Extra Forms for Registration of Employers Here

A supply of the forms to be used for the "registration of employers" for the California Department of Employment, subject to the state Unemployment Reserves Act, has been received by the Torrance Chamber of Commerce.

These are in addition to the 50,000 forms recently mailed out by the department and will be given out by Secretary L. J. Gilmeister to any employer of four or more wage-earners who fail to receive the mailed cards. Employers who register by filling out the forms and returning them to Sacramento will not be required to pay contributions for 1937, according to Carl L. Hyde, executive director of the Department of Employment. But if they hired from four to seven persons inclusive on 20 days, each day being in a separate calendar week, during 1937 they are subject to pay beginning with January, 1938. Hyde points out that failure to register is a misdemeanor.

Burglars Enter Two Homes Here

Two burglaries were reported to police here by two local housewives as taking place in their homes some time last Friday night, according to police records. Both were made while the families were asleep.

Mrs. Al Jansen of 1408 Annapolis avenue told officers that \$4.80 in currency, keys including two for automobiles, and a purse was taken from her home. Entrance was gained by the thief thru a French window after the screen had been removed.

Mrs. C. L. Harold, 1020 Cuvans avenue, had a pocketbook removed from a clothes closet in the living room by a marauder who left it on the front lawn. The burglar got into the home by forcing a back door lock.

Night Hunters Fined
PUEBLO, Colo. (U.P.)—Heavy night shooting of rabbits has caused a crusade by peace authorities in this area against the sport.

COLUMBIA'S PICKLING DEPARTMENT

Employees of Columbia Steel's Pickling department here have a total service record of 71 years, according to the current issue of The Steel Blade, workers' publication. This is an average of four years and two months per man. Members of this department are:

Left to right standing—C. L. Mackey, W. F. Holloman, E. W. Lancaster, M. C. Miller, J. McCracken, E. Falk, E. Persell. Bottom row, left to right—Palmer Thomas, P. Craciolo, W. Micheau, C. Comer, E. Vincent.

Left to right—J. Neich, L. Clounch, J. A. Shaffer, J. Cook, J. Higgins.

Man Hunt Forgets Ammunition

FORT WORTH, Tex. (U.P.)—Armed with two dogs, a shotgun and two pistols, a 60-year-old Fort Worth man took a few swigs and set out to find a neighbor. Police sent him back

home.

A few hours later, he again set out to find the neighbor, and ended up at a hospital for treatment for a lacerated scalp and eye cut. He had neglected to load his weapons.

Thompson Says Chevrolets Are Winning Acclaim

In a statement made yesterday, Ed Thompson, local Chevrolet dealer, reported heavy buying of the new 1938 Chevrolet, first showing of which was made last Saturday at 1600 Cabrillo avenue.

"There are several reasons for the unusual record of sales of the new Chevrolet," Thompson said. "In the first place, the large number of orders we have received reflect buyer preference for the beautiful styling of the new cars and appearance goes a long way toward influencing the buyer."

"People are also economy-minded today when it comes to gas and oil expense, and the Chevrolet reputation in this respect is a big factor. A number of refinements have been made this year that contribute both to performance and economy, and car buyers insist on both of these qualities. Interiors of the new cars are beautifully and luxuriously finished and this has an extra strong appeal among women."

Early Orders Essential
"There is one more reason why sales are so heavy," Thompson continued. "Early fall new car introductions are encouraging more and more people to buy a new car at this season of the year, so they can enjoy the extra winter driving safety and security of a new car."

Thompson is recommending early placing of orders for the new cars, even to those who do not plan taking immediate delivery. As he pointed out, demand for the new Chevrolets is so heavy that the surest way to avoid disappointment is for the buyer to select the car now and give the approximate day when he will want delivery.

Tom Mitchell's Buy Worcester Home on El Prado

Mr. and Mrs. Thomas A. Mitchell have purchased the lovely George Worcester home on El Prado and will occupy it about Dec. 1. It was learned this week B. C. Buxton, local realtor at 1900 Torrance boulevard, negotiated the sale. The Worcesters are living in Pasadena.

Mitchell is vice-president of the Hughes-Mitchell Processes company located on Normandie avenue near Torrance. He has taken a lively interest in local affairs and with Mrs. Mitchell is planning extensive improvements and renovations to their new residence.

Former Resident Dies in England

Word was received here this week by Attorney Albert Isen from Kate Clarkson that her husband Edward had succumbed in England, Oct. 10, from pneumonia as result of injuries sustained when he fell 30 feet from a tree.

The Clarksons lived here for a number of years until about 1935 when they moved to Doncaster, Yorkshire, England. Mr. Clarkson, who was 58 years old, was employed at the National Supply company when he lived here and the couple had a great many friends in this community.

Mrs. Clarkson, who intends to remain in England, wrote Isen that her husband was saving branches from a tall tree when one gave way and despite a rope around his waist for protection, he fell to the ground. The funeral was held Oct. 13. Mrs. Clarkson, Isen said, would appreciate hearing from old friends here. Her address is 30 Townmore avenue, Doncaster, Yorkshire, England.

Dayhoff Chow Wins Ribbons

Five more ribbons were added to the collection of trophies won by Yap Oh Pang of Tse Ho, 11-months-old Chow owned by Mr. and Mrs. R. W. Dayhoff of 1511 Cedar avenue, as result of his appearance in the Ambassador dog show, Oct. 30-31. Yap accumulated the honor in four classes.

The Dayhoffs have added a four-months-old female show, whose Chinese name is Mai Ling Chu of Lee Wan, to their kennel and they plan to start her toward a championship rating when she is six months old.

Vita-Bloom*

HOSIERY

with Custom Fit Top

*This Patent
Process is
Exclusive with
Phoenix.

- It's Softer
- More Radiant
- Has Unusual Thread Vitality!

NOTHING LIKE IT BEFORE!

VITA-BLOOM is an entirely NEW method of manufacture which RESTORES the natural organic matter... protein... that is removed from hosiery in one of the dyeing processes. The result is the rebuilding of the fibre to a firm solid mass. This provides a freshness, a "vitality" like in no other hosiery. In addition it has a radiance that is compared only to the "bloom" of a rose petal. Thus the name "VITA-BLOOM." Come in and see for yourself the wonderful new PHOENIX "Vita-Bloom" Hosiery we have just received.
