Nancy Ann Celebrates Her Sixth Birthday

Happy birthday, said the table cover. Happy birthday said the napkins. Happy birthday said the plates and three bunches of gaily colored balloons that decorated the long table where 20 children were seated fairly burst for joy when the group sang happy birthday for their little hostess, Nancy Ann Whyte, who was seated at the head of the table ready to blow the six lighted candles on a pink frosted birthday cake.

This jolly affair celebrated the sixth birthday of Nancy Ann Whyte, daughter of Mr. and Mrs. Grover C. Whyte at their home, 1620 Post avenue, Saturday afternoon.

Before tasting the ice cream and cake, each little guest donned a paper hat and tried the tiny horns to see if they would blow. They did. After refreshments were served Nancy Ann led her little guests into the garden where party games furnished no end of fun. The best game of all was the one in the tent, where each child went to fish and returned with a prize catch.

For the girls there were dolls, dishes, ships and movie slides. For the boys there was a paper hat and tried the tiny horns to see if they would blow. They did. PROPER SKIN CARE FOR SUMMER DAYS
By IRENE LIPP

Beaching, the summer sun and raw salt air wreak havoc with sensitive skins. To avoid disastrous results from the abrasive action of the summer winds, the natural oils which have been burned out by them should be replaced daily by a thorough massaging with a good muscle oil followed by the plentiful use of a tissue cream.

Once each week the face should have a professional facial given by a beauty operator to stimulate and condition the skin.

Before retiring a night cream should be patted in to the skin thoroughly. In the morning this should be removed and an astringent lotion applied before putting on the make up for the day.
