

Keeping Up With Torrance High

By RAY DAVIS

Narbonne's G. A. A. has invited the Torrance chapter of G. A. A. to a demonstration of two women's professional hockey teams tomorrow on Griffith Field.

Another Play Day will be held on November 25 at Griffith Field to which Torrance, Gardena and San Pedro are invited. The events in which the Torrance girls are to enter are horseshoes, tennis, volleyball, basketball and speedball.

Torrance high's Commercial Club decided on a party which will be held on Thursday, December 12, at a recent meeting. The club has also decided to go on a trip shortly after the first of the year.

Officers of the club for this year were elected as follows: President, Catherine Casbaker; vice president, Ruth Colburn; secretary, Lucille Stroh; treasurer, Lena Andrews; and reporter, Adeline Morrisset.

Although the 1935 version of Coach Carson's basketball team is very small, the boys have dribbled through a lot of hard practice and are ready to meet opponents. The Marine League schedule has not been announced as yet, but the first league games will be December 6.

Coach Bob Carson, finding the need of an assistant, called on Gail Travers, a varsity basketballer two years ago.

The author is taking this opportunity in asking the support of the citizens of Torrance for the basketball team just as strong as it was for the pigskin toters.

This semester's art appreciation class at Torrance high has accomplished many things in the last nine weeks. Along with an oral report from every member of the class, every five weeks is a written report.

The students have had the use of a slide lantern which has been a great help in many difficult details.

Chairmen were appointed by Miss Ada Chase for committees which handle the reports every five weeks. They are Fred Ralston, Bob Turner, Mickey Humer, Mildred Neelands, Jack Piper, Pat Carlin and Ray Davis.

Although the facts are few and far between, it is rumored that the Tartars will meet the Fairfax high Colonials one week from tomorrow on the Englishman's grid.

The Tartars will play in another milk fund game at the Coliseum on November 27.

This week, Friday, is the end of the first ten weeks and consequently report cards come out. The new system will be in effect and it is completely different. It is as follows: Recommended; S—satisfactory; C—passing; if grades average C through school one receives a certificate of graduation not a diploma; N—not satisfactory or failing.

The general department also counts very much in the new system.

The requirements for the Scholarship Society are also different. They are based not only on the grades but also on the activity of the student around the school. The grading requirement is from R's.

Students Find 42 Skeletons
BELOIT, Wis. (U.P.)—A party of Beloit college students, including two co-eds, has returned from the southwest with 42 skeletons, 165 pottery bowls, and a number of other trophies. The specimens will be exhibited at Logan museum here.

\$10 Fire Costs City \$30
QUINCY, Mass. (U.P.)—It cost the City of Quincy \$30 to fight a \$10 fire. A city truck collecting street repair lanterns on Squantum Causeway, fronting Quincy Bay, caught fire. Six pieces of apparatus responded. Damage to the truck was only \$10.

Celery Harvest In This Section Will Be Large

Lomita Crop Always In Demand In Markets In the East

Celery plantings in the Torrance and Lomita areas will show a sizeable increase in the winter and spring harvest, according to a report of the county agricultural department for the month of October.

Tomato shippers, the report stated, expect to operate until the season is terminated by rain or frost.

Wind damage to crops from the storm of October 22 and 23 was slight to negligible on all crops with the exception of beans, avocados, olives, oranges and lemons. In only one foothill section, 5 to 7 percent of mature Valencia oranges still on the trees were lost. The remainder of the county escaped.

Avocados and lemons in exposed places along the foothills suffered varying amounts of drop of fruit. Damage in olive groves was scattered.

An asparagus survey was made by the agricultural department recently, and the total acreage was found to be 1,046 acres, the report stated. Losses to the bean crop from the wind cannot be estimated accurately, because it is not yet known how much salvage will be possible. Growers' Associations believe injury will amount to 25 percent.

Notice of Intention
Notices of intention to marry were on file with the county clerk in Los Angeles on behalf of the following residents:
Edward Melz, 24, of 2340 Lomita boulevard, Lomita, and Myrtle Perkin, 22, of 2208 Gramercy avenue, Torrance.
Clifford L. Armstrong, 22, of 1811 Andrea avenue, Torrance, and Mary Ellen West, 21, of 2009 Plaza del Amo, Torrance.
Monis McEwen, 30, of 1058 251st street, Harbor City, and Shirley W. McKay, 18, also of Harbor City.
Edgard Francis Rees, 22, of Redondo Beach, and Dorothy G. Jansson, 20, of 16117 Menlo avenue, Gardena.

Lake Disasters Recorded
MANTOWOC, Wis. (U.P.)—Marine disasters on the Great Lakes from 1900 to 1935 are described and tabulated in chronological order in a record book of Captain Edward Carus, retired local marine authority.

Newspaper Aids Jobless
SANDUSKY, O. (U.P.)—The Sandusky (O.) Star-Journal has opened page one of its daily editions to all factories and shops in the city who desire to reach their employees to call them back to work. The service is free.

STORY 1

Continued from Page 1

other. This is a very well-known number, played by many organizations and much beloved by all.

The closing march is one especially noted for its brilliancy of melody and pompousness.

Many other short popular numbers will be featured during the evening which are not given on the regular program—some of them especially requested.

In backing this series of concerts, Torrance is placing herself in a position unique among small towns of the United States as well as in Southern California. The backing of a symphony orchestra is undertaken only with trepidation by the very large cities of our country. Torrance's success bespeaks a community spirit of the highest caliber.

The following program will be given:

1. Overture Banditenstreich (Jolly Robbers).....Suppe
2. Suite.....Ed German
No. 1—Valse Gracieuse
No. 2—Souvenir
No. 3—Gypsy Dance
3. Fantasia, G. Verdi's La Traviata.....Tavan-Roberts Orchestra
INTERMISSION
1. Waltz from P. Tschalkowsky's Opera Eugene Onegin.....Arr. by Chas. J. Roberts Orchestra
2. Group of popular operatic arias and songs, with orchestra accompaniment Mrs. Gifford
3. Andante from "Surprise Symphonie".....J. Haydn Orchestra
4. Selections from popular operettas and ballads Mrs. Gifford
5. Under the Double Eagle.....J. F. Wagner Orchestra

Local Shriners Bid to Join In Desert Hegira

Hot Sands Ceremonial Planned By Shriners of Three States On November 23

Three states, California, Arizona and Nevada will be locales, and seven modes of transportation used by Southland Shriners of Al Malakiah temple when they trek to the desert for the most spectacular hot sands Arabic ceremonial yet attempted in Shrinedom's history, Saturday, November 23. Starting by special trains at 1 p. m., 5,000 for wearers and 100 neophytes will leave Fullmans at Yermo to proceed to an uncharted oasis in the California desert, upon which an ancient Arabian village is being constructed. Camels, burros, horses and elephants will carry Shriners and candidates through ceremonies by which the latter become nobles of the mystic Shrine. Initiation follows an evening barbecue, and after the ceremonial all will return to their trains, to awaken Sunday morning in Boulder City.

From Boulder City a fleet of buses will take Shriners, new and old, on a tour of Boulder Dam and Boulder Lake, invading Arizona and Nevada. Nobles will be given a boat ride on

Boulder Lake, which now fills the giant chasm where a year ago another spectacular ceremonial was staged. The circle journey will be scenic in the extreme, according to illustrious Potentate Lafayette S. Rounsaville, taking Shriners through the painted mountains of Arizona.

Colorful robes of the potentate's divan, and uniforms of the Al Malakiah patrol; Temple Guard; Shrine Band; Black Stallions and Stagecraft Club will be seen mounted on fiery steeds, elephants, camels and burros charging on a mosque reproduced in exact detail from a famous structure at Bagdad.

After the Boulder Lake trip the specials will take nobles to Las Vegas, for a day and night of pioneer frolics. By 8 o'clock Monday morning the last train will be back to Los Angeles. George J. Ramsey, recorder of Al Malakiah temple, is in charge of reservations, which should be made at the earliest possible moment as train, bus and boat capacity is limited.

Father of 11 Deserts Home—NORWALK, O. (U.P.)—Harrison Stewart was indicted for non-support because, it was charged, he deserted his triplets, two sets of twins, four other children and his wife.

Pensioner Gives Age As 108—MORRILTON, Ark. (U.P.)—There was little doubt expressed concerning the eligibility of Margaret Green for an old age
