Largest Field Due In West's Track Classic

Santa Anita Handicap on February 27 May Have 25 Starters

LOS ANGELES (U.P.)—A purse exceeding \$100,000 is expected to go to the owner of the winning horse in this season's running of the world's richest stake, the Santa Anita Handicap which features the annual meeting at this swank track in the Los Angeles suburbs.

A mark of 125 nominations and 25 starters has been set by track officials for the third running of the handicap on February 27, 1937, which would make a gross value of \$137,000 and leave the winning owner \$102,000.

For the first running of the handicap in 1934 there were 70 nominations and 20 starters at fees of \$100 and \$1000 each, respectively, for a gross value of \$127,000. Last year 82 nominations and 15 starters totaled \$123,000.

Entries Close Dec. 1
The estimate for this year's race is made by Charles H. Strub, general manager of the Los Angeles Turf Club, operator of the racing plant, who believes his forecast is conservative, in as much as nominations do not close until December 1, with no stand-out horses this season.

There is also an extra inducement of a \$10,000 purse for the trainer of the winning horse. In the Santa Anita Derby February 22, 1937, there is a good prospect of the winning owner getting \$50,000.

Daily Purse Highest
Daily purses are the largest ever offered by a racing association for a single meeting. On weekdays there will be five races at \$1,500. Saturday and holiday programs consist of five races at \$1,000, two at \$1,200 and one at \$3,500 or more.

The 63-day racing season will open Christmas Day. First official nomination for the Santa Anita Handicap came from England. Raoul Walsh, motion picture director, cabled the name of Thankerton, which ran third in this year's English Derby.

California First in Autos
SACRAMENTO (U.P.)—California's registered automobiles now exceed that of New York for 1936 and makes California the first auto riding state of the union. Present registrations are 2,428,000.

Real Horserace In Last Week's Football Picks

Brooks "Guesses" Self Into Tie For Second Place With Lewellen

Until the returns came in from the S.F.U.-Gonzaga game it was really a horserace last week, folks, among the master pickers of the Torrance Herald. After that, the boys from the back shop put the office crew in their places, and they strung out as usual with Hinds leading. The champ picked 11 winners, two of them for identical scores, which gives him a lead for the week of minus 36 or 39 points over the next contender, Mr. Ray Brooks, who is the class of the front office choosers.

Identical score picked by Hinds were California-Washington, U. S. C. Stanford; Lewellen hit the Fordham-St. Mary's game on the nose; Brooks was perfect on the California-Washington, and Fraser moved up a slight degree with two super-scores, California-Washington and Princeton-Navy.

The scores for the week:
Hinds 11 1 1 36
Brooks 10 2 3
Lewellen 10 2 4
Fraser 9 4 30
Nichols 8 4 40

Totals for the series show:
Hinds 45 10 1
Lewellen 40 15 96
Brooks 43 12 96
Nichols 35 20 252
Fraser 38 18 253

Only three more weeks until the end of the contest which will close on November 14. From the mourner's bench it looks as if Hinds will repeat his triumphs of previous years, and walk away with the cash prize which was this season's goal, and the real battle will be staged between Brooks and Lewellen for second place.

Quail Plentiful in San Diego Co.

The birds are very plentiful and in good condition in San Diego county and also in Ventura county, according to the outing department of the National Automobile Club. At present, the only hunting is rabbit, with many available and numerous sportsmen enjoying the sport.

Fishing in Hodges and Wohlford lakes is only fair. All lakes in the county, except Henshaw and Lower Otay, close Nov. 1. Lower Otay remains open until March 1.
