**Civic Program  
Recorded For  
Historical Use**

Ten years, 25 or perhaps even 30 years from now, citizens of Torrance will be able to hear the program carried out Saturday night on the occasion of the dedication of the new civic buildings. The voices of the speakers, the music, and all the incidentals of the program have been preserved for the benefit of future generations who may get a thrill out of hearing just what was said and done on that memorable occasion.

Wesley Rose, 2321 Sonoma, who has been dabbling in radio and sound transmission work for several years, is responsible for this unique and valuable contribution.

While the program was being carried out, Rose was backstage with his recording equipment, making records of all that transpired. Nine 10-inch records were required to hold all of it, and the reproduction is perfect.

In addition to his work Saturday night, Mr. Rose furnished all the sound equipment used in the grand opening celebration at the Star Department Store.

**Around the  
Council Table**

Councilman Tolson presided at the meeting held Wednesday afternoon, July 1, Mayor Stanger being absent due to the illness of his mother.

On recommendation of the chamber of commerce, \$450 was appropriated to defray the expenses of Louis Zamperini, track star, to New York and the Olympic Games at Berlin. In case Zamperini doesn't qualify at New York for the Olympics, \$150 is to be returned. Dr. Abden W. Smith addressed the council in support of the appropriation.

Another recommendation of the chamber of commerce that the city purchase a piano for the auditorium was denied.

Payment of \$150 to the Torrance Municipal Band for the part in the civic building dedication ceremonies was approved. \$89 of the amount being the balance of a former allotment.

An offer of the Dominguez Water Company to provide a stand-by reserve supply of water at a monthly rate of \$100 was declined.

City's contribution for water on the WPA farm project will not exceed \$100 per month, WPA officials agreeing to pay the balance. Last month the city furnished \$217 worth of water. Thirty-one Torrance citizens are employed on the federal project.

Contract with the County to supply library services at \$8000 per year was approved. This service covers salaries of personnel, books, etc. It is \$1000 less than the amount paid last year.

**20-30 Club Hears  
Talk On Telephone**

Twenty-Three Club boys heard a most instructive talk on telephony at the meeting Monday night, delivered by Dean T. Smith, of the Southern California Telephone Company. Mr. Smith led the young men through many phases of this intricate business and gave them an insight into its workings. Mr. Smith also demonstrated the mechanical parts, a device which enables the voiceless to speak and the deaf to hear. He was assisted by Mr. Hutchinson, and the two gave the boys a very interesting evening.

The 20-30 dance, sponsored by the Torrance club, and attended by representatives of many other 20-30 clubs in the district, which was held at Hollywood Riviera clubhouse Friday night, was a great success and will be followed by other social affairs.
