CHURCHES OF CHRIST, SCIENTIST

The subject of the Lesson-Sermon on Sunday is "Doctrines of Atonement" in all Christian Science Churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Lesson-Sermon includes these Scripture verses from the epistle to the Hebrews: "Wherefore seeing we also are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race that is set before us, looking unto Jesus the author and finisher of our faith; who for the joy that was set before him endured the cross, despising the shame, and is set down at the right hand of the throne of God."
 Among the correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are these words: "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight... I have kept the faith,' because you are a better man. This is having our part in the at-one-ment with Truth and Love."
