**CHARLIE SAYS...**

"Primed and loaded are the nation's youngsters this week in preparation for a bawling, booming Fourth of July, which will see about \$3,000,000 worth of pyrotechnics go up in smoke.

"Firecrackers, Roman candles, and skyrockets comprise the larger purchases by Young America. Much confusion exists as to firecrackers vs. salutes. Manufacturers state firecrackers are up to two inches long, salutes from two to five. 'Safe and sane' agitation keeps salutes down to five inches.

"In the South more firecrackers are used at Christmas and New Year's than on the Fourth. 'Pyrotechnics are sold the year round, and the most unusual use of them is attributed to a South American general who kept an attacking army at bay for several hours by the use of the more noisy and colorful varieties.

"Yours for Stewart-Warner, 'Charlie LeBeuf.'

## Ban All Fireworks in County's Mountain Area

### Stocks Will Be Scanned for Fire Menace

No fireworks of any kind will be permitted in the mountain area of Los Angeles county, as a safeguard against fires, according to Spence Turner, county forester and fire warden. Merchants' stocks thruout Lomita and other unincorporated territory will be carefully scanned by deputies of the fire prevention bureau and by captains of fire companies to see that no fireworks on the banned list are displayed or sold. County ordinances specify what kinds may be sold, it was explained.

"It is unlawful to sell or possess any firecrackers, salutes, bombs, chasers, skyrockets, Roman candles, triangle wheels, pin wheels, balloons operated by means of any flame, or any fireworks, dynamite, phosphorus, nitroglycerine or other explosive substance or article capable of causing a conflagration," Turner explained.

There is no objection to the "safe and sane" varieties, however, except in watershed areas. These types, include fountains, lawn lights, colored sprays, pyroscopes, sidewalk spinners, cap pistols, paper cap torpedoes and many others.

Cooperation of the public in promoting a safe Fourth of July is urged, and a call to the county fire prevention bureau with regard to illegal fireworks will bring a deputy out to investigate. Merchants who have illegal fireworks in stock in unincorporated area run the risk of having their stocks confiscated, in addition to a maximum fine and sentence of \$100 and 30 days.

Orders went out to all division headquarters and patrol stations for a careful watch to insure that no fireworks of any kind are discharged in the mountains, where the danger of forest fires is always so great. Turner also ordered the County Fire Prevention Bureau and captains of engine companies to make a careful survey of merchants' stocks to see that no fireworks on the banned list are displayed or sold.

He also called upon the sher-

### Jane Traller Wins Year's Scholarship to Trojan School

Jayne Traller, daughter of Mr. and Mrs. Jesse E. Traller of 1304 Beech avenue, has been awarded a one-year scholarship at the University of Southern California, it was announced this week by Prof. Hugh C. Willett, director of admissions at the Trojan Institution. She was recently graduated at Compton Junior college and was a member of the Torrance high school class of 1935.

Valued at \$270 each, 35 scholarships were granted to students from 16 states in the university's annual nation-wide competition. Successful candidates who will enter the Los Angeles school in September include 19 men and 16 women scholars.

Standing high in scholastic ability, the local winner was recommended for the award by Scott Thompson, principal of Compton Jaycee.

### RALLY SPURS DRIVE FOR FAIR SITE

The message of the South Los Angeles exposition committee, seeking to locate the annual trade exposition in Harbor district was carried to approximately 8,000 people at last Sunday's rally at Vermont avenue and Roosevelt highway.

A substantial number of memberships were taken out by the visitors, who were reminded that the south end of Los Angeles must exert a great deal of effort to win the right for the fair, which is to be a part of the 1942 world's fair commemorating the landing of Cabrillo.

One important development came of Sunday's gathering. The committee is preparing to circulate petitions throughout the south end of Los Angeles. Tentative plans are for circulation of the petitions throughout the 55 Harbor District Chambers of Commerce. The next meeting of the organization will be held Tuesday, July 6, at Keystone Hall, 21922 South Main street and attendance of delegates from practically all of the chambers and civic organizations of the district is expected.
