### CHRISTIAN SCIENCE CHURCHES

"God the Only Cause and Creator" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Golden Text is Genesis 1, 1: "In the beginning God created the heaven and the earth." Among the Bible citations in the Lesson-Sermon are these selections from Exodus: "And Moses said unto the people, Remember this day, in which ye came out from Egypt, out of the house of bondage: for by strength of hand the Lord brought you out from this place: . . . And Moses said unto the people, Fear ye not, stand still, and see the salvation of the Lord, which he will shew to you to day: for the Egyptians whom ye have seen to day, ye shall see them again no more for ever. The Lord shall fight for you, and ye shall hold your peace." The Lesson-Sermon includes also these statements from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth brings the elements of liberty. On its banner is the soul-inspired motto, 'Slavery is abolished.' The power of God brings deliverance to the captive. No power can withstand divine Love."

Christian Science reading room at 1208 El Prado. Public welcome.

## Lindbergh's 'Partner'

THE "Spirit of St. Louis", the other half of the famous Lindbergh team—"We"—will be visited by more than 25,000 Boy Scouts of all parts of the nation when they converge on Washington, D. C., for their first National Jamboree, June 30 to July 9, on their own 350-acre tented city on both sides of the Potomac River. The famous plane, in which Col. Lindbergh made his epic flight from New York to Paris ten years ago May 21, is housed at the Smithsonian Institution in Washington where Boy Scouts are shown inspecting the craft. The St. Louis Jamboree Contingent will make a special pilgrimage to the plane.

### BUXTON BUILDS

B. C. Buxton, long-time resident of Torrance—and pioneer builder, opens today one of the newest little real estate offices this here big burg has ever seen. With walls of reinforced brick, this tiny edifice is the last word in the super-super, ultra-ultra. It has only about 200 square feet, is finished in white, carpeted through and boasts venetian blinds. Builder Buxton is mighty proud of his skyscraper, pondered some time after buying the infinitesimal corner of good earth on the alley at the intersection of Torrance Blvd. and Post as to just what he could construct on so small a parcel. As it is, he has used every inch of the ground, and to good advantage, too.

Viva Buxton and congrats!

### UP-TO-THE-MINUTE

On page two of the Redondo Daily Breeze for Friday, May 28, there appeared a three-column picture of our Civic Auditorium with the headline "Torrance Gets New Civic Auditorium" and a caption which read, "This civic auditorium has just been erected at Torrance with the aid of a \$22,087 WPA allotment."

Completed and dedicated last June, the auditorium has already served well the citizens for a full year, yet represents a news scoop to the Breeze. Better late than never.

### CRAVENS CURIOSITY

Knowing little or nothing about street paving or resurfacing, yet interested from the layman's viewpoint, I am in a bit of a quandary as to the treatment, intended or unintended, given Cravens avenue recently. First they tear up parts of the surface with a big tractor, sweep up the chips, pour on hot tar and then submerge two entire blocks in several inches of dusty grif or sand. Not content with this, they start sweeping up the sand and the next thing I see several men with shovels are spreading more sand on the parts just swept clean.

Now all this maneuvering has me completely baffled. There may be a method underneath all this but I fear me it is well hidden beneath the sand that fogs into Cravens business houses faster than the poor merchants can wipe it off.

A deluge from heaven or a snappy little snow storm would help settle this problem.

### GASTON'S GIFTS

Miller Furniture Co., under the direction of Gaston Aron, has installed recently a gift department in the rear of the store that offers a handy assortment of gifts for all occasions. Gaston had a carpenter build a series of shelves which, when painted black, present a fine background for the many articles Gaston has to sell.

### ROBERTS' REBUTTAL

After reading here last week of the redundant remark found on his menu, Restaurateur Roberts informs me that the reason he wrote "Sea Bass Fish" was because so many customers believed this to refer to the famous Roberts Floor Show, sat expecting a deep voiced sailor to break out with "Asleep in the Deep."

### BUILDING BOOM

With Les Farrar as chief carpenter and Charlie LeBoeuf and the rest of the boys as carpenter's helpers, Modern Appliances last week burst out in a frenzy of interior remodeling that saw the construction of an office and what appears to be a spare bedroom. As the latter contains no beds as yet it might be used as a radio repair room. Maybe I'm wrong again. I have heard that in this room Charlie "Ralse 'em Water Lilies" LeBoeuf will plant a few bulbs, give a fly with every Stewart-Warner refrigerator.

### INTEND TO WED

Notices of intention to marry were filed this week by:

Harry Eshbach, 27, of 1406 Lomita boulevard, Harbor City, and Mattie Norcutt, 20, of 1800 Lomita boulevard, Harbor City.

Carlos DeLeon, 21, of Compton, and Frances A. Morene, 19, of 1123 257th street, Harbor City.
