PROPOSITION #22

You must defeat it or pay it -in HIGHER PRICES ON FOOD AND OTHER NECESSITIES

There is a "joker" in Proposition 22 on your November ballot!

on your November ballot! Called a "Retail Store License," it looks innocent enough. But stripped of its disguise, it is a Tax that will have to be passed on to you in higher prices. It provides that chain stores selling food and other necessities will be taxed \$500.00 a year for each store over nine. Individual stores will pay only \$1.00 a year—or one five-hundredth as much.

BUT...

"If the ability to undersell, based on greater efficiency or on elim-ination of credit and delivery cost, is destroyed by taxation, it is the consuming public which is the consuming public which will really pay the tax and not the chain."

BECAUSE ...

...as the Harvard (University) Bureau of Business Research discovered in studying 32,998 chain stores...chain stores operate on a small profit. They eliminate middleman's profits and un-

Four out of five chain stores do not make enough profit to cover the tax. Thus some of them will be forced out of business—allowing their competitors

Surviving chains will be forced to also their prices to pay the tax.

Either way, you will foot the bill.

Remember, this tax is admittedly not for revenue purposes. It is cleverly ca-mouflaged subsidy for the middleman and wasteful business methods—as your expense.

If you think that chain store competition helps to keep all prices in line with your pocketbook—if you think that you already PAY ENOUGH TAXES ON FOODS AND OTHER NECESSITIES, vote NO and keep prices low.

For no matter how named...no natter how heavily disguised...22 is tax on you...VOTE NO!
