SAFeway HELPS market huge crop OF WALNUTS

California's walnut industry, confronted with one of its largest crops in years, will be aided by Safeway Stores, Inc., in stimulating consumption of its products during an intensive pre-Holiday Season, Producer-Consumer benefit campaign, to take place this week, it was announced today.

The campaign will be waged throughout the entire Safeway organization, and it is anticipated that more than a quarter million pounds of walnuts and other varieties of nuts will be moved into consumption.

The California Walnut Growers Association, organized to help improve marketing and production of the industry, is co-operating with Safeway Stores in the conduct of this latest "farm relief" campaign, it was stated.

Mr. Ralph Pringle, divisional manager of Safeway Stores in Southern California, said that the facilities of the company in 21 states, comprising more than 3,000 stores, would be used to help increase the consumption of walnuts.

"The nut crop in California," Mr. Pringle said, "is estimated to be the largest in recent years, and, inasmuch as prices are somewhat lower than they have been, we will endeavor to do the very best sales job possible so that the California walnut industry will not be forced to suffer through an unnecessary surplus of its products."

"Newspaper advertising will be used by each Safeway district in an effort to encourage the housewife to buy more walnuts for immediate consumption and particularly for use during the Thanksgiving and Christmas holiday periods."

CHURCHES OF CHRIST, SCIENTIST

A Lesson-Sermon on "Mortals and Immortals" will be presented on Sunday in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. A Bible selection presents these verses from Paul's epistle to the Romans: "Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? Nay, in all these things we are more than conquerors through him that loved us. For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord." Among the correlative citations from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, are the passages: "The spiritual man's consciousness and individuality are reflections of God. They are the emanations of Him who is Life, Truth, and Love. . . . God, the divine Principle of man, and man in God's likeness are inseparable, harmonious, and eternal."
