

## Storms at Sea Fail to Daunt Torrance Youth

Continued from Page 1-B  
says—and his ability is certified to by some excellent letters of recommendation from his employers—he worked a granite nozzle on the Crater project for four months.

**Future Ambitions**  
Still in quest of "experience" he drove a Checker cab in Honolulu for two months, and then went back to the Crater project to work a cement gun on a tunnel driving crew. He left Torrance some seven months ago for the islands. Guy says he'd like to go in the machine shop business with his father "but I want to go to New York or back to the islands and follow tunnel work for a while yet."

He possesses—and with justifiable pride—a letter from Capt. Hunt, certifying that he was the only person aboard the Argus, outside of the veteran skipper, not to succumb to seasickness at any time during the thrilling crossing.

## Symphony Concert Attended By Large Crowd Here Friday

(Continued from Page 1-B)  
tightly they add nothing to music and the "comedy" is forced. Even youngsters in the audience were obviously bored with the cavortings of "Mme. Preshevalski," famous Polish conductress, who—do you need to be told?—was revealed as the orchestra's capable director. A pox upon "comedy skits" hereafter!

The attendance was not up to expectations—only about 350 or 400 being present to enjoy the gratis concert. Director Mer-shon's plea to "tell the city fathers" if more such symphony evenings were wanted deserves endorsement. The fact that Torrance has the nucleus of a splendid musical organization at the Symphony should be broadcast.

If there are no more funds for other concerts this fiscal year as the council intimated when granting the \$150 for the one last week—then there should be some movement started at once to see that the year 1937-38 may be liberally endowed with finances for more and better concerts in the season to come.

## REDONDA DEFEATED BY NARBONNE BALL TEAM

Narbonne's baseball team defeated Redonda high 14 to 4 in a practice game Tuesday afternoon, the victory advancing Lomita students' hopes that the Gauchos will start a winning streak with tomorrow's game with El Segundo.

## Aircraft, Boat Show Will Open in L. A. Saturday

The largest aircraft and boat show in the country was promised California today by H. H. Wetzel, vice-president and general manager of the Douglas Aircraft Company and president of the California Industries Association, Ltd., sponsors of the second annual national aircraft and boat show when it opens its doors in Los Angeles for a nine-day showing next Saturday.

According to Wetzel more than \$2,500,000 worth of the "last word" in airplanes, boats and accessories will be on the floor of the Pan-Pacific auditorium when the show opens. The planes, show officials disclosed, will range from the smallest licensed airplane in the United States, the Rose Parakeet, to the huge air transports or air yachts and deluxe club transports of the Douglas and Lockheed type.

One plane which is expected to capture the public fancy because of its novelty is the Waldo Waterman "aero-autoplane" which was just recently completed in Santa Monica. It can be driven thru the streets as an automobile at 70 miles an hour, or with wings attached at the airport can be flown with its automobile engine at a top speed of 120 miles per hour.

## Inter-Class Track Meet Scheduled For Friday At H. S.

The annual inter-class track meet will be staged at the high school field—tomorrow afternoon. Last year the meet was won by the B-12's (juniors).

Coach Bernie Donahue is hoping that a large number of prospective track aspirants turn out for this competitive event of the season so that he can get a line on material for his varsity team. There will be special events for C division boys. The meet will include 50-yard, 100-yard and 220-yard dashes, 440, 660, 880-yard and mile runs, 440-yard relay, high and broad jumps, pole vault and eight and 12-pound shot putting. Contestants will be limited to two field and one track or vice versa events per boy.

## SHOP TALK By RAY BROOKS

(Continued from Page 1-B)  
looks when it's dawn, I guess, except that there is peeping behind a bank of fog the profile of a luscious looking maiden. Alcorn is rightly proud of it.

(Forgive me, forgive me this un-early criticism, but to my untrained eye a painting is either good, bad or terrible. The above picture is GOOD!)

## Tartars Take 20-4 Beating By Gardena

(Continued from Page 5-B)  
Lyter, Gardena's moundsman, proved a stellar player and his team gave him excellent support which is far more than can be said of the local nine.

**No Game This Week**  
Errors flew thick and fast as the Tartars out-fumbled themselves in a completely demoralized fashion. Perhaps an excited youngster's 30-foot fall from a tall pine tree near the Torrance players' bench shortly after the game started gave the locals a bad case of jitters from which they did not recover. The boy was knocked unconscious but medical attention was given him and he suffered no ill-effects from his forced landing.

McGahan was pitching a fairly good brand of ball until the Gardenians got his range and began pulling out his offerings. Glenn Maupin was inserted and Ralph Gilbert went in as back stop. But Gardena perry-go rounded the remainder of the seven-inning bat-fest in high glee.

Coach Bernie Donahue, taking advantage of a bye date this week, is drilling his club on some of the fundamentals such as how to catch a ball without booting it a couple of times after it has been muffed and how to toss the apple in the general direction of its intended mark. The next game will be Friday, March 19, at Leuzinger high.

## REVOLVER SCORES Averages to March 8

	Strings	Avg.	High Score
Freeman	5	274.60	281

Houdersholt	3	194.00	174
Perkins	4	151.50	172

## Oh! For the Life of An Athlete

Clark Crane, U. S. C.'s best jumper, is caught by the camera-man while sailing over a group of bathing beauties at Long Beach, in preparation for the 1937 track season and for the ninth annual Long Beach Relays held last Saturday. However, he did not participate in that event. Crane, who is Louie Zamperini's roommate at U. S. C., will probably be the Trojans' outstanding 220-yard runner this season.

## Badminton Players Plan Tourney Soon

(Continued from Page 5-B)  
are stocked at the Beacon drug store, said to be the only place in Torrance where they are on sale, with racquets priced from \$1.95 up and shuttlecocks at three for \$1.

A voluntary offering of 10 cents per player is taken up each Tuesday night at the Auditorium to pay the janitor for the necessary clean-up after the games. Officers of the Badminton club say that the city does not pay the janitor for this extra evening's work.

## GAUCHO TENNIS CLUB STARTS TOURNAMENT

The tennis club, an organization from which the Marine League, tennis representatives from Narbonne high school are chosen, have elected the following officers: Drescoll Truitt, president; Wade Sherman, manager; and Wayne Cox, secretary-treasurer. The club has started an elimination tournament to decide the different teams in the coming league race which opens April 23.

## RECORD COLLECTION

Payments of special fees and taxes by California motor owners in 1936 reached the greatest total ever recorded for a single year—\$1,400,000,000.
