cocktails, the not-too-formal dinner party, bridge or the theatre.

Lames and velvets are materials that can be adapted practically for the tailored all-time suit. For example, a wine red lame, faintly wrought with gold makes one of the new dressy suits with a slim, ankle-length skirt which flares slightly at the hem, and a short basque jacket flared sufficiently to balance the fulness at the feet. The blouse can be changed to suit the occasion, gold lame for dressier wear and a simpler blouse of wine-lame for informal occasions.

This type of suit is even more practical in dark velvet. Ivory satin can make the practical blouse, while one of silver, gold or colored lame immediately makes the suit more formal. Still a third costume can be made by wearing the skirt with a top of black velvet made high at the neck with long, tight sleeves and split down the back to add a touch of formality.

### TODAY'S FASHION TIP

A tailored suit of lame or velvet can be worn for most occasions between 5 o'clock and midnight.

## Permit To Operate Gravel Pit Asked

Petition for permit to operate a sand and gravel pit on property at Lomita was filed this week with the board of supervisors, by C. B. Hollingsworth.

Date for a public hearing will probably be necessary, it was explained, since the county surveyor reported to Supervisor John R. Quinn that there were about 425 dwellings within a

half-mile radius and several highways.

Agreement also will be required with the county road department whereby excavation may not be made within a certain minimum distance from public roads, to forestall danger of cave-ins, it was explained by the county surveyor.
