

"Wild Birds" at Musart

"Wild Birds" Dan Tótheroh's drama of life in the raw is an American backwoods attraction into that interesting theatre, the Federal art, 1320 South Figueroa, tonight, Aug. 20. Federal Theatres have assembled a picked cast of a dozen to interpret the hard-bitten roles which the play calls, with Melia Robin Craig as Mazie, pathetic little slavey of the play, and George Brian Morgan as Adam, the boy sweetheart. "Triple A Plowed Under," with sound picture, "The Plow Broke the Plains," shown as a prologue feature, will be as a Federal Theatres' attraction at the Mayan until next day. Tolstoy's tragedy-drama, "Demption," which has just

Wrenches Good As Ball
AMSTERDAM, N. Y. (U.P.)—When Walter Morse was fined \$2 on a reckless driving charge he offered five monkey wrenches in lieu of bail. The wrenches were accepted.

completed a three-week engagement at the Musart, has been returned to the Greek Theatre for an additional six-day engagement, starting Tuesday.

The Theatre of the Magic Strings, presenting Marionette performances at 3834 Wilshire boulevard, will stage "Snow White and the Seven Dwarfs" on Wednesday and Saturday of the week, with "Sancho Panza" holding the tiny stage at the evening shows from Wednesday to Saturday, inclusive. The engagement of "Miracle At Verdun," has been extended an additional week at the government's new experimental Theatre, 7512 Santa Monica boulevard.

Five Men Escape Wrecked Car

Five men, including the driver C. A. (Dook) Renfro, 1026 Palm street, Hermosa Beach, escaped uninjured from a wrecked car which overturned on the state highway at Watteria Saturday evening. Renfro was booked at the Torrance police station on a charge of drunk driving, and his companion, Harry Morgan, 326 No. Catalina, Redondo Beach, was booked as drunk. Renfro it is said had been swerving the car from one side of the road to the other, and the machine finally went out of control and turned over. Officer Percy Bennett heard the crash and assisted the men out of the car. Renfro and Morgan were released on cash bail to appear Aug. 24.

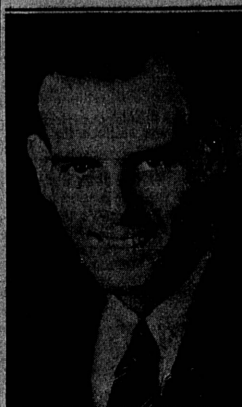

Miller Holds Big Sales Event

Local Furniture Store Celebrates Fourth Anniversary; Offers Hundreds of Bargains To Buyers

Climaxing their first year at the present location and their fourth year in business in Torrance, the Miller Furniture Company, 1513 Cabrillo, starts a great selling event today, appropriately named "Miller's Double Anniversary Sale." The sale will continue up to and including Saturday, Aug. 29.

Prices for the big sales event will be the lowest in Miller's history, says Jack Miller, proprietor, and emphasizes that many items have been reduced from a half to three quarters of their original selling price. All thought of profit and even of the first cost has been forgotten in this sale, and wise shoppers will find a store literally chocked full of good, desirable merchandise that can be bought at a fraction of its old price.

Plans Sale

William R. McLeod, known to all as "Mac," is another Miller Furniture Co. employee who has been working overtime in preparation for the big "Double Anniversary Sale." "Mac" has been with Jack Miller only about eight months but has developed into one of his most valuable men. Previously, Mac operated his own business in Okemos, Mich., and prior to that was engaged in highway construction in Detroit.

Mac has every confidence that the big furniture and home furnishing sale which opens today at Miller's will be the most outstanding sales event of its type in the history of Torrance. Ruthlessly and even savagely Mac himself has wielded the red pencil, and as a result hundreds of items will go on sale at tremendous reductions.

Works Hard

In addition to new merchandise which has been purchased especially for this event, Miller's will feature many exceptionally fine values in clearance merchandise. Renovations and moving of stocks to permit larger display space has been in progress for several days and hundreds of items will be sacrificed to make way for new fall lines.

"All is in readiness," said Jack Miller, "for the big sale. And we want the people of this community to know that this is no ordinary sale, but a genuine, bonafide offering of merchandise at prices that cannot be beaten or duplicated in this entire trading area. We have planned for months for this event and we know that we are giving the people the greatest furniture, appliance, and home furnishing 'buys' they have ever seen in Torrance."

Playground Athletes In Track Meet

The annual summer playground track meet, sponsored by the Los Angeles city schools, will be held on Saturday, Aug. 22, at Fairfax high school, it was announced today by Martin Trieb, assistant supervisor of physical education for the L. A. city schools.

tonight, Torrance Chamber of Commerce building, 7:30 p.m. For further information, read story printed in another column of this newspaper. . . . When the American Olympic team returns next month from their tour of Europe, track and field fans of this country should be on hand to give the athletes a big hand, and the A. A. U. officials, (especially Avery Brundage) a big Bronx cheer. . . . King football will soon take his throne and rule with a mighty hand over athletics for a few short weeks. . . . Football followers of Torrance high should not forget that mighty San Pedro high will be included in the Marine league this year.

Baseball is Really Going Over In Japan

The extent to which professional baseball is taking hold in Japan is illustrated by the decision to construct a new ball park in Tokyo, with a capacity of 75,000 spectators. Osaka already has Koshien stadium, which will accommodate 75,000. Tokyo has no professional park, Meiji Shrine Oval, with a capacity of 60,000, having been used exclusively for amateur games. The land of the "Rising Sun" is gradually forging ahead in the athletic world.

Extension of Water Service Is Requested

Lomita Residents South of State Highway Seek Accommodations

Petition forms for the annexation of territory to county waterworks district No. 13 at Lomita were being prepared this week by the county mechanical engineer, at the request of Coy F. Farquhar and others of Lomita.

The residents desire to provide the proposed annexation area with a modern water distributing system connected to the existing system operating in the adjoining water works district. The new area adjoins the water works district on the southerly and easterly boundaries.

Second Pow Wow At Hawthorne

Hawthorne is all ready for its second annual "Pow Wow" which will be held three days starting Thursday, Aug. 27. Fanchon & Marco have been engaged to handle the entire program of entertainment which starts with an inter-city Rotary Club luncheon at noon next Thursday, with professional vaudeville funsters, followed by a Kliddies parade headed by the Ingewood Boys' Band.

The big "Pow Wow" parade will be held Saturday at 2:30 o'clock, and a public wedding will be the feature of the evening program.

Veterans Groups Endorse Fitts

Indorsements from civic organizations, women's club, veteran groups, labor organizations and thousands of prominent individuals are literally pouring into the Fitts campaign headquarters pledging their wholehearted support to re-elect District Attorney Biron Fitts at the primary election, Aug. 25, says his campaign manager.

The splendid and clean record achieved by Biron Fitts during his eight years in office, during which time he practically doubled the number of criminal convictions on felony charges while reducing the average cost of each conviction more than one-half to the taxpayers, is being stressed in the many indorsements.

The overseas record of District Attorney Fitts during the World war is causing practically all veteran groups to rally to his support, while his fairness and sympathetic understanding with the unfortunate and the working man has resulted in his receiving the wholehearted support of organized labor.

BING CROSBY DOES OWN STUNT WORK

Bing Crosby refused to employ a double for a scene in his new picture "Pemmies From Heaven." The shot called for a daredevil carnival stunt of looping the loop in a car and landing in a large net.

"This should be fun," said Bing and made the jump. Asking if anyone else on the lot would like to try it following his plunge Bing found no takers.

FOR SALE SAFETY!

HEAT CAUSES BLOW-OUTS—PREVENT THOSE BLOW-OUTS WITH THIS HEAT-RESISTING GOLDEN PLY

THIS INVENTION MAY SAVE YOUR LIFE

We're all steamed up about these new Goodrich Safety Silvertowns because they've got something no other tires in the world have—the Life-Saver Golden Ply; because they give our customers something they need every time they take their cars out on the road—real blow-out protection!

DON'T GAMBLE

Just because you're a careful driver, don't make the mistake of ignoring the danger of blow-outs. Today's high speeds generate terrific heat inside the tire. Rubber and fabric separate. A tiny blister forms—grows bigger and BIGGER—until sooner or later without warning—BANG! It's a blow-out!

But when you ride on Goodrich Silvertowns you and your family are protected by the Life-Saver Golden Ply, a layer of special rubber and full-floating cords, scientifically treated to resist internal tire heat. By resisting this heat the Golden Ply keeps rubber and fabric from separating—keeps heat blisters from forming. And when you prevent the blister you prevent the high-speed blow-out.

You pay us nothing extra for this life-saving protection. Goodrich Golden Ply Silvertowns cost not a penny more than other standard tires. Drive around and have a set put on your car today. That's a good way to play safe.
