CHURCHES OF CHRIST, SCIENTIST

Paul's words to the Corinthians—"God is faithful, by whom ye were called unto the fellowship of his Son Jesus Christ our Lord." are the Golden Text on Sunday in the Lesson-Sermon on "Doctrine of Atonement" in all Christian Science Churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Lesson-Sermon includes these verses from Isaiah: "For thus saith the high and lofty One that inhabiteth eternity, whose name is Holy: I dwell in the high and holy place, with him also that is of a contrite and humble spirit, to revive the spirit of the humble, and to revive the heart of the contrite ones. . . I have seen his ways, and will call him; I will lead him also, and restore comforts unto him and to his mourners."

Among the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are the words: "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight. . . I have kept the faith,' because you are a better man. This is having our part in the at-one-ment with Truth and Love."

Christian Science reading room at 1208 El Prado. Public welcome.

China Boycott

A kindly policeman is shown urging a militant young Chinese girl to disband her picketing of a Japanese-owned store in San Francisco's Chinatown, where feeling over the Sino-Japanese war runs high.

Lomita Church Incorporates

Articles of Incorporation for the Calvary Evangelistic Church of Lomita have been issued by the secretary of state. Directors are Merle M. Maddy, Golle M. Lewis, Elmer W. Franzen and George W. Murphy of Lomita, and A. R. Baker of Harbor City. There is no capital stock.

Juvenile Worker to Talk at Church

The South Lomita church announces that Miss Helen H. Weightman, Sunday school supervisor for the Los Angeles county juvenile hall, will speak at the 7:30 o'clock service Sunday evening. A veteran of 20 years' service in her work, Miss Weightman will speak on "Christian Folk Asleep at the Wheel." Rev. Urban Hall, pastor, will speak at the 11 a. m. service on "When Will God Put Satan in Jail?"

Church Launching Member Canvass

St. Andrew's Episcopal church launched its every member canvass for 1938 last Sunday. The canvass will last for several weeks. The purpose of the canvass is to obtain pledges for the support of the local as well as the national church. Members of the church and non-communicants in attendance at church services will be called on individually by the canvass committee and asked to make their subscriptions.

Christian Science Radiocast Sunday

A radiocast program of Christian Science will be given over KFWB Sunday, Oct. 17, from 4:30 to 5 p. m., under the direction of the Christian Science Committee on Publication for Southern California in cooperation with the Federation of Protestant Churches of Los Angeles. The broadcast will be conducted by Horace W. Runkle, First Reader of 13th Church of Christ, Scientist, of Los Angeles, assisted by Donald Frazier, soloist, and Walter Allen, organist.

LATTER DAY SAINTS

1422 Engracia, Woman's club-house. F. P. Halling, bishop. Sunday school, 10 a. m. Evening service, 7 o'clock. Sacrament service.

GENEALOGICAL SOCIETY, Tuesday, 7:30 p. m.

FIRST CHRISTIAN CHURCH Engracia at Arlington avenues. Rev. F. T. Porter, pastor. Sunday school, 9:30 a. m. Topic "Right Speech." Morning service, 10:45 a. m. Topic "Christ the Way." Evening service, 7 p. m. Topic "Christ and Peter."

Get Up Nights? FLUSH KIDNEYS WITH

Juniper oil, buchu leaves, etc. Make this simple test if passage is scanty, irregular, smart or burns, have frequent desire, get up nights or if kidneys are sluggish causing backache. Use juniper oil, buchu leaves, etc., made into little green tablets called Bukets to flush the kidneys, just as you would use castor oil to flush the bowels. Help nature eliminate troublesome waste and excess acids. Ask any druggist for the test box of Bukets. Locally at Doley Drug Co.

Blow to Alondra Park Perfume Project Lessened by New Law

TORRANCE HIGH LIGHTS . . . by Carl Gilbert

Aud Call . . . An Aud call was held Monday for the purpose of fire prevention, safety in fire drills and practice in school songs. Principal Thomas Elson gave a short talk on safety first in fire drills, declared that students have taken too much time in getting out of the buildings in the past two fire drills. He further stated that students must not hold onto each other when they leave the buildings in fire drills. Elson said that the Safety Commission's purpose was to see that students get out of buildings quickly and safely.

Midge Higgins, student body president, introduced Mr. Lamb, fire commissioner, of this district, who gave an interesting talk on fire prevention, how to avoid fires and the necessity of caution. Lamb said that nearly \$500,000,000 were lost in fires every year and approximately 10,000 lives taken. He also said caution must be taken in burning rubbish and the time for burning rubbish in Torrance is from sun-up to 10 a. m.

Mrs. Lois Engel and Mrs. Marjorie Eschen, with the help of Peggy Woods taught the students songs that will be used at football games. Ralph Gilbert, yell king, said that students should practice more on songs than yells.

Decision Made . . . A decision was finally made after much discussion in regards to whether Ralph Gilbert was eligible to hold office in Torrance high school this semester.

Principal Elson finally came to the conclusion that Gilbert could hold office this semester since there was no record held against him. Gilbert is now yell king and Associated Student Body advertising manager.

P.T.A. Meets . . . The first meeting of the Torrance high school Parent-Teachers' Association was held Monday afternoon in the music room. Principal Elson spoke on "The School's Contribution to Peace." Tea was served at the close of the program.

Honors Bestowed . . . In a recent letter received from Jeanne Streiwieser, now in Venango, Nebraska, it was learned that she has had many responsibilities bestowed upon her at the school she is now attending. A few of them are: president of the senior class; reporter of the Junior club, a girl's group whose purpose is to teach them how to wear the proper make-up and how to appear socially. Jeanne has also been appointed sponsor of the freshman class and has had the honor of being substitute teacher of the third and fourth grades.

She was nominated for vice-president in Torrance high school last year and was associate editor of last year's annual.

Salute to Former Students . . . A salute should be paid to graduates of Torrance high school.

Johnny McFadden is now playing right end for Loyola varsity football squad. Bob Trezise is now playing first string quarterback for the freshman football squad at Loyola. Garland Johnson is also playing football this year as first string left end for Compton J.C. Roger McGinnis has been playing first string guard for the Riverside J.C. football squad. Both McGinnis and Johnson have been sitting on the sidelines for the past few weeks because of leg injuries. The abilities of these boys should show the coaches of other schools what kind of material Torrance high school produces.

Verbal Comments . . . It was announced Friday that Torrance high school was to get \$80,000 worth of auditorium in the near future. Here are a few comments made about this acquisition by teachers and students: Principal Elson: "With the new auditorium the school should have far better entertainment." Miss Parks, vice principal: "Good opportunity to have better and calls." Mrs. Boynton: "Hoary." John Haig, financial manager: "It should and will improve the morale."

Art Exhibit . . . For the past week the show cases in the Main and Science buildings have been decorated with Mexican art work of various sorts. Martha George has had charge of decorating the cases. She has had a great deal of help from teachers who have brought specimens of art work which they obtained in trips to Mexico. Miss Chase, art teacher, had a great deal to do with the exhibit.

Proposal to have the county forester engage in experimental work with perfume flowers in Alondra Park received another blow this week at the Hall of Records when the county counsel ruled that the research work would not fall within the jurisdiction of the forester, under the county charter.

County attorneys discovered, however, that the authority under the state law, passed at the last Legislature, is just about unlimited in the matter of experimental and research work that can be undertaken.

"Our examination of the new law discloses that it authorizes the board of supervisors of any county to engage in a kind of activity never before authorized by counties," the opinion written by Deputy County Counsel Claude McFadden, stated.

"The authority is great enough to authorize the supervisors to cause to be cultivated trees and plants and to determine by experiment and research whether any commercially feasible substitute can be developed for rubber, camphor, cotton, celluloid, leather, aniline dyes, and literally thousands of other products of industry," McFadden went on to state.

As for the county charter permitting County Forester Spence D. Turner to undertake the work, McFadden said it was "clear that the purpose to be served by the law is not for the beautification or maintenance of county-owned property but rather for the maintenance of an important commercial activity necessary to starting many possible new industries." Los Angeles Chamber of Commerce officials recently suggested that if the supervisors wish to have such experimental work undertaken that it be turned over to the State College of Agriculture.

Library Gains Improvements

Improvements to the public library building, suggested at a meeting of the library board yesterday afternoon, were granted by the city council last night when appropriations totaling in excess of \$300 were voted on Councilman James Hitchcock's recommendation.

The library is to receive a new desk as a gift of the Chamber of Commerce but the chamber is probably not aware of its generosity until its leaders read this. A motion was made that the city buy the desk from the chamber for \$15 was discarded when Councilman George V. Powell amended the measure to make the desk a gift from the civic booster association and this was adopted.

Other improvements are: installation of eight small book shelves, repair and painting the front doors of the reading center; purchase of five new gas heaters at a cost not exceeding \$300—the present heaters were declared to be voracious gas-eaters, and Councilman Tom McGuire said that the National Supply was preparing to make two iron gates for the library's back yard and donate them.

Officials to Attend Bus Dedication

Mayor William H. Tolson and Councilman George V. Powell will represent the city at the dedication Saturday morning in Redondo Beach of a new Greyhound bus to be known as "Redondo Beach." An invitation to the ceremonies and a luncheon which will follow was received by the city council last night from the Redondo Chamber of Commerce. Powell said "I would rather listen in on the football games" but promised to join the mayor in the acceptance.

of the school. It should also offer better entertainment." Midge Higgins, president of the Student Body: "I think it's about time, I wish the Winter '38 Class could have it when they graduate. I regret very much that I shall not be here to see its completion, for it should be a very beautiful building and an enormous advantage to Torrance high."

Art Exhibit . . . For the past week the show cases in the Main and Science buildings have been decorated with Mexican art work of various sorts. Martha George has had charge of decorating the cases. She has had a great deal of help from teachers who have brought specimens of art work which they obtained in trips to Mexico. Miss Chase, art teacher, had a great deal to do with the exhibit.

For Over 52 Years ROPER Has Made AMERICA'S FINEST GAS RANGES

See the Complete ROPER Line Now On Display
