HUMAN INTEREST RUNS HIGH IN CHILDREN'S MISSIVES

Does the younger generation in Torrance believe in Santa Claus? Just take a look at the mail sent that old North Pole resident which is printed below by special arrangement with Santa himself! There is a lot of good reading in those letters, all of them by boys and girls you know. Last week The Herald published 92 other Santa Claus letters. The remainder of those deposited in the special mail box at the triangular park at Marcelina and Sartori avenues will be printed next Thursday. The letters are published exactly as they were written by the youngsters who are anticipating a personal visit from the object of their affections on Christmas Eve.

Now Folks ...

Listen! This Christmas out of necessity must be Practical. We won't be able to Splurge!

But we can be sensible and don't kid ourselves. Just spend the cash you have ONLY and make it go around.

Most any Boy or Girl will be pleased with Skates. Mother desires a Pyrex Dish, and Dad a new Pocket Knife, a nice football or hand ball.

There are so many nice things that are sensible that will please.

And then, why not redecorate the kitchen: in fact, the complete house, that all will enjoy? And if it is SHERWIN-WILLIAMS, it will be better yet.

By all means, don't kid yourselves into DEBTS. Just ask for what you want. I have it or will get it for you and save you cash.
