## Wife Surprises Ray Hoover on Birthday

Ray Hoover, of 1424 Acacia avenue, was more than surprised Saturday evening when his wife Lola suggested they attend a dancing party at McDonald Hall.

"Well," said Hoover, "since it is my birthday and you haven't so much as remembered it we'll go." So down to the hall they went and Ray was surprised when, on entering the hall, the group present sang "Happy Birthday To You" and he realized that his wife had staged what he chose to call "another fast one."

Assisting Mrs. Hoover in arranging this delightful affair were Mrs. Fred Beaver, Mrs. Wallace West and Mrs. Flora McDonald, who decorated the hall for the occasion.

The party danced to the music of Tom Ulrich's orchestra. During a dance intermission Baker Smith presented Hoover with a tie stay upon which a Masonic emblem was mounted.

**PROVIDE THE EXTRA MARGIN OF SAFETY ON THE SPEEDWAY OR THE HIGHWAY**

**THOUSANDS** said that tires could not stand the terrific grind. They said cars had been built with much greater speed, turns in the track had been repaved with granite-like surface, yet Wilbur Shaw drove to victory on Firestone Gum-Dipped Tires setting a new record of 113.58 miles per hour on one of the hottest days in the history of the Indianapolis track.

Think of the terrific impact on these tires as the cars roared into the treacherous turns and out again. Tons of force straining, pulling, and twisting inside the tire, yet not one cord loosened, not one tread separated from the cord body—all because Gum-Dipping, the Firestone patented process, successfully counteracted the internal friction and heat that ordinarily destroy tire life.

You will never drive your car at these record-breaking speeds, but for the safety of yourself and family you need the safest, strongest and most dependable tires. Come in today. Join the Firestone SAVE A LIFE Campaign by equipping your car with a set of new Firestone Gum-Dipped Tires—the safest tires that money can buy.

**DON'T RISK YOUR LIFE ON THIN WORN TIRES**
