Long Illness Ends in Death

Following a long illness, Joe Tom Day, 2075 Torrance boulevard, passed away June 26 at the California hospital, Los Angeles. He was 57 years old. Mr. Day had resided in Torrance for the past seven years. Prior to

coming to California he had been for many years engaged in cattle ranching in Texas and also at Medicine Hat, Canada. He leaves his widow, Mrs. Margaret Bryce Day; one son, Albert, and a sister, Miss Olivia Day, of Denver, Colo. Christian Science services were held at Stone & Myers chapel, Monday, June 29, at 2 p. m., followed by cremation at Inglewood.

Candidates for Committeeman File Papers

Four Torrance Democrats are among the 18 candidates seeking seats on the party's county central committee in the 68th district, according to the official list given to the Torrance Herald today by W. M. Kerr, county registrar of voters.

The local candidates are Robert F. Lessing, 2019 220th street; Mrs. Edythe M. Miller, 2116 Gramercy avenue; James J. O'Toole, 1225 Madrid avenue, and Frank E. Perkin, 2208 Gramercy avenue.

The other 14 candidates for Democratic county central committee seats, most of whom are from Wilmington and San Pedro, are William Myerscough, of 20305 Bellepointe avenue, Harbor City; John B. Avian, Bartol O. Bertelson, Louis A. Boyd, Lee S. Buckley, William R. Earl, Marshall H. Feldman, Ole Olsen, all of Wilmington; and Lee Roy Halstead, Ceall O. Johnson, George T. Porter, Fred H. Story and William J. Mulligan, all of San Pedro.

Only seven Republicans got up nerve enough to file in the 68th district, and all of them gave San Pedro as their home port. Democratic wags remarked facetiously that they were "in drydock, and might possibly be in a fair state of preservation." They are A. E. "Chick" Henning, former Los Angeles city councilman; Charles J. Brinkerhoff, William S. Lepper, Marguerite A. Mann and Joe Raycraft.

"I'm a woman of few words—

GAS COSTS LESS AND COOKS BETTER"

Natural gas is the perfect cooking fuel. What other kind of cooking heat starts with full flame, the instant you light it—stops the instant you turn it off—and is adjustable to any precise degree of temperature you want, at the touch of a finger?

And this interests careful housewives as much as good cooking—it costs less to run your kitchen with natural gas than with any other fuel, unless you are willing to put up with a wood fire, and get the wood for next to nothing!

Visit your gas appliance dealer. Let him show you the most modern line of cooking equipment you've ever seen. Terms as low as \$1.50 a month—and a trade-in allowance is provided.
