NATIONAL FOOD-SAFETY CHECK-UP

IS YOUR REFRIGERATOR COLD ENOUGH?
CHECK UP NOW!

Free! THIS VALUABLE **COLD-GAUGE**

50 degrees is the Danger Line!

Even at a few degrees above 50, bacteria always present in food multiply by the millions and may become a serious menace to health. Many hot weather "upsets" are really caused by improperly kept food. And you can't depend on sight, smell or taste. The one sure way to know

whether your food is safe is to "take the temperature" of your refrigerator. That's why we, as local sponsors for National Food-Safety Check-Up, offer this valuable Cold-Gauge FREE to adults calling at our store. Get yours now, while the supply lasts. No cost, no obligation.

FRIGIDAIRE WITH "METER-MISER"

KEEPS FOODS SAFER, FRESHER, LONGER . . . AND PROVES IT WITH THE FOOD-SAFETY INDICATOR

BUILT INTO THE FOOD COMPARTMENT

Many refrigerators fail to keep safe, low temperatures during hot summer weather. Others do it only at high operating cost. Frigidaire gives you positive proof that its sensational cold-making unit, the Meter-Miser, maintains Safety-Zone temperature even in hottest weather. And does it on a miserly amount of current! Come in and see our famous Proof-Demonstration. See how the Meter-Miser keeps foods safer, fresher, days longer. How it freezes more ice, faster. Inspect the beautiful new cabinets . . . wider, roomier, with as much as 42% more space in front, and scores of genuine advantages that save you time and work. Never before have you seen such amazing proved value, and never before has it been so easy to own a Frigidaire. Ask us for proof!

- Frigidaire Meets ALL 5 Standards for Refrigerator Buying . . . and PROVES IT!
1. Lower Operating Cost
 2. Safer Food Protection
 3. Faster Freezing—More Ice
 4. More Usability
 5. A Five-Year Protection Plan
