Local Dealer Will Attend Conclave

Earl H. Forbes and M. D. Bardwell of the Buick dealership in this city are preparing to join the largest delegation of automobile men that ever traveled in one body out of this state. Climaxing the biggest selling season in eight years, 200 Buick dealers, salesmen and salesmen will depart from Los Angeles Oct. 5 on a special Santa Fe train for the Buick factory at Flint, Mich.

Last year the California dealers went to the factory on one train. This year two specials will be required, one for northern California and the other for this section of the state. Arriving at the same time in Flint the forces will join to form a parade of 325 men marching behind a band playing "California, Here We Come."

The occasion attracting such a large attendance from this distance, it is explained by Forbes, will be one of the most important meetings ever held at the Buick factory. Dealers and salesmen from every section of the United States will participate in relays in the program which will continue thru a week. The Southern Californians will be in Flint three days, attending meetings, going thru the immense Buick plants which cover 200 acres, and seeing Buick bodies being made in the Fisher Body plant.

READ THESE FACTS
Hiding under the innocent title of "Retail Store License" Proposition 22 on the November ballot is really a new scheme for taxing the public.

Proposing to tax individual stores \$1 a year and chain stores \$5000 for each store located within 100,000 California counties.

It Would Raise Prices
The U. S. Federal Trade Commission says: "If the ability to elude or on greater and delivery cost, is destroyed by a law which will really pay the tax and not the chain."

It Would Be Unfair
Not a tax for revenue, not based on the ability to pay—it is an attempt to use the taxing power to crush chain stores.

It Would Hurt California
Chain stores now benefit California consumers, farmers, employment, property owners, and business. To strip them of their rights to all California business.

22 IS A TAX ON YOU —VOTE NO!

FANCY WORDS and literary writing do not count in this contest—just your own reasons for defeating a scheme to put hidden taxes on the foods and other necessities you buy. So you can win as well as anyone.

Only residents of California are eligible. That gives you a better opportunity for a prize.

Merely obtain an Official Entry Blank—free, without special purchase—at any chain store. It gives the simple rules and a valuable list of ideas.

The sooner you start the more likely you will be to win \$500.00 in cash or one of the 309 other money awards. Entries must be written on the official blank and postmarked not later than midnight, October 13, 1936.
