CHURCHES OF CHRIST, SCIENTIST

"God created man in his own image, in the image of God created he him; male and female created he them." These words from the first chapter of Genesis are the Golden Text in the Lesson-Sermon on "Man" on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

A Scriptural selection in the Lesson-Sermon cites Paul's words to the Philippians: "Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but now much more in my absence, work out your own salvation with fear and trembling. For it is God which worketh in you both to will, and to do of his good pleasure. Be all things without murmuring and disputings: That ye may be blameless and harmless, the sons of God, without rebuke, in the midst of a crooked and perverse nation, among whom ye shine as lights in the world;..."

One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Truth and Love enlighten the understanding, in whose 'light shall we see light'; and this illumination is reflected spiritually by all who walk in the light and turn away from a false material sense." Christian Science reading room at 1208 El Prado. Public welcome.

Bible School at Lomita to Close Friday Evening

The daily vacation Bible school which has been in session for the past three weeks at the South Lomita church will end Friday with a closing program to be given at 7:30 o'clock in the evening. Many of the children will participate in the exercises and awards will be given for memory and notebook work. During the session the total registration of the school reached 185 and the average attendance was 90. The faculty is grateful for the support given by the Lomita community, every church being represented.

Religious Editor To Speak Here

Rev. Raymond Blight, editor of the Los Angeles Churchman, will be the second guest-preacher to occupy the pulpit Sunday at St. Andrew's Episcopal church. Last Sunday Chaplain Swain of the San Pedro Seaman's Institute was in charge of the services here. The resident vicar, Rev. Thomas Marshall, with his wife and baby daughter, Mary Catherine, are spending the week at San Diego enjoying their annual vacation.

Water Actually Burns GREENVILLE, Miss. (U.P.)—Hot water—it actually burns—has started a drilling campaign in Bolivar county. Oil companies sent scouts to the area when they heard rumors that water from wells contained so much natural gas that a match applied near an open faucet would start a flame.

STORE OWNER

GASTON J. ARCQ
... new name and ownership

In a full-page advertisement published in this edition of The Herald, Gaston J. Arcq announces a big birthday sale and at the same time reveals that he is now the owner of the La Mode Furniture store, formerly the Miller Furniture company, located for the past five years at 1513 Calhoun avenue. Arcq is one of this city's most progressive business men and his assumption of control is regarded as a forward step in the Torrance business life. He says he will continue to stock nationally-advertised merchandise and continue the same service and friendly credit that won many patrons for the Miller concern.

Lomita Church Camp Ends 1937 Season

The Lomita Community Presbyterian church camp at Big Pines closed Monday and the remainder of some 60 young people attending the annual outing returned home. The camp, with Rev. John E. Orr in charge, is reported to have been highly successful this year, supplying one and two-week outings at a nominal charge. Mrs. Orr, Mrs. George Key, Mrs. Ted Fraser and Mr. and Mrs. Oscar Edge assisted in directing camp routine.

New Pastor to Start Sunday

Rev. Frank Potter will begin his pastorate at the First Christian church here Sunday. He exchanged pulpits with Rev. George G. Elder last week, the latter being scheduled to start his work Sunday at the Community Christian church in Los Angeles. Rev. and Mrs. Potter moved here during the past week and are now located at 1503 Andrea avenue.

A Safety Tip FOR YOUR Labor Day Trip

TAPPING RUBBER TREES ON FIRESTONE PLANTATIONS IN LIBERIA
From the Firestone plantations in Liberia comes an ever-increasing supply of the world's finest rubber. Money saved here and in manufacturing and distribution enables Firestone to sell a safer, first-quality tire at lower prices.

Here's Why FIRESTONE STANDARD TIRES GIVE YOU MORE FOR YOUR MONEY

DON'T take chances on your Labor Day trip. Protect yourself and family by equipping your car with a set of new first-quality Firestone Standard Tires. Firestone builds extra quality and extra safety into these tires and sells them at lower prices because Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost.

YOU GET EXTRA PROTECTION AGAINST BLOWOUTS—eight extra pounds of rubber are added to every 100 pounds of cord because every fiber of every cord in every ply is saturated with liquid rubber by the Firestone patented Gum-Dipping Process. This counteracts the internal friction and heat that ordinarily cause blowouts.

YOU GET EXTRA PROTECTION AGAINST PUNCTURES—because there are two extra layers of Gum-Dipped cords under the tread. YOU GET EXTRA PROTECTION AGAINST SKIDDING—because the tread is scientifically designed.

YOU GET LONGER NON-SKID MILEAGE—because of the extra-tough, long-wearing tread. You need all of these features to make your car tire-safe on your Labor Day trip. Firestone gives them to you at lower cost. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires—today's top tire value.

DON'T RISK YOUR LIFE ON SMOOTH WORN TIRES!

DO YOU KNOW THAT last year highway accidents cost the lives of more than 38,000 men, women and children? THAT a million more were injured? THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to smooth, worn, unsafe tires?
