ASSISTING BAPTIST REVIVAL

The First Baptist church of this city is having revival meetings each night except Saturday this week, and next with Rev. Charles H. Rickman, of Wilmington, assisting Rev. C. M. Northrup, the pastor, in the preaching and singing. Evangelist Rickman has crossed the continent some 17 times and recently completed a two-year trip around the world. While he does not lecture, he does use as illustrations for his sermons bits of his travel experience.

REV. CHARLES H. RICKMAN
Traveling Evangelist

As a preacher he is said to be most interesting and helpful. An accomplished singer, Rev. Rickman leads the children's chorus and choir and also gives entire sermons in song. Tonight he will speak on "Is God a Hard-Hearted Thief?" Friday night the sermon subject will be "God's Policeman." Monday night the entire Sunday school is requested to attend and sit with their teachers by classes. The evangelist will speak on "Have You Had Your Feet Washed Today?"

U. C. Dean Has Charter Draft

Continued from Page 1
tion of charter form of government.

"Whatever kind of a charter we presented, it could not have affected the city's status as a member of the Los Angeles city school system until July 1, 1937," he said. "This is because the state school law expressly points out that there can be no change in a school system during the middle of a term. Thus we had nothing to gain by rushing thru a charter draft, inasmuch as the document creates a Torrance school district."

New Ford V-8 Goes On Display In Torrance This Saturday

The new Ford V-8 for 1937 will be on display this Saturday, Nov. 14, at the showrooms of Schultz & Peckham, 1514 Cabrillo avenue, Torrance, local Ford dealers for the past 16 years.

The new cars present a number of outstanding features, according to Mr. Peckham who describes the new Ford as follows:
Two engine sizes, a brand new 60-horsepower V-8 which makes its first bow in the American motor car market, and the famous 35-horsepower V-8, with a number of important refinements. Either is available in the single chassis.

New Body Lines
A de luxe five passenger club coupe is the newest of the 11 body types available, five either with or without de luxe equipment and with either engine size, six with de luxe equipment and the 35-horsepower V-8 engine only. All closed body types have clear vision ventilation system. All-steel body, including new all-steel top, as well as steel structure, steel panels and all-steel floor.

Improved "finger-tip" steering, with increased wheel leverage. The new car, according to those who have previewed it is the most beautiful Ford ever built. Its sleek lines flow without a break from the smart radiator grille, through the new shield-type hood, the new slanting V-type windshield and the smoothly moulded steel top to the graceful reverse curve of the rear quarter.

"Tear Drop" Motif
Virtually every visible component of the car reflects the "tear drop" form—the headlamps moulded into the fender aprons, the highly crowned fenders, the chromium strips which border the hood louvers, the sweeping belt line, the arching curve of the top and the finely formed rear body.

Luxurious Interior
The interior reveals the same meticulous attention to details. The treatment is modern. Upholstery will have ample opportunity for study of the document before it is tested by special election and by the legislature," the chairman concluded.

Two Motor Sizes
From a mechanical standpoint the most important development in the new Ford is the 60-horsepower V-8 engine. Although new to America, it has been built in England and France for more than a year for Ford cars designed for the European market. The new engine is approximately two-thirds the size of the larger unit. Its bore is 2.6 inches, stroke 3.2 inches and piston displacement 135 cubic inches, against 221 cubic inches for the larger engine, providing top speed of about 70 miles an hour and comfortable cruising speed of 55 to 60 miles an hour.

BUILDING TOTAL
New building that amounted to \$17,880 was reported for the month of October in Gardena. This sum included permits for a new print shop at the high school there and six homes.

CHURCHES OF CHRIST, SCIENTIST
"If ye live after the flesh, ye shall die: but if ye through the Spirit do mortify the deeds of the body, ye shall live. The Spirit itself beareth witness with our spirit, that we are the children of God." These words of Paul to the Romans constitute the Golden Text in the Lesson-Sermon on "Mortals and Immortals" on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.
The Lesson-Sermon includes Paul's words to the Corinthians: "Charity never faileth; but whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away. For we know in part, and we prophesy in part. But when that which is perfect is come, then that which is in part shall be done away. When I was a child, I spake as a child, I understood as a child, I thought as a child; but when I became a man, I put away childish things."
Among the passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is the statement: "Men and women of riper years and larger insights ought to ripen into health and immortality, instead of lapsing into darkness or gloom."

Student Pair Win Cash for Chick Entries
Awards of cash prizes to two Torrance high school students for second and third place wins in the 1936 chick raising contest held at the Los Angeles county fair at Pomona last September were made at an auditorium assembly here Tuesday. At the same time the prizes for the Columbia Steel safety poster contest winners were issued.
Wilbur Franklin, a B-11 student, son of Mrs. F. B. Franklin of 3058 238th street, was presented with \$30 for winning second place in the chick event, sponsored by the Future Farmers' association and 4-H clubs under the direction of Dr. I. W. Harmon and the Taylor Milling corporation.

The third-place award of \$20 was given Ray T. Richhart, an A-10 student, son of Mr. and Mrs. H. G. Richhart, Sr., of 1424 West 218th street. Franklin's project included 500 chicks and Richhart's was 65. The contest is an annual event at the county fair.
