**Infant Joins Pension Club**  
GERBER, Calif. (U.P.)—Ida May Fisher's parents have an eye for the future. Two hours after the girl was born she was enrolled in the local Townsend Old Age Pension Club.

**Hamburg Yards More Active**  
HAMBURG, Germany, (U.P.)—Commercial shipbuilding yards that have been idle now are working at about 50 percent capacity. Orders for 63,700 tons of ships have been received.

**FAMOUS EVENTS**  
The Pilgrims reached Cape Cod and executed the famous "Mayflower Compact," November 21, 1620. North Carolina ratified the Constitution, 1789, the twelfth state to do so.

### Construction of Farm to Market Roads Doubtful

Officials Debate Eligibility of Palos Verdes Highway Work

Whether or not Palos Verdes drive shall be constructed for some three miles near Portu-guese Bend as a "farm to market" road with federal emergency funds hung in the balance this week while county and state officials debated its eligibility.

Spencer V. Cortelyou, division engineer for the state highway commission in Los Angeles, conferred with Alfred Jones, county surveyor, and other county road department officials Monday afternoon.

No decision was made, however, and efforts were being made Tuesday to figure some way to keep it in the federal program of road building in Los Angeles county. Other projects to benefit from emergency funds are Imperial highway westerly from the Orange county line, Somerset avenue in North Long Beach, San Gabriel canyon road, Sepulveda boulevard extension near San Fernando, and possibly one or two others.

### Demonstration For Poultrymen

The poultrymen's department, in co-operation with the agricultural extension service, is pleased to announce that the University of California will give a demonstration of new poultry experimental data on the second floor of the grandstand building at the Los Angeles county fair grounds, Pomona, from 10:00 a. m. to 3:00 p. m. on Tuesday, November 26.

According to Alfred Demblon, chairman of the poultrymen's department, this will be a very worthwhile activity, and he urges poultrymen to attend this demonstration and keep up to date on poultry practices.

### Santa Fe Will Operate Stage Line Service

Co-ordinated Stage and Rail Service Is Planned By Railway Company

Reduced stage and railroad fares between California cities and a complete interchange of tickets will be put into effect on the Santa Fe Stage and California lines of the Atchison, Topeka and Santa Fe Railway Company, if the state railroad commission grants intrastate stage line service to the Santa Fe Transportation Company, an affiliate of the Atchison, Topeka and Santa Fe Railway Company.

This was revealed Tuesday in an application for authority to operate in point to point service within California filed with the state railroad commission in Los Angeles by the Santa Fe Transportation Company.

**Reduced Fares**  
Fare reductions of 25 percent under those now offered the public, complete interchange of tickets between stages of the Santa Fe Trails system, now operating in interstate service, and the Santa Fe Coast Lines and complete coordinated stage and rail service will be made available to the public.

In addition, the coordinated stage and rail service will bring two great sections of California, the north and south areas, closer together by a reduction of several hours in travel time under schedules never heretofore offered the public.

The application assures the public that the Santa Fe Transportation Company will put into effect between all points served by it in California stage fares of one and one-half cents per mile.

**Ticket Interchange**  
In addition to the interchange of tickets between Santa Fe stages and Santa Fe rail lines within the state is assured in the petition.

The Santa Fe Transportation Company has also been advised, the application sets forth, that the Atchison, Topeka and Santa Fe Railway Company will reduce between all points on its lines in California its intrastate rail coach fares to one and one-half cents per mile.

Fares between various cities, whether the stages or the trains travel more mileage between them, will also be comparable.

The complete interchange of tickets will then enable passengers purchasing either stage or railroad tickets to have a choice of transportation either by train or stage at the same fare.

### School District Bond Bids Asked

Bids on \$16,500 in school bonds of the Palos Verdes school district will be opened Monday, December 2, by the board of supervisors, it was announced today.

The bonds will bear 5-percent interest. They will be sold for cash only, and at not less than par and accrued interest.

Assessed valuation of the taxable property in the Palos Verdes district is \$5,160,000, and the amount of bonds previously issued and now outstanding is \$130,000.

Area of the Palos Verdes school district is approximately 24.15 miles, and the estimated population of the district is given as 1,580.

# Choose NORGE

**CHOOSE the NORGE "Autobuilt" WASHER**  
BECAUSE OF ITS SUPERIORITY  
over all other makes, but particularly because of its

**3 EXCLUSIVE FEATURES**

1. Borg-Warner Corporation, makers of transmissions for America's finest cars, have put into the NORGE washer the same quiet, long-life, efficient gears to give their product a superior driving mechanism.
2. The NORGE "Feather Base" agitator insures SPEED... CAPACITY... NON-TANGLING... and PROTECTION even to the most delicate fabrics.
3. The exclusive NORGE "System of Quietors" absorb normal wear where washers ordinarily get noisy and give longer life with the absolute minimum of noise.

**CHOOSE the NORGE GAS RANGE**  
Because It Is a Revolutionary Development in Modern Cooking Equipment

It has the new exclusive "Concentrator" burner which provides quicker heat, saves fuel and prevents spilled liquids from clogging ports.

The new self-lifting Broilator... an exclusive development... uses a new principle in cooking that brings you a new taste thrill.

The new easy-to-clean oven has received the praise of housewives everywhere.

See this efficient as well as beautiful gas range today.

**CHOOSE the NORGE "Rollator" REFRIGERATOR**  
Because It Is the CONVENIENT Refrigerator, the DEPENDABLE Refrigerator, the ECONOMICAL Refrigerator

The NORGE is ECONOMICAL because it provides maximum food storage space, thus encouraging economical quantity buying. Its dependable COLD prevents food spoilage. So little current is needed for its operation that you scarcely notice the difference on your light bills.

It is CONVENIENT because everyone of its many features is so arranged to overcome every possible objection of the shrewdest housewife.

It is DEPENDABLE because it has dependable mechanism... the famous NORGE ROLLATOR... with but three moving parts. Ask to see the new 1936 models now on display.
