CHRISTIAN SCIENCE CHURCHES

"Is the Universe, including Man, Evolved by Atomic Force?" This question is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Golden Text is from Deuteronomy: "Behold, the heaven and the heaven of heavens is the Lord's thy God, the earth also, with all that therein is."

"Among the Bible selections in the Lesson-Sermon are the words from the book of Isaiah: 'I am the Lord, and there is none else, there is no God beside me. I girded thee, though thou hast not known me; that they may know from the rising of the sun, and from the west, that there is none beside me. I am the Lord, and there is none else.' And a selection cites James' words from the Acts: 'Known unto God are all his works from the beginning of the world.'"

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Let there be light! is the perpetual demand of Truth and Love, changing chaos into order and discord into the music of the spheres."
