Probation and Crime Report Given by Ford

Some 5,000 adults are on probation in Los Angeles county, of which 328 are women, according to Supervisor John Anson Ford of the board's probation department committee.

Average length of probation is three years and the department handles an average of 230 new cases each month. These 5,000 men and women represent only 80 percent of those who apply, the other 40 percent being refused probation because their life histories will not warrant it.

Almost half of the adult crime is committed by young men, the department's records show. Thirteen percent are still in their teens, 31 percent are under 25 years and 48 percent are under 30 years of age, the department's records show.

Birth announcements, wedding invitations, announcements, all kinds of social stationery are now available at the Torrance Herald at most reasonable prices.

Student Dances in Auditorium Meet Increasing Attendance

Altho the first student dance held two weeks ago in the Civic Auditorium under the direction of the Torrance Coordinating council went \$20 in the red, the deficit was made up by \$5 donations from Mayor William H. Tolson, Councilman James Hitchcock and the Kiwanis and Rotary clubs. The second dance showed a \$5 profit, according to a report given the council at its regular meeting this week in the city hall.

Tomorrow night a Halloween dance will be held for the young people with a committee from the 20-30 club serving as hosts and hostesses. This group will be composed of just three couples. A different organization is to supply the host-group each Friday night.

Would Curb 'Ganging'—The council heard an interest-

ing talk by the Junior Red Cross chairman from Los Angeles, who presented Mrs. Flora McDonald, local Red Cross chairman, with an honorary service pin and warmly complimented her for the splendid work she has done for the Red Cross. Mayor Tolson also spoke, giving a resume of how the Coordinating council came into existence here and in Los Angeles county.

A group of Walteria P. T. A. members asked the council to offer suggestions on how to direct the larger boys of that community who have been "ganging" for mischief work in the evenings toward something better to do. A number of suggestions were offered and Chairman Vernon Coil of the council said he would provide transportation for these boys to the student dance Friday night if they desired to go.

Monthly Relief Reports Going to Supervisors

Thirty-day reports on the trend of Los Angeles county's huge relief load are to be supplied the board of supervisors by the charities department, to keep the county board officials fully informed, Rex Thomson, superintendent, said today.

Thomson filed his first report with the board, for the month of August, explaining that it had taken more than six weeks to compile the data.

"The county charities depart-

ment now exercises control over only 18.9 percent of its relief expenditures," Thomson explained in commenting on the growth of the county's relief load. "In 1932 the department was able to exercise some measure of control over 86.1 percent."

Green Lights Synchronized SALEM, Ore. (U.P.)—With the new street lighting system synchronized, it is possible for motorists traveling at approximately 15 miles per hour to pass entirely through Salem without stopping.
