CLOCK WATCHERS

Torrance high seniors, very familiar with the phrase "watching the clock," were standing this week before the neatly trimmed windows of Howard's Jewelers with mouths agape.

Object of their rapt attention was a large timepiece, aptly labeled the "Mystic Clock," on the face of which were the names of all the senior boys and girls. As the hands moved on and on speculation was, and will be rife as to whose names the two hands will stop on . . . said stopping taking place some time before June 25.

THIS seniors had true cause to be excited. Alden Smith, progressive jeweler and optometrist, will award a boy's Bulova American Clipper and a girl's Bulova "Lady Bulova" to the lucky boy and girl on whose names the hands stop.

FLABBERGASTED FEMALES

It has come to my attention that a certain women's organization is in a deep, dark funk. They want to adjourn for the summer but can't! Seems that the act of adjourning is so complicated and mixed up (according to Roberts Rules of Order) that the poor ladies just can't find a way out of the wilderness.

On first appraisal of the situation it would appear that all some member had to do would be to say, "I move we adjourn for the summer." Another member would second it and, bing! the job's done.

But maybe that's not fancy enough for women's organizations.

MOVIES AT HOME

For the first time in Torrance a demonstration of the new Univex Movie Camera and Projector was held last Saturday by Harry Abramson of the National Home Appliance Co. This home movie set can be purchased at Harry's for the small sum of \$24.90 for both camera and projector on small weekly payments.

Torrance camera addicts should trot into the National, have Harry flash Popeye on the screen for them. By all odds this is the greatest value in a motion picture outfit yet put on the market. The low price makes it possible for almost any family to own one.

Overheard the other day while listening to pro and con on the laundry strike: "Oh, it'll all come out in the wash."

FATHER'S DAY

George Morton, over at the American Barber & Beauty Shoppe, runs an ad this week in which he says he will give free haircuts to all fathers over 90 years of age. Now ain't that just too magnificent. However, George says all other haircuts are regular price and worth it. And I believe it.

And while we're talking about Father's Day I ran onto a little poem the other day which, tho it's a bit maudlin in spots, still has some good points.

FATHER'S DAY
If with pleasure you are viewing
Any work a man is doing,
If you like him, if you love him,
Tell him now.

Don't withhold your approbation
'Till the parson makes oration,
As he lies with snowy lilies,
'O'er his brow.

For no matter how you shout it,
He won't really care about it.
He won't know how many tears
You have shed.

If you think some praise is due
him
Now's the time to hand it to
him.

For he cannot read his tombstone
When he's dead.

More than fame and more than money
Is the comment kind and sunny,
And the hearty, warm approval
Of a friend.

For it gives to life a savor,
For it makes him stronger, braver,
And it gives him heart and spirit
To the end.

If he earns your praise—bestow it.
If you like him let him know it.
Let the words that will encourage
Him be said.

Do not wait 'till life is over
And he's underneath the clover,
For he cannot read his tombstone
When he's dead.

BONUS CHECK DRIVE ENDS SATURDAY

Mayor and Clerk to Audit Results

Saturday morning at 10 o'clock the climax of nine weeks' intensive work on the part of ten Torrance residents will arrive. At that time The Herald Bonus Check subscription campaign will close.

Mayor William H. Tolson and City Clerk A. H. Bartlett have consented to serve as accounting judges to determine the five winners of Bonus Checks. Those who do not deposited his or her ticket at the Herald office during the campaign.

At 2 o'clock Saturday afternoon another feature of this newspaper's subscription campaign will be staged at The Herald office, 1336 El Prado. At this time, some little child in the crowd (after being blindfolded) will select the winner of the \$200 Subscriber's Bonus Award. Anyone who has not deposited his or her ticket at The Herald office is urged to do so at once because no tickets can be accepted later than 2 p. m. Saturday, June 19, 1937. Campaign workers will continue to issue Subscriber's Bonus tickets until 9 a. m. Saturday morning on both new and renewal subscriptions.

Appreciation Extended
All of the workers striving for the cash awards of \$500, \$200, \$100, and two \$50 checks are putting every minute they can spare into these final days before the end of the campaign. In fairness to each of them, The Herald urges all those who have promised subscriptions or renewal payments to workers to notify them at once so that the bonus points may be credited before the final hour at 9 o'clock Saturday morning.

Ever since the campaign started on April 15, workers have received commission checks twice-a-week for their efforts. The final payment will be made to them when Mayor Tolson and City Clerk Bartlett audit the accounts Saturday morning.

Now that the Bonus Check campaign is about to close, The Herald wishes to thank everyone who has supported it. Sincere appreciation is also expressed to the workers who participated. While the campaign has been spirited and rivalry has been keen, throughout it all the workers have manifested a splendid spirit of good sportsmanship, and they are all to be congratulated.

Students Hear Vocational Talk

The final vocational conference of the year was held at the high school Monday morning with Gene Wilson, personnel director at Compton Junior college, as speaker. Arranged by James F. Howe as a Rotary club activity, these conferences have resulted in the dissemination of much valuable information to students, according to Principal Thomas Ellison.

Wilson addressed some 65 students on the need for deciding on a life work that would be compatible with one's personality. He pointed out that those of a shy, retiring nature should not attempt the aggressive, top-sped, personal contact work that can be done better by those of a more extroverted nature.

Blind Victory

John Nelsen, blind owner of the "seeing eye" dog Rex, shown with him at right, meets Gov. Clarence Martin of Washington as the latter signs a bill allowing trained dogs to ride on all public carriers in the state with their blind masters. The sight of the blind marked the end of a long fight by the blind to gain recognition for their canine friends.

Artisans of District Plan Public Dance

Hundreds of Artisans in the Harbor District will attend the opening dance of their summer season Saturday, June 13, at the I. O. O. E. hall on the Roosevelt Highway in Lomita, it was reported today by Irvin Doll, dance chairman.

Members and friends of the lodge will dance to the music of the Woodman Brothers' six-piece colored orchestra. According to all reports from Lomita this will be the hottest dance band to ever play in the Harbor District. The public is invited to attend.

Equator Ship Retired
CAPETOWN (U. P.)—A steamer which has crossed the equator about 2,500 times, yet has never sailed the sea, has just ended her career after 25 years of service. She was the Clement Hill, the Central African lake steamer which has carried many famous travelers. The vessel operated on Lake Victoria.

Oil Activity Continues In Local Field

The Weber-Butler Oil company's No. 2 well near Hawthorne and Sepulveda boulevards is reported flowing at the rate of 255 barrels of 25.5 gravity, cutting less than one percent, from 4,515 feet, following a successful water shut-off.

Charles R. Butler, president of the company, says that his firm will drill a joint test setting well with Signal Petroleum west of Signal's project now being prepared to spud-in. Syver Oil company is preparing to start another project west of the Gilman No. 2 producer, it is reported.

Bass and Goodnight, Long Beach operators, are rigging up to spud their No. 12 on a 10-acre tract near the Abrams and Dearborn producers at Sepulveda and Hawthorne. Plans of the company call for four or more wells to be carried to the 4,500-to-4,800-foot Flint zone. Signal Petroleum is spudding a new test on a lease to the west of the Weber-Butler claim.

Timco Oil is reported finishing drilling on the Woolner No. 6 deepening job near 4,800 feet.

Torrance Students Win B. E. Degrees

William Loftus, 1434 El Prado, and Charles Montague, 1420 1/2 Marcelina avenue, were graduated from the University of California at Los Angeles Friday evening. Both young men received Bachelor of Education degrees and are members of the national fraternity Pi Delta Kappa. The graduation was held in Hollywood Bowl.
