

## Even An Arab Is At Home Here

When the pretty Welcomes in the All-Year Club's Free Official Tourist Information Bureau at 505 West Sixth Street, Los Angeles, describe Los Angeles county's many attractions to visitors, they speak from personal knowledge for they have visited them all. Welcome Shippy Bullock has a special interest in the Kellogg Arabian Horse Farm at Claremont for there she made a pal of Rossin, descendant of a long line of Arabian Horse royalty. Rossin looks as if he envied those tourists who can walk in and be waited on by the Welcomes any day in the week.

## EYE OPENERS -- by Bob Crosby

**UNDER THE DIRECTION OF EMPEROR JUSTINIAN SILK WORMS** WERE FIRST SMUGGLED OUT OF CHINA BY TWO MISSIONARIES, WHO HID THEM IN THE HOLLOW OF THEIR **BAMBOO STAFFS**

About 2600 B. C., the silk industry was begun in China, and silk sold for its weight in gold in Greece and Syria. Death was the penalty for anyone who attempted to smuggle silk worms out of China. Two monks, by the use of bamboo staffs, succeeded in taking the precious silk worms out of the country in 550 A. D., at the secret bidding of Emperor Justinian.

When Frederick Albert Windsor said he would illuminate all of London with gas (about 1805), Napoleon called it "une grande folie" -- a Big Humber! Today, gas has more than a thousand uses and gas utilities employ 120,000 people. The industry represents thousands of stockholders' investments of more than five billions of dollars in equipment and buildings, pipe lines and city gas mains.

## J. C. Penney Store Cuts Work Hours; To Open at 9 a.m.

Beginning tomorrow, Oct. 1, the J. C. Penney company store here will open at 9 a. m., instead of 8 a. m., according to Manager Hillman Lee. The store will close at the usual time, 6 p. m., except on Saturday nights when it remains open to 8:30 o'clock.

Lee said that shorter hours for employees has increased efficiency and that he hopes the shopping public will even receive better service at the J. C. Penney store in the future.

**Safe Highway** BELLARE, O. (U.P.) -- Federal Avenue is surely the "ideal" street. Bordered the north side of the postoffice here, it has no vehicle traffic, no parking space, no traffic lights or problems and is 100 percent safe for children's play. Two families live there. The avenue is 50 yards long and 32 inches wide.

## 78-cent Grant To City Draws 'Wise Cracks'

A signed, sealed and attested document that awarded the city of Torrance an additional 78 cents towards the improvement of Torrance boulevard from Madrona avenue to South Susanna avenue, was duly read and acknowledged by the city council Tuesday night.

A grant of \$93 by the county board of supervisors had previously been made for the work, which will consist of concrete paving, the notice said. City councilmen were not very impressed with the additional sum and "wise cracks" were made about the 78-cent appropriation and its signed sealed and attested document.

## Collecting Lead Pencils is Hobby

STONINGTON, Conn. (U.P.) -- If you should ask Charles W. Opie if he's got a pencil, he'd probably say "sure," but try and get one of the 1,200 he has on hand.

Pencils are a hobby with Opie. His vast collection represents

pencils from 33 states, one territorial possession and three foreign countries. He has them on mats, each mat holding 50 different specimens. The collection comprises three classes: advertising, novelty and souvenir pencils.

**Crop for Weepers** WAUTOMA, Wis. (U.P.) -- Ed-

win Owens and his sons know their onions. They expect to collect about \$35,000 this year from 70 acres of that crop.

**Woman Wants to Be Sheriff** WANESBURG, Pa. (U.P.) -- The citizens of Green county will vote on a woman candidate for sheriff this fall for the first time in history.
