

Chiropractor Opens Office In Torrance

Dr. Geo. W. McCray Leaves Riverside For Torrance

In the small town of Weiser, Idaho, in the spring of 1918, Dr. George W. McCray set up shop and hung out his sign which read "Chiropractor." Five years later the doctor, his wife and two sons moved to Riverside, Calif., where he was engaged in the science of chiropractic up to only a few months ago.

Leaving Riverside, Dr. and Mrs. McCray motored thru the east, returning to California this month. A short two weeks ago the doctor came to Torrance, secured a residence and office at 1330 Engracia, and again hung out the chiropractor sign.

Besides chiropractic, Dr. McCray specializes in electro therapy, diet and foot correction. To introduce himself and his work to the citizens of this area, Dr. McCray will give without charge or obligation a regular ten dollar diagnosis and one treatment. This offer will be good from Oct. 15 to Nov. 15, and Dr. McCray urges all persons interested to telephone Torrance 889 for an appointment for their free diagnosis.

Toledo Buys Parking Meters
TOLEDO (U.P.)—Toledo has purchased 1,043 parking meters to be installed and in operation before Nov. 1.

NEWS OF NARBONNE HIGH

Members of the Scholarship society of Narbonne at a recent meeting elected their officers for the term. Betsy Ann Hunt was chosen president, Pauline Stump, vice president, Eleanor Vaughan, secretary, and Kenneth Eade, treasurer.

Four scholarship students and a teacher will attend the C. S. F. Regional Council meeting at Torrance high school October 23. Miss Marie Stiff, sponsor of the society, who usually accompanies the delegates, will be attending the annual C. S. F. advisors' meeting in San Rafael October 24.

Several interesting assemblies are being planned for Narbonne students. On October 15 the Science club is sponsoring a pay assembly at which the Black Light, which makes plain objects have beautiful colors, will be demonstrated.

Later in the month Curtiss-Wright School of Aeronautics will present an aviation film, its sequel to "Flying the Lindbergh Trail," which was enjoyed by students last semester. Live snakes will illustrate Mr. Percer's talk on "The Adventures of a Snake Hunter," to be given some time in November.

Among the new organizations for the junior high at Narbonne is the junior high band, sponsored by Miss Eleanor Neff. At the first meeting twelve enthusiastic students, nine boys and three girls, turned out for practice. Plans were made to begin

To Compile Names of All Calif. Places

The Federal Writers' Project of the WPA is now engaged in compiling a Dictionary of California Place Names, which when completed will form a volume of about 300,000 words. Included will be the names of all cities and towns in the state, names of mountains, streams, and all other place names. Local and non-official names will be given, as well as official.

The dictionary will give the history of each name, its original meaning, and trace its alterations and corruptions thru the years.

This work is important as a comprehensive background for the study of California. The Writers' Project is anxious to omit no place name in the state, and is equally anxious to gather every available item for the dictionary. Any person who has any such information is urgently requested to communicate with the Federal Writers' Project, 49 Fourth street, San Francisco, Calif.

Imbibers Clean Lots
ASTORIA, Ore. (U.P.)—Alcohol gets the credit for the tidier condition of this city's vacant lots. From the ranks of those arrested for intoxication Chief of Police John Acton keeps crews busy on his new project.

practice soon on band music. The instruments composing the band are clarinets, saxophones, drums, alto horn, trumpet, cornet and accordion.

Oldest Auto Driver Is Ninety-Four

The country's oldest automobile driver is 94-year-old Robert Lyon, of Onondaga Township, Mich., shown here in the act of trading his old Dodge car on a new one. Mr. Lyon drives every day; he continues to buy cars of the same make, and keeps patronizing the same dealer.

Highway Toll Reduced
ST. LOUIS, (U.P.)—St. Louis trial safety campaign, entailing enforcement of a strict 30-mile speed limit, has reduced traffic fatalities 45 percent and injuries 16 percent.

Voting Time Abolished
VALLEJO, Calif. (U.P.)—For the first time in 50 years the United States navy yard here has decided to abolish the customary two hours time off for voting on Nov. 3.

Oldest Autoist Drives Newest Automobile

The nestor of Dodge drivers—perhaps the dean of all American operators—is Robert Lyon, 94 years old, of Onondaga township, Michigan.

Though Mr. Lyon believes in using the latest thing in motoring equipment, he is consistent in confirming his car preference to products of the Dodge factory and his patronage to one dealer, Geo. B. Brownlee & Son, of Leslie, Mich. Mr. Lyon has never owned cars other than Dodges and no competitive dealer has been able to pry his business away from the Brownlees.

The scene pictured above shows Mr. Lyon trading in his older Dodge and taking the delivery of a new Dodge coupe from Geo. B. Brownlee. Mr. Lyon drives his car every day; he finds motoring a pleasant pastime and relaxation. Since the make of car he drives has always proved dependable, he makes no comparisons prior to trading in his old car for a new one; he just buys another car of the same make, from the same dealer who sold him his first one.

She Flies

Mrs. Zetta B. Averill of Aberdeen, Wash., veteran air traveller, will be a passenger aboard the first clipper plane that flies regular passengers to the Orient. She plans to make a roundtrip between Manila and San Francisco, then to South America from where she will board the Graf Zeppelin for Germany.

Judge Bars Gum Chewing
BERKELEY, Calif. (U.P.)—Judge Oliver Young has decided that gum chewing witnesses may be cited for contempt of court.

Bids Will Be Asked for New Well at Alondra

Budget Sets Up \$3000 for Completion of Park Improvement

Bids will be taken shortly for the drilling of a new well at Alondra Park, at the request of the county forestry department. Spence Turner, county forester, who has jurisdiction over the park while it is being landscaped and developed as a recreational center for Torrance and the entire southwestern corner of the county, explained to

the board of supervisors this week that the old well on Prairie avenue had given considerable trouble, and finally had to be abandoned.

Buildings worth \$75,000 were erected in the park site by the SERA some months ago, Turner explained to the supervisors, and these buildings now are being used by his department. A water supply is especially important to guard against destruction of the buildings by fire.

The sum of \$3000 was set up in the department's budget for the well and the supervisors this week instructed the county mechanical department to prepare plans and specifications for the new well, and to advertise for bids at the earliest possible date.

Announcing: Free Health Clinic

DR. GEORGE W. McCRAY, D.C., announces a private "Get Acquainted" Health Clinic to be conducted in his office, 1330 Engracia, daily except Sunday, from 1 to 2 p. m., from October 15 to November 15. A regular TEN DOLLAR Diagnosis and ONE TREATMENT will be given — without charge or obligation.

The purpose of the Clinic is to educate the sick and afflicted to the health-giving possibilities of IMPROVED Drugless methods; to acquaint them with the value of finding the true cause of their trouble; to demonstrate the immediate benefits of the latest and approved methods of Painless Treatment.

If you are suffering with physical distress of any kind whatsoever, you are invited to attend this Clinic, where you will be given a complete examination to determine the exact nature and cause of your trouble, together with one complete treatment.

Both examination and treatment will be given in private, with lady in attendance.

YOUR APPOINTMENT SHOULD BE ARRANGED IN ADVANCE. TELEPHONE 889
