

## May Day Holds Promise of Freshness In Summer Foods

### Strawberries! They're In Now!

Strawberries are undoubtedly our most popular berry. We eat them fresh and we love them in shortcake, jelly and jam. Here are two recipes that should be taken very seriously at this season of the year when the stock in your preserve closet is depleted and your family is clamoring for "spreads."

**Strawberry Jelly**  
4 cups (2 pounds) berry juice  
2 tablespoons lemon juice  
8 cups (3 1/2 pounds) sugar  
1 bottle fruit pectin

To prepare juice, crush thoroughly or grind about three quarts fully ripe berries. Place fruit in jelly cloth or bag and squeeze out juice. Squeeze and strain juice from one medium lemon.

Measure sugar and fruit juices into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard one-half minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 12 glasses (six fluid ounces each).

**Sliced Strawberry Jam**  
4 1/2 cups (2 pounds) prepared fruit  
7 cups (3 pounds) sugar  
1/2 bottle fruit pectin

To prepare fruit, cut about two quarts fully ripe berries in halves lengthwise; large berries in quarters.

Measure sugar, and prepared fruit, solidly packed into large kettle, mix well and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard three minutes. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns, for just five minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses (six fluid ounces each).

### Reservoir Site Likely Near Here

Engineers for the Metropolitan Water District will start soon to map the results of field surveys being made for location of a storage reservoir for Colorado river aqueduct water in the southern end of the county, it was learned today at the district offices in Los Angeles.

The Palos Verdes hills appears to be the most likely site, and field engineers have been making a survey and gathering field data for several weeks. Test pits have been sunk near Narbonne avenue to ascertain whether the formation is suitable for a dam site. The dam, if constructed, would be of the earth fill type in all probability, such as now being built at the Cajaleo site.

Member cities in the southern end of the county that are served by the district are Torrance, Long Beach and Compton, San Pedro being a part of the city of Los Angeles, principal member city of the 13 member-city district.

Would Create Huge Lake  
District maps show the distribution line terminating in the vicinity of Torrance, and this would be extended into the Palos Verdes hills and empty into a reservoir that would be high enough to provide gravity flow to the four large communities in the southern end of the county.

Water district officials stated it would probably be some time before it was definitely determined where the proposed reservoir would be located. It is desirable, however, because water would not be cut off from the southern end of the county.

By MARJORIE H. BLACK

May Day used to be observed on the first day of the month, but in this country any time during the month seems to be in favor. There was an old superstition in Ireland that if you went forth at sunrise and gazed down into a well, there you would see the reflection of your lover, and if you made a wish it would come true. Scotland borrowed the idea, and went further in building miniature "wishing wells" to feature in their May Day festivities and some are still to be found in the rural sections of the country.

While we have no "wishing wells" as such in this country, everyone does make some personal wish for the opening of the summer season, and it is in keeping with every wish to seal it by sharing food.

**Little Surprise Cakes**  
Let the food be something airy and springlike representing the hopes for the future. Refreshments featuring chilled pineapple juice or a mixture of pineapple and grapefruit juice would be in keeping with the spirit of the occasion. The color of the drink added to the refreshing flavor is in itself a token of freshness akin to the spring element. These juices can be obtained in cans and all that is needed is to chill them well before serving.

Little surprise cakes would make a good dessert. Make regular cup cakes, having them rich enough to taste good but not so rich as to crumble. Cut the top off each cake and hollow out a portion of the inside. Place half of a canned apricot and half an almond in each one, replace the top of the cake, and serve with a dash of whipped cream.

Instead of an apricot, other canned fruits may be used, such as white cherries, shredded pineapple, cubes of peaches or gooseberries. Select the fruits with a light color as they are more in keeping with spring than dark colors. If you like, a small spoonful of custard can be put in each cake before the fruit is added. By so doing the cake is richer and many prefer it that way. Either method is good.

a matter of days should there be a break in the pipe line beyond Compton. The distribution line extends northward from Compton to Pasadena.

Construction of such a reservoir in the Palos Verdes hills would give a number of homes an outlook upon a huge artificial lake and not detract from the value of the land, in the opinion of some persons.

### MOTHER SUCCUMBS

Mrs. Mary Jane O'Neill, mother of Mrs. Frank Kneisler, 1008 Anapola avenue, passed away yesterday at Riverside. Funeral arrangements have not been made, pending Mrs. Kneisler's return from Texas.

### GRANT FRANCHISE

Ordinance No. 292, granting the Pacific Electric Railway Company a franchise for its power line thru North Torrance was adopted by the city council Tuesday night.

### DOES BLADDER IRRITATION GET YOU UP?

Results guaranteed, 25c. If not pleased, in four days go back and get your 25c. Flush the bladder as you would the bowels. Help nature eliminate impurities and excess acids which can cause irritation that results in getting up nights, scanty flow, frequent desire, burning, backache, or leg pains. Get buchu leaves, juniper oil, etc., made into little green tablets. Just say Bukets to any drug. Dolley Drug Co., Torrance. —Adv.

## Hospital Receives 10 New Patients

Ten new patients were received at Jared Sidney Torrance Memorial hospital during the past week. They were: Mrs. Elida Abraham, Redondo, who entered last Friday for an

appendectomy; Mrs. Lila Busby, Manhattan Beach, Tuesday, for surgical treatment; Mrs. Corn Geddes, Manhattan Beach, Sunday, for pneumonia treatment; and A. F. Engel, 2464 258th street, Lomita, for medical attention, Monday.

Mrs. Lorraine Lambkin, Wilmington, Saturday, for medical care; Mrs. Le Etta Metzler, 1408 West 219th street, this city, last

Friday, for surgery; Phillips Benton, 1874 262nd street, Lomita, Sunday, for pneumonia treatment; Mrs. Margaret Wendt, 2269 248th street, Lomita, Saturday, for medical attention; Miles P. Walton, supervisor of Manhattan Beach schools, who is recovering from an appendectomy, and Mrs. Ina Weaver, Shady Grove Auto

Court, this city, Saturday, for medical care.

## Harbor City Co. Formed This Week

Development of the Harbor City area is contemplated by a \$100,000 syndicate formed under the name of the Harbor City Development Company of Los

Angeles county, according to a copy of the articles of incorporation filed this week with the county clerk in Los Angeles.

Directors of the concern are W. L. Hollingsworth, Richard H. Lacy, E. C. Price and B. O. Miller of Los Angeles and C. E. Hooper, of Lomita. None of the capital stock had been subscribed when the articles were issued, it was stated.
